VISION STATEMENT

"To be the leading wealth management firm by offering global investment advice trusts services, family estate planning etc for all Pakistani clients whether based in Pakistan or abroad".

DIRECTORS' REPORT TO THE UNIT HOLDERS FOR THE YEAR ENDED JUNE 30, 2022

On behalf of the Board of Directors, I am pleased to present the Financial Statements of Alfalah GHP Income Multiplier Fund (AGIMF), Alfalah GHP Cash Fund (AGCF), Alfalah GHP Islamic Stock Fund (AGISTF), Alfalah GHP Alpha Fund (AGAF), Alfalah GHP Value Fund (AGVF), Alfalah GHP Sovereign Fund (AGSOF), Alfalah GHP Income Fund (AGIF), Alfalah GHP Stock Fund (AGSTF), Alfalah GHP Money Market Fund (AGMMF), Alfalah GHP Islamic Income Fund (AGIIF), Alfalah GHP Prosperity Planning Fund (AGPPF), Alfalah GHP Islamic Prosperity Planning Fund (AGIPPF), Alfalah GHP Islamic Dedicated Equity Fund (AGIDEF), Alfalah GHP Islamic Value Fund (AGIVF), Alfalah Islamic Rozana Amdani Fund (AIRAF), Alfalah GHP Islamic Prosperity Planning Fund (AGIPPF-II CP 6) and Alfalah Consumer Index Exchange Traded Fund (ACIETF) for the year ended June 30, 2022.

Economy Overview

Government projects GDP growth for FY22 to clock at 5.97% compared to 5.74% in FY21. GDP growth remained high due to initiatives taken by the Government and SBP to promote the construction sector like Naya Pakistan Housing Scheme and mandatory limits being assigned to Banks for lending to the sector. Moreover, agricultural sector is also set to depict decent growth due to surge in agricultural sector credit, urea sales and increase in output of key crops like sugarcane, cotton and rice.

Massive increase in imports due to rise in economic activity, upbeat commodity prices and some extraordinary imports including Covid-19 vaccines and machinery imports under TERF has resulted in external account pressures in FY22 as CAD for FY22 has clocked at USD 17.41bn compared to a deficit of USD 2.82bn in same period last year. Moreover, remittances, which remained a key support in the backdrop of travel restrictions, have now started to lose pace, therefore, CAD for the current fiscal year clocked at 4.5%-5% of GDP, however, mean reversion of global commodity and energy prices should provide respite to CAD.

On account of huge monthly CAD numbers, the exchange rate faced immense pressure as PKR depreciated by almost 26% from its recent peak of 152.2 hit during the month of May 2021 to 204.85 on June 30, 2022. Subsequent to June end, the PKR slipped to an all-time low level of 239.94 but since then has recovered to 215.49. Any major fall in commodity and energy prices and resumption of the IMF program might provide more support to PKR in the medium term.

Moreover, extraordinarily high commodity and energy prices along with adjustment in power tariff to resume the paused IMF program has caused inflation to cross double digits from November 2021 and onwards. With adjustment in petroleum products and utility tariffs in accord with the IMF program, inflation is expected to average between 20%-22% for FY23 till the high base effect kicks in FY24. In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate to 15% by almost 800bps from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to the Rupee.

On the fiscal front, tax revenue has surged handsomely by 29% for FY22 compared to last year, surpassing FBR's target by 0.4%. As per tax revenue breakup for FY22, direct tax revenue has increased by 31% while indirect taxes including duties and sales tax have increased by 28%. Growth in economic activity, implementation of Point of Sales, Track and trace systems and hike in commodity prices have been main reasons for achievement of this feat. Moreover, higher development expenditures and Covid-19 spending has resulted in fiscal deficit to arrive at 5.2% of GDP for 11MFY22 compared to 3.9% for same period last year. The Government expects Fiscal deficit for the year to remain close to 7.1% of GDP.

Equity Market Review

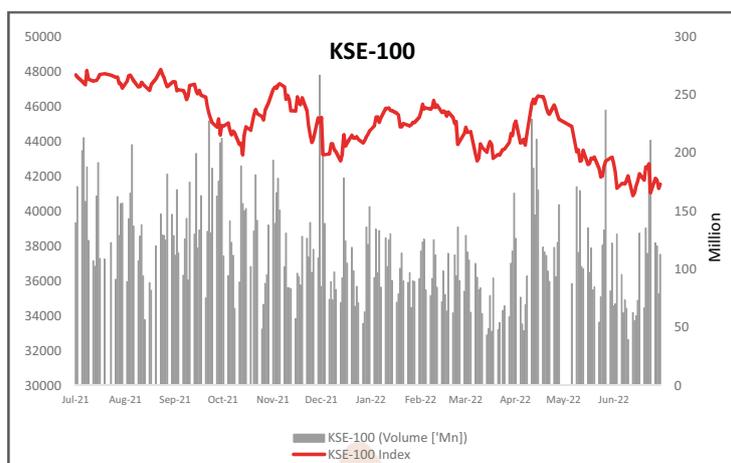

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result of this downgrading, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

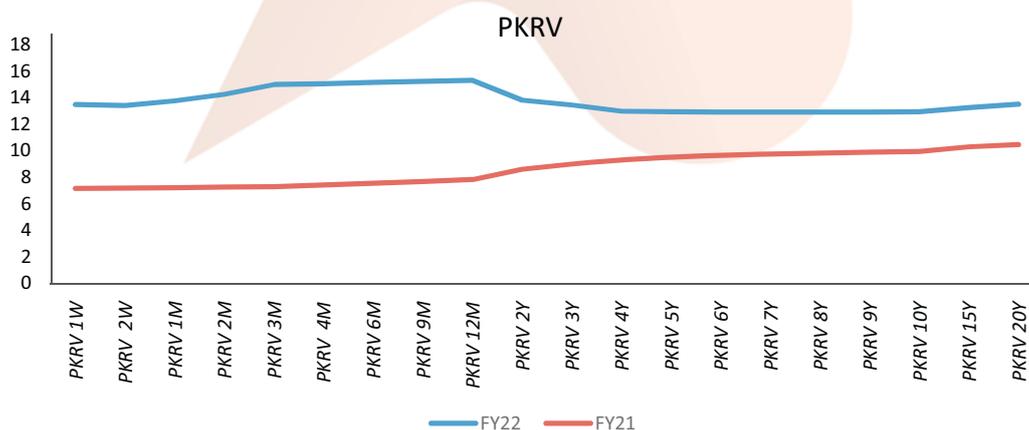

Money Market

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy significantly. Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

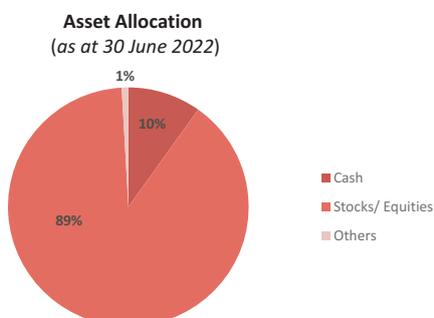

The next monetary policy is scheduled on August 22, 2022, where another hike in the policy rate cannot be ruled out as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Fund Operations and Performance

Alfaluh GHP Alpha Fund

During FY22, AGAF earned a return of -17.98% versus the benchmark (KSE-100) return of -12.28% during the same period.

Alfalsh GHP Cash Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Conventional Money Market Scheme

Investment Objective

The investment objective of Alfalah GHP Cash Fund (AGCF) is to provide regular stream of income at comparative rate of return while preserving capital to extent possible by investing in assets with low risk and high degree of liquidity from a portfolio constituted of mostly money market securities and placements.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive return as compared to peer funds with minimum possible risk through investing in low duration money market instruments within the guidelines provided under NBFC rules.

Money Market Review

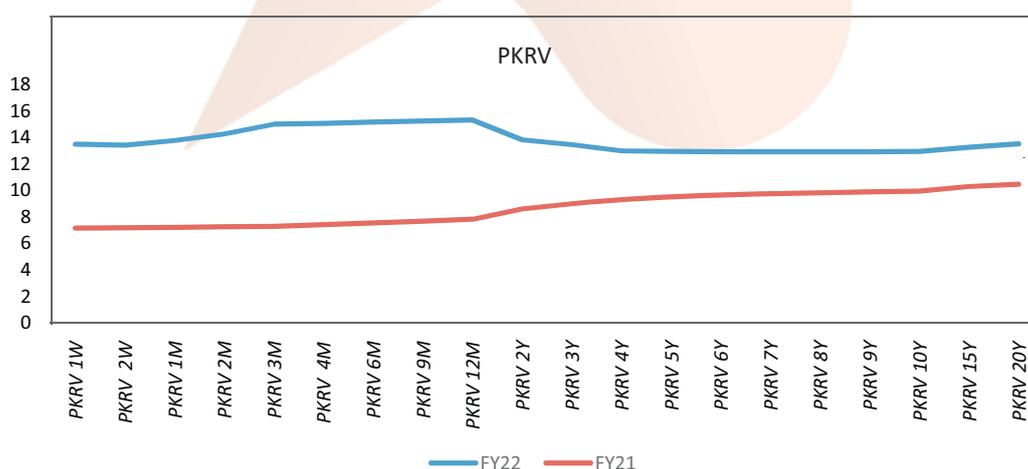

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

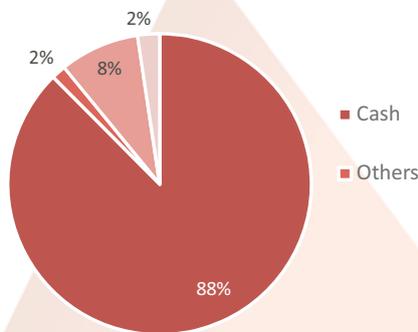

Fund Performance

For the year ended June 31, 2022 the fund posted a return of 11.01% against the target benchmark of 9.32%.

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP CASH FUND

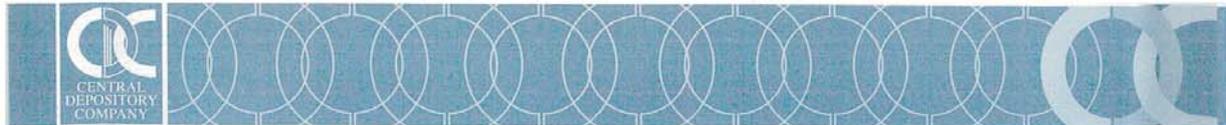

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Cash Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Cash Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Cash Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at **30 June 2022**, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments held by the Fund represent 99.12% of the total assets of the Fund as at the period end.	<p>We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following:</p> <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.

-: 2 :-

Key audit matter	How our audit addressed the key audit matter
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

-: 3 :-

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

-: 4 :-

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

ALFALAH GHP CASH FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** Alfalah GHP Cash Fund (the Fund) is an open-ended Fund constituted under a trust deed entered into on October 23, 2009 between Alfalah GHP Investment Management Limited (the Management Company) and Central Depository Company Limited (CDC) as the Trustee. In 2012, the first supplemental trust deed for change of trustee and amendment of trust deed of the Fund was executed and MCB Financial Services Limited was appointed as the new Trustee. On October 10, 2019, a supplemental trust deed for change of trustee and amendment of trust deed of the Fund was executed and Central Depository Company of Pakistan Limited was appointed as the new Trustee. The Securities and Exchange Commission of Pakistan authorised the constitution of the Trust Deed on June 13, 2012 and it was executed on June 21, 2012 in accordance with the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).
- 1.2** The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.3** The Fund is categorised as a 'money market scheme' pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund. The Fund offers two types of units, Growth and Income. Growth unit holders are entitled to bonus units and Income unit holders are entitled to cash dividend at the time of distribution by the Fund.
- 1.4** According to the Trust Deed, the objective of the Fund is to provide a regular stream of income at competitive rate of return while preserving capital to the extent possible by investing in assets with low risk and a high degree of liquidity from a portfolio constituted mostly of money market securities and placements.
- 1.5** The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 03, 2022 and AA(f) to the Fund in its credit rating report dated April 08, 2022.
- 1.6** The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act and on September 17, 2021. The above mentioned Trust Deed has been registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on 17 September 2021.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- i. Classification and valuation of financial assets (notes 3.2.1 and 5)
- ii. Provision against Sindh Workers' Welfare Fund (note 10.1)
- iii. Provision against Federal Excise Duty (note 7.3)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured at 'fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Classification and subsequent measurement

3.2.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL) based on the business model of the entity

Based on the business model of the entity, however, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.2.2 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted around that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

3.2.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.2.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognise deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.7 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.10 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.11 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Unrealised gains / losses arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are recorded in the period in which these arise.
- Profit from Market Treasury Bills and Letter of placements are recognized on time proportionate basis using the effective yield method.
- Profit on bank balances is recognised on accrual basis.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.14 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

4	BANK BALANCES	Note	2022 ----- (Rupees) -----	2021
	In saving accounts	4.1	<u>10,343,479,170</u>	<u>4,636,051,254</u>

6 ADVANCE TAX AND PREPAYMENT

Advance tax	6.1	58,895	29,368
Prepaid rating fee		64,400	369,767
Prepaid professional fee		-	119,139
		123,295	518,274

- 6.1** As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 151 and 150. However several withholding agents deduct tax at source based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the cumulative amount of withholding tax has been shown under other receivable as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

7	PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY	Note	2022	2021
		----- (Rupees) -----		
	Payable to Alfalah GHP Investment Management Limited - Management Company	7.1	1,295,525	1,007,879
	Sindh sales tax payable on management remuneration	7.2	1,570,887	1,542,458
	Federal excise duty payable on management remuneration	7.3	9,810,527	9,810,527
	Sales load payable		6,785	-
	Selling & Marketing Expense	7.4	5,051,927	236,256
			<u>17,735,651</u>	<u>12,597,120</u>

- 7.1** During the year, the Management Company has charged remuneration at the rate of upto 0.21% (2021: at the rate of 0.21%) of average annual net assets of the Fund, calculated on a daily basis. The remuneration is paid to the Management Company on a monthly basis in arrears.
- 7.2** During the year, an amount of Rs. 1.952 million (2021: Rs. 1.459 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 1.74 million (2021: Rs. 1.45 million) has been paid to the Management Company which acts as a collecting agent.
- 7.3** The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 7.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 11.40 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at 30 June 2022 would have been higher by Rs 0.42 per unit (2021: Rs 1.07 per unit).

- 7.4** The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan. Accordingly, Management Company has charged allocated expenses to the Fund based on its discretion subject to not being higher than actual expense.

Accordingly, Management Company has charged actual selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company (except fund of funds).

8	PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		----- (Rupees) -----		
	Trustee remuneration payable	8.1	556,009	411,650
	Sindh sales tax payable on trustee remuneration	8.2	74,072	55,303
			<u>630,081</u>	<u>466,953</u>

- 8.1** The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed. During the year, the Trustee has charged remuneration at the rate of 0.055% per annum of net assets of the Fund (2021: 0.065% per annum of net assets of the Fund).
- 8.2** During the year, an amount of Rs. 0.58 million (2021: Rs. 0.45 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 1.93 million (2021: Rs. 0.45 million) was paid to the Trustee which acts as a collecting agent.

9 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
		----- (Rupees) -----	
Annual fee payable	9.1	<u>1,573,352</u>	<u>1,068,632</u>

9.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

10 ACCRUED AND OTHER LIABILITIES	Note	2022	2021
		----- (Rupees) -----	
Withholding tax payable		23,796,166	17,944,206
Provision for Sindh Workers' Welfare Fund	10.1	-	23,344,667
Auditors' remuneration payable		887,895	809,240
Brokerage payable		318,888	255,133
Printing charges payable		122,305	116,012
Other payables		295,446	431,423
Sales Load Payable		3,995,752	522,961
		<u>29,416,452</u>	<u>43,423,642</u>

10.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

12 PROFIT / MARK-UP INCOME	2022	2021
	----- (Rupees) -----

	<u>881,251,645</u>	<u>395,022,541</u>

13 AUDITORS' REMUNERATION

Audit fee	315,000	315,000
Review and other certifications	211,000	211,000
Out of pocket expenses	60,880	60,880
Sindh sales tax	46,950	46,950
	<u>633,830</u>	<u>633,830</u>

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 0.42% which includes 0.052% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per section 4B of the Income Tax Ordinance, 2001.

Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2022 to the unit holders in the manner as explained above, therefore, no provision for taxation has been made in these financial statements.

19 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the Fund is not exposed to currency risk as all the transactions are carried out in Pakistani Rupees.

19.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The interest rate profile of the Fund's interest bearing financial instruments is as follows:

	Note	2022 -----Rupees-----	2021
Variable rate instrument (financial asset)			
Bank balances	4	<u>10,343,479,170</u>	<u>4,636,051,254</u>
Fixed rate instruments (financial assets)			
Short Term Sukuk		1,032,471,222	-
Commercial Paper		<u>276,281,028</u>	<u>-</u>
		<u>1,308,752,250</u>	<u>-</u>

a) Sensitivity analysis for variable rate instrument

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement by Rs. 103.42 million (2021: Rs. 46.39 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement by Rs 12.09 million (2021: Rs Nil) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

Cumulative interest rate sensitivity gap		<u>4,636,051,254</u>	<u>4,636,051,254</u>	<u>4,636,051,254</u>		

19.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

As at reporting date, the Fund is not exposed to price risk.

19.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligations as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

19.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
(Rupees)				
Bank balances	10,343,479,170	10,343,479,170	4,636,051,254	4,636,051,254
Investments	1,308,752,250	-	-	-
Profit receivable on bank balances	19,933,039	19,933,039	361,086	361,086
	<u>11,672,164,459</u>	<u>10,363,412,209</u>	<u>4,636,412,340</u>	<u>4,636,412,340</u>

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

19.2.2 Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Bank Name	Rating agency	Rating (Short Term / Long Term)	2022	2021
			Percentage of total bank balances	
Bank Alfalah Limited	PACRA	A1+ / AA+	18.43%	0.00%
Allied Bank Limited	PACRA	A1+ / AAA	30.52%	99.99%
Bank Al Habib Limited	PACRA	A1+ / AAA	0.00%	0.00%
Samba Bank Limited	VIS	A-1 / AA	0.00%	0.00%
Habib Bank Limited	VIS	A-1+ / AAA	51.03%	0.01%
Faysal Bank Limited	VIS	A-1+ / AA	0.01%	0.00%
The Bank of Punjab	PACRA	A1+ / AA+	0.00%	0.00%
MCB Bank Limited	PACRA	A1+ / AA+	0.00%	0.00%
			<u>100.00%</u>	<u>100.00%</u>

19.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds' portfolio of financial instruments is mainly held with various banks having reasonably high credit rating.

19.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

19.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund did not hold any financial assets measured at fair value.

19.5 Unit holders' fund risk management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues unit in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required make necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officers of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gain as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

20 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors, credit rating of the Fund and the Management Company of the Fund as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

21 CORRESPONDING FIGURES

Corresponding figures have been re-classified, re-arranged or additionally incorporated in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications were made in these financial statements.

22 GENERAL

22.1 Rounding off

Figures are rounded off to the nearest rupee.

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Money Market Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Money Market Scheme

Investment Objective

To generate competitive returns consistent with low risk from a portfolio constituted of short term instruments including cash deposits, money market placements, and government securities.

Accomplishment of Objective

The Fund has achieved its objective of generating regular income by investing in mid to low duration fixed income instruments within the guidelines provided under NBFC rules.

Money Market Review:-

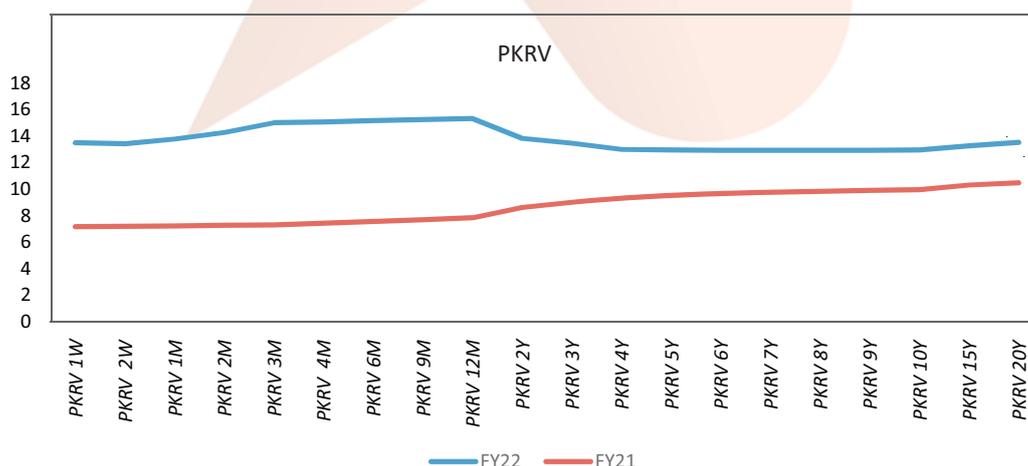

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

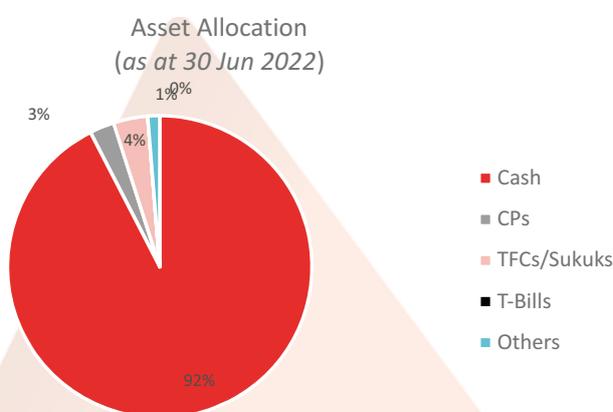

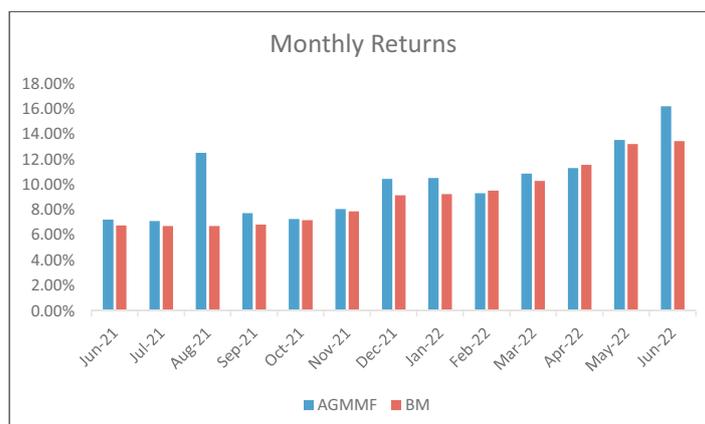

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Fund Performance

For the year ended June 30 2022, the fund posted a return of 10.93% against the benchmark of 8.95%.

Credit Quality (as % of Total Assets)			
Govt. Guar.	0.00%	A	0.00%
AAA	64.00%	A-	0.00%

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP MONEY MARKET FUND

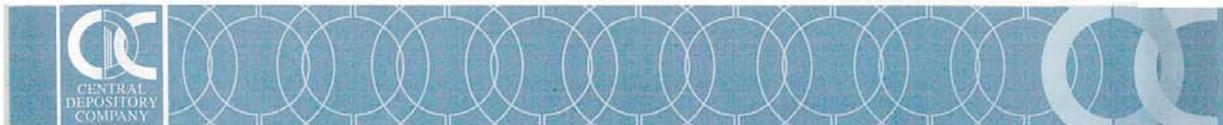

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Money Market Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi: September 16, 2022

INDEPENDENT AUDITOR’S REPORT

To the Unit Holders of Alfalah GHP Money Market Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah GHP Money Market Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders’ fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants’ *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 1,815.14 million and bank balances aggregated to Rs. 26,625.92 million. The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Affix

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

ALFALAH GHP MONEY MARKET FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Alfalah GHP Money Market Fund (formerly IGI Money Market Fund) (the Fund) is an open-end collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between IGI Funds Limited, (Former Management Company) and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Trust Deed was executed on March 04, 2010. On October 15, 2013, the management rights were transferred from the Former Management Company to Alfalah GHP Investment Management Limited (the Management Company) by sanctioning of order by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SCD/NBFC-II/IGIFL and AFGHP/742/2013. The SECP has approved second Supplemental Trust Deed, under the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations), vide its letter No. SCD/AMCW/AGISF/238/2015 dated February 03, 2015 to modify and restate the previous Trust Deed to effectuate renaming of the Fund to Alfalah GHP Money Market Fund.

The Trust Act, 1882 had been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act and on September 9, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.

1.3 The Fund is categorised as a 'money market scheme' pursuant to the provisions contained in Circular 7 of 2009 issued by the SECP and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.4 According to the trust deed, the objective of the Fund is to generate competitive returns consistent with low risk from a portfolio constituted of short term instruments. The Fund invests in cash deposits, money market placements and government securities. The investment objectives and policy are explained in the Fund's offering document.

1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022 and has maintained the stability rating of the Fund to AA+ (f) on April 08, 2022.

1.6 Title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's accounting period beginning on July 1, 2021. However, these are considered either to be not relevant or to not have any significant impact on the Fund's financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and valuation of financial assets (notes 3.2.2 and 5)
- Impairment of financial assets (note 3.2.2.1 and 3.2.3)

2.5 Accounting Convention

These financial statements have been prepared under the historical cost convention, except for investments measured 'at fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.2.2 Classification and subsequent measurement

3.2.2.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL)

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.2.3 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and

- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.2.3.1 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's Circular.

3.2.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Element of income / (loss) and capital gains / (losses) included in the prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.10 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.11 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Unrealised gains / losses arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are recorded in the period in which these arise.
- Income on sukuk certificates, term deposit receipts, commercial paper, letter of placement, certificate of investment and government securities is recognised on a time proportionate basis using the effective yield method, except for the securities which are classified as Non-Performing Asset under Circular No. 33 of 2012 issued by the SECP for which the profits are recorded on cash basis.
- Interest income on bank balances is recognised on an accrual basis.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.14 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

4. BANK BALANCES

	Note	2022	2021
		(Rupees)	
Balances with banks in:			
Current account		6,214,297,444	14,000,098,330

6. ADVANCES, PREPAYMENTS AND PROFIT RECEIVABLE

Profit receivable on:			
Sukuk certificates		36,047,617	5,164,381
Bank balances		33,751,266	2,461,864
Advance Tax	6.1	789,610	400,490
Prepaid professional fee		-	134,532
Prepaid credit rating fee		237,362	267,107
		70,825,855	8,428,374

- 6.1 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 150 and 151. However, during the year ended June 30, 2022, withholding tax on profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholdee. The tax withheld on profit on debt amounts to Rs. 0.79 million (2021: Rs. 0.4 million)

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Honourable Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other asset management companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund has been shown as advance tax as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

	Note	2022	2021
		(Rupees)	
7. PAYABLE TO THE MANAGEMENT COMPANY			
Management remuneration payable	7.1	6,831,088	6,177,192
Sindh sales tax payable on management remuneration	7.2	1,457,360	1,372,358
Federal excise duty payable on management remuneration	7.3	11,119,352	11,119,352
Selling and marketing expenses	7.4	8,381,943	600,000
Sales load payable		10,539	1,321
		27,800,282	19,270,223

- 7.1 As per Regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Accordingly, the Management Company has charged its remuneration variably keeping in view the overall return and the total expense ratio limit of the Fund subject to the maximum limit of 0.35% of average annual net assets as disclosed in the offering document. The remuneration is paid to the Management Company on a monthly basis in arrears.

- 7.2 During the year, an amount of Rs. 10.750 million (2021: Rs. 11.564 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 10.665 million (2021: Rs. 11.684 million) has been paid to the Management Company which acts as a collecting agent.

7.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 11.119 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan.

Had the provision for FED not been recorded in these financial statements of the Fund, the net asset value of the Fund as at June 30, 2022 would have been higher by Re. 0.0384 per unit (June 30, 2021: Re. 0.0406 per unit).

7.4 The SECP has allowed the Asset Management companies to charge selling and marketing expenses to all categories of open-end mutual funds upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company.

8. PAYABLE TO THE TRUSTEE	Note	2022	2021
		----- (Rupees) -----	
Trustee remuneration payable	8.1	1,062,810	1,136,123
Sindh sales tax payable on trustee remuneration	8.2	139,156	148,687
CDS charges payable		153,711	-
		<u>1,355,677</u>	<u>1,284,810</u>

8.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed. During the period, the Trustee has charged remuneration at the rate of 0.065% per annum from July 1, 2021 till September 30, 2021 and at 0.055% per annum from October 1, 2021 till June 30, 2022 of average annual net assets of the Fund (2021: 0.065% per annum of net assets of the Fund).

8.2 During the year, an amount of Rs. 1.839 million (2021: Rs. 1.695 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 1.849 million (2021: Rs.1.646 million) was paid to the Trustee which acts as a collecting agent.

9. ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
		----- (Rupees) -----	
Annual fee payable	9.1	<u>4,907,705</u>	<u>4,012,324</u>

9.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

10. ACCRUED AND OTHER LIABILITIES	Note	2022	2021
		----- (Rupees) -----	
Provision for Sindh Workers' Welfare Fund	10.1	-	104,303,538
Sales load payable		3,962,445	4,844,127
Withholding tax payable		376,590	811,858
Capital gain tax payable		5,391,224	519,691
Brokerage and settlement charges payable		52,952	94,334
Auditors' remuneration payable		349,208	215,761
Printing charges payable		105,773	99,245
Zakat payable		16,669	-
Professional and legal charges payable		41,791	-
Other payable		2,551,878	-
		<u>12,848,530</u>	<u>110,888,554</u>

- 10.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds had accordingly made provision in respect of SWWF as recommended by MUFAP.

During the year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and all the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in the financial statements of the Fund.

11. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

12. PROFIT / MARK-UP INCOME

Profit / mark-up income on:

	2022	2021
	----- (Rupees) -----	
- Market Treasury Bills	730,629,492	869,828,287
- Letters of placement	250,340,821	68,047,702
- Term deposit receipts	1,446,164	12,739,726

- Sukuk certificates	44,428,394	5,164,381
- Certificates of Investment	-	26,843,833
- Bank balances	1,483,013,370	457,072,393
	<u>2,560,426,340</u>	<u>1,488,647,196</u>

13. AUDITORS' REMUNERATION

Audit fee	132,000	120,000
Review and other certifications	286,154	105,000
Out of pocket expenses	29,866	27,000
Sindh sales tax	35,840	18,000
	<u>483,860</u>	<u>270,000</u>

14. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 0.54% which includes 0.072% representing government levies on the Fund such as sales taxes and annual fee to the SECP etc. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

15. TAXATION

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of the Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2022 to the unit holders in the manner as explained above, therefore, no provision for taxation has been made in these financial statements.

17. TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at terms determined in accordance with market rates. The management considers that the transactions between the related parties / connected persons are executed in accordance with the parameters defined in the Offering document, trust deed and NBFC regulations which are publicly available documents and hence, the transactions are considered to be on an arm's length basis.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and price risk.

19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

19.1.2 Yield / Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2022, is as follows:

	2022	2021
	----- (Rupees) -----	
Variable rate instruments (financial assets)		
Bank balances	20,411,626,609	11,335,755,063
Sukuk certificates	1,050,000,000	369,500,000
	<u>21,461,626,609</u>	<u>11,705,255,063</u>
Fixed rate instruments (financial assets)		
Commercial papers	<u>765,139,519</u>	<u>1,300,872,267</u>

a) Sensitivity analysis for variable rate instrument

Presently, the Fund holds KIBOR based sukuk certificates and bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 19.731 million (2021: Rs. 10.006 million) The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

As at June 30, 2022, the Fund holds commercial papers which are classified as financial assets 'at fair value through profit or loss' exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in interest rates announced by K-Electric for commercial papers and with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 5.1 million (2021: Rs. 8.67 million). The analysis assumes that all other variables remain constant.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

	2022					
	Effective yield / interest rate	Exposed to yield / interest risk			Not exposed to yield / interest rate risk	Total
		Upto three months	More than three months and up to one year	More than one year

Total interest rate sensitivity gap	12,225,826,638	780,300,692	-	13,982,016,075	26,988,143,405

19.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2022.

19.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligations as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

19.2.1 Exposure to credit risk

The table below analyses the Fund's maximum exposure to credit risk:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
Bank balances	26,625,924,053	26,625,924,053	25,335,853,393	25,335,853,393
Investments	1,815,139,519	1,815,139,519	1,670,372,267	1,670,372,267
Profit receivable	69,798,883	69,798,883	7,626,245	7,626,245
Security deposit	100,000	100,000	100,000	100,000
	28,510,962,455	28,510,962,455	27,013,951,905	27,013,951,905

(Rupees)

The maximum exposure to credit risk before any credit enhancement as at June 30, 2022 is the carrying amount of the financial assets.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

19.2.2 Credit quality of financial assets

The Fund held bank balances as at June 30, 2022 with banks having following credit ratings:

Banks	Rating agency	Rating (Short Term / Long Term)	2022	2021
			% of bank balances exposed to credit risk	
Allied Bank Limited	PACRA	A1+ / AAA	29.71%	57.43%
Bank Al Habib Limited	PACRA	A1+ / AAA	0.00%	0.00%
Bank Alfalah Limited	PACRA	A1+ / AA+	32.13%	28.70%
Habib Bank Limited	VIS	A-1+ / AAA	38.13%	0.00%
Habib Metropolitan Bank Limited	PACRA	A1+ / AA+	0.00%	0.00%
MCB Bank Limited	PACRA	A1+ / AAA	0.01%	0.02%
National Bank of Pakistan	PACRA	A1+ / AAA	0.00%	0.00%

Zarai Taraqati Bank Limited	VIS	A-1+ / AAA	0.00%	0.00%
Dubai Islamic Bank Pakistan Limited	VIS	A-1+ / AA	0.00%	0.00%
The Bank of Punjab	PACRA	A1+ / AA+	0.00%	0.00%
Faysal Bank Limited	PACRA	A1+ / AA	0.02%	7.90%
Central Depository Company of Pakistan Limited	N/A	N/A	0.00%	0.00%
			<u>100.00%</u>	<u>100.00%</u>

Ratings of commercial papers and sukuk certificate have been disclosed in related notes to the financial statements.

19.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors affect the group of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. Despite the high concentration of credit risk, the Fund has entered into transactions with credit worthy counterparties thereby mitigating any significant risk due to concentration of credit risk. Details of the Fund's concentration of credit risk of financial instruments by economic sectors are as follows:

	2022		2021	
	Rupees	%	Rupees	%
Commercial banks (including TDR and profit receivable)	26,659,675,319	93.51%	25,338,315,257	93.80%
Power generation and distribution - sukuk certificates (including profit receivable)	1,086,047,617	3.81%	374,664,381	1.39%
Power generation and distribution - commercial papers	765,139,519	2.68%	1,300,872,267	4.81%
Central Depository Company of Pakistan Limited	100,000	0.00%	100,000	0.00%
	<u>28,510,962,455</u>	<u>100.00%</u>	<u>27,013,951,905</u>	<u>100.00%</u>

19.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

2022						
Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than 5 years	Financial Instruments with no fixed maturity	Total

20. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the "Statement of Assets and Liabilities" date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

2022			
Level 1	Level 2	Level 3	Total
(Rupees)			
At fair value through profit or loss			
Commercial papers*	765,139,519	-	765,139,519
Short term sukuk certificates**	1,050,000,000	-	1,050,000,000
	1,815,139,519	-	1,815,139,519

2021			
Level 1	Level 2	Level 3	Total
(Rupees)			
At fair value through profit or loss			
Commercial papers*	1,300,872,267	-	1,300,872,267
Short term sukuk certificates**	369,500,000	-	369,500,000
	1,670,372,267	-	1,670,372,267

* The valuation of commercial papers has been done based on amortisation of commercial papers to its fair value as per the guidelines given in Circular 33 of 2012 since the residual maturity of this investment is less than six months and they are placed with counterparties which have high credit rating.

** The carrying value of these securities approximate their fair value since these are short term in nature and are placed with counter parties which have high credit ratings.

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

21. UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

22. SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

23. CORRESPONDING FIGURES

Corresponding figures have been re-classified, re-arranged or additionally incorporated in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications were made in these financial statements.

24. GENERAL

Figures have been rounded off to the nearest rupee.

25. DISTRIBUTIONS MADE

Particulars	Date of declaration	Per unit distribution	Capital value	Undistributed income
----- (Rupees) -----

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Sovereign Fund

Annual Fund Manager`s Report

Type of Fund: Open-end Scheme

Category of Fund: Income Scheme

Investment Objective

The objective of the AGSOF is to deliver optimal risk adjusted returns by investing mainly in mix of short to long term Government Securities and other debt Instruments

Accomplishment of Objective

The Fund has achieved its objective of generating regular income by investing in low-medium duration fixed income instruments within the guidelines provided under NBFC rules.

Money Market Review:-

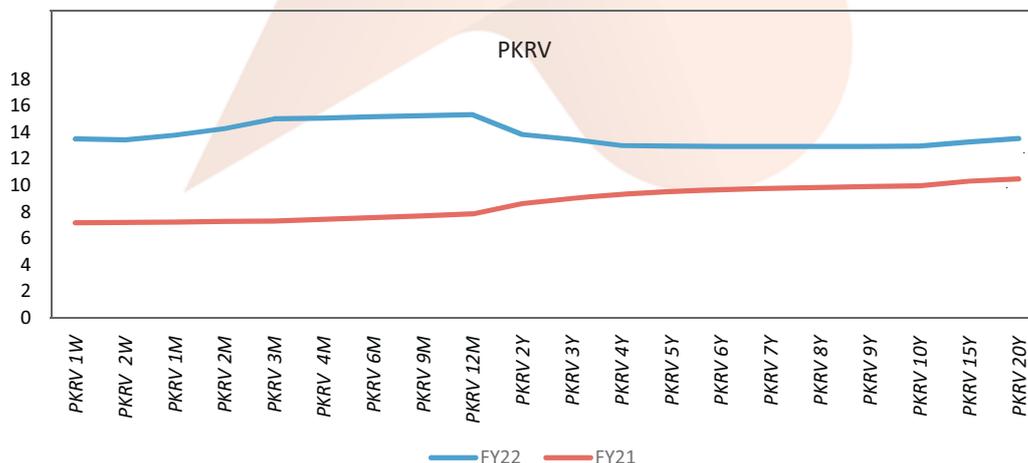

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

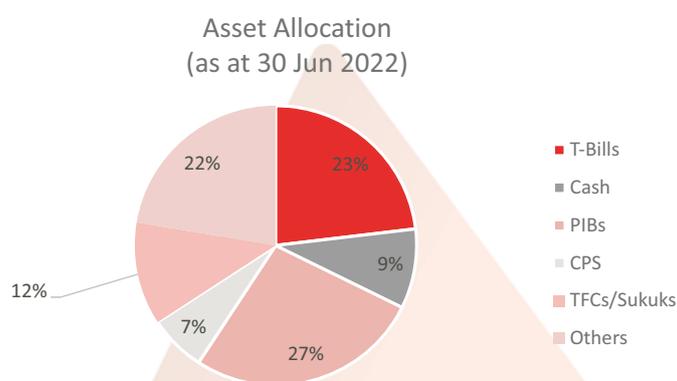

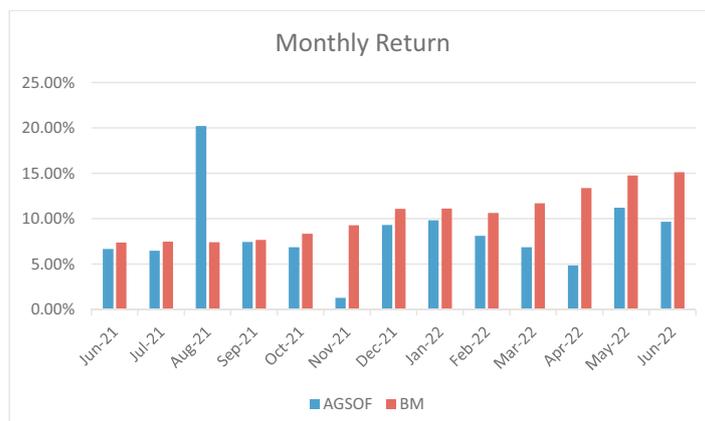

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Fund Performance

For the year ended June 30 2022, the fund posted a return of 8.91% against the benchmark of 10.68%.

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP SOVEREIGN FUND

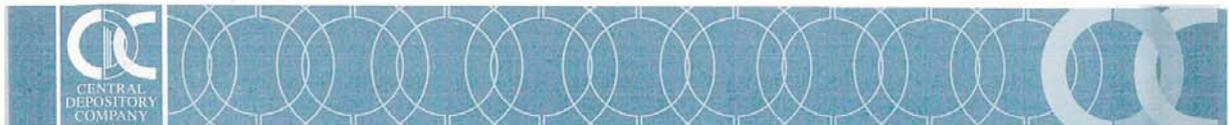

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Sovereign Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi: September 20, 2022

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Alfalah GHP Sovereign Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah GHP Sovereign Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 629.889 million and bank balances aggregated to Rs. 58.044 million. The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

ALFALAH GHP SOVEREIGN FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Alfalah GHP Sovereign Fund (the Fund) is an open-end collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between Alfalah GHP Investment Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on May 6, 2014.
- 1.2 During the year ended June 30, 2021, The Trust Act, 1882 had been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trust Act, 2022" (the Sindh Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act. Accordingly, on September 13, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.
- 1.3 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.4 The Fund is categorised as "Income Scheme" pursuant to the provisions contained in Circular 7 of 2009 issued by the SECP and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.5 According to the trust deed, the objective of the Fund is to deliver optimal risk adjusted returns by investing mainly in mix of short to long term Government Securities and other debt Instruments. The investment objectives and policy are explained in the Fund's offering document.
- 1.6 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on April 8, 2022 (2021: AM2+ dated March 3, 2021) and has maintained the stability rating of the Fund at AA-(f) on April 8, 2022 (2021: AA-(f) dated April 8, 2021).
- 1.7 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan (CDC) as the Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the requirements of IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated

assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements relate to Classification, impairment and valuation of financial assets (notes 3.2 and 5).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured 'at fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.2.2 Classification and subsequent measurement

a) Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost ;
- at fair value through other comprehensive income (FVOCI);
- at fair value through profit or loss (FVTPL)

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

b) Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The management considers its investment in equity securities as a group of assets and assesses them on a fair value basis and hence has classified them as at FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the "Income Statement".

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the "Income Statement".

The Fund can only invest in equity securities for the purpose of spread transactions.

3.2.3 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.2.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's Circular.

3.2.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.2.7 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the "Income Statement".

3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price prevalent on the date on which the Management Company receives redemption applications during business hours on that date. The redemption price represents NAV as on the close of business day, less any duties, taxes, charges on redemption and provision for transactions costs, if applicable.

3.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the period also includes portion of income already paid on units redeemed during the period.

Distributions declared subsequent to the period end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place;
- Unrealised gains / losses arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are recorded in the period in which these arise.
- Income on government securities, term finance certificates, sukuks and margin trading system (MTS) is recognised on a time proportionate basis using the effective yield method.
- Profit on bank balances is recognised on an accrual basis.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income for the period after taxation of the Fund by the weighted average number of units outstanding during the period.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.14 Margin Trading System

Transactions of purchase under Margin Trading System (MTS) of marketable securities are entered into at contracted rates for specified periods of time. Securities purchased under MTS are not recognised in the "Statement of Assets and Liabilities". The amount paid under such agreements is recognised as receivable in respect of MTS. Profit is recognised on an accrual basis using the effective interest method. Cash releases are adjusted against the receivable as a reduction in the amount of receivable. The maximum maturity of an MTS contract is 60 calendar days out of which 25 percent exposure is automatically released at expiry of every 15th day from the date of contract.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

- Annual listing fee		-	5,600

Profit receivable on:

- Bank balances	6.1	884,859	1,374,806
- Pakistan Investment Bonds		2,267,066	1,162,546
- Sukuk certificates		821,732	4,970,248
- Term Finance Certificates		669,434	417,163

Advance tax	6.2	<u>215,021</u>	<u>164,903</u>
		<u><u>8,281,531</u></u>	<u><u>13,970,349</u></u>

6.1 This includes accrued markup of Nil (2021: Rs 0.436 million) receivable from Bank Alfalah Limited (a related party).

6.2 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 150 and 151. However, during the year ended June 30, 2021, withholding tax on profit on bank deposits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders. The tax withheld on profit on bank deposits amounts to Rs. 0.215 million (2021: Rs. 0.165 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other asset management companies) whereby the Honourable Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund has been shown as other receivables as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

7. PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY	Note	2022	2021
		----- (Rupees) -----	
Management remuneration payable	7.1	767,586	708,363
Sindh Sales Tax payable on management remuneration	7.2	2,665,458	2,651,470
Payable against allocated expenses	7.4	196,678	615,703
Payable against selling and marketing expenses	7.5	2,334,023	2,462,804
Federal exercise duty payable on management remuneration	7.3	18,099,657	18,099,657
Sales load payable		629,344	628,612
Preliminary expenses and floatation costs payable		5,000	5,000
Other payable		50,000	50,000
		<u>24,747,746</u>	<u>25,221,609</u>

7.1 As per Regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 10% of the gross earnings of the Fund, subject to a minimum remuneration of 0.25% and maximum remuneration of 1.5% of the average annual net assets of the Fund. The remuneration is paid to the Management Company on a monthly basis in arrears.

7.2 During the year, an amount of Rs. 1.129 million (2021: Rs. 1.473 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 1.115 million (2021: Rs. 1.418 million) has been paid to the Management Company which acts as a collecting agent.

7.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 18.010 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan.

Had the provision for FED not been recorded in these financial statements of the Fund, the net asset value of the Fund as at June 30, 2021 would have been higher by Rs. 2.87 per unit (June 30, 2021: Rs. 1.71 per unit).

7.4 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The Management Company based on its own discretion has currently fixed a maximum capping of 0.1 percent of the average annual net assets of the fund for allocation of such expenses to the Fund.

7.5 The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company (except fund of funds).

8 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		----- (Rupees) -----	
Trustee remuneration payable	8.1	39,413	62,132
Sindh Sales Tax payable on trustee remuneration	8.2	5,124	8,079
		<u>44,537</u>	<u>70,211</u>

8.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed. During the year, the Trustee has charged remuneration at the rate of 0.065% per annum from July 1, 2021 till October 13, 2021 and 0.055% from October 14, 2021 till June 30, 2022 of net assets of the Fund (2021: at the rate of 0.065% per annum of net assets of the Fund).

8.2 During the year, an amount of Rs. 0.069 million (2021: Rs. 0.121 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.072 million (2021: Rs. 0.125 million) was paid to the Trustee which acts as a collecting agent.

9 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
----- (Rupees) -----			
Annual fee payable	9.1	182,663	286,330

9.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

10 ACCRUED AND OTHER LIABILITIES	Note	2022	2021
----- (Rupees) -----			
Provision against Sindh Workers' Welfare Fund	10.1	-	11,633,704
Withholding tax payable		328,758	189,837
Capital gain tax payable		136,057	2,095,139
Auditors' remuneration payable		541,303	483,470
Brokerage and settlement charges payable		64,283	109,638
NCCPL charges payable		553,524	444,053
Sales load payable		7,825,201	7,743,811
Printing charges payable		77,313	133,305
		<u>9,526,439</u>	<u>22,832,957</u>

10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds had accordingly made provision in respect of SWWF as recommended by MUFAP.

During the year, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the funds, for the period from May 21, 2015 to August 13, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

12 PROFIT / MARK UP INCOME	2022	2021
----- (Rupees) -----		
Profit / mark up income on:		
- Market Treasury Bills	35,570,484	51,197,109
- Pakistan Investment Bonds	31,283,314	36,683,236
- Government of Pakistan Ijara sukuks	-	274,962
- Term Finance Certificates	13,361,540	18,095,266
- Margin Trading System (MTS)	-	732,379
- Commercial Paper	2,837,835	-
- Bank balances	8,201,208	6,007,203
	<u>91,254,381</u>	<u>112,990,155</u>

	2022	2021
	(Rupees)	
13. AUDITORS' REMUNERATION		
Annual audit fee	132,000	120,000
Review and other certifications	286,154	165,000
Out of pocket expenses	29,865	30,506
Sindh Sales Tax	35,841	25,240
	<u>483,860</u>	<u>340,746</u>

14. TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period results is 2.12% which included 0.1500% representing Government levies on the Fund such as provision for sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 2.5% (excluding government levies) prescribed under the NBFC Regulations for a collective investment scheme categorised as an "income scheme".

15. TAXATION

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of the Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Since the Management Company intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2022 to the unit holders in the manner as explained above, accordingly no provision for taxation has been made in these financial statements.

16. TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporated, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at terms determined in accordance with market rates. The management considers that the transactions between the related parties / connected persons are executed in accordance with the parameters defined in the Offering document, trust deed and NBFC regulations which are publicly available documents and hence, the transactions are considered to be on an arm's length basis.

Remunerations to the Management Company and the Trustee of the Fund are determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances at period end with related parties / connected persons, other than those which have been disclosed elsewhere in these condensed interim financial statements, are as follows:

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and price risk.

19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

19.1.2 Yield / Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2022, is as follows:

	2022	2021
	----- (Rupees) -----	
Variable rate instruments (financial assets)		
Bank balances	58,044,132	609,644,401
Term Finance Certificates	46,557,722	46,778,188
Sukuk certificates	38,526,750	206,171,450
	<u>143,128,604</u>	<u>862,594,039</u>
Fixed rate instruments (financial assets)		
Market Treasury Bills	302,211,270	-
Pakistan Investment Bonds	192,776,678	300,350,000
Islamic commercial paper	49,816,335	-
	<u>544,804,283</u>	<u>300,350,000</u>

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based sukuk certificates and bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs 1.43 million (2021: Rs 8.63 million) The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2022, the Fund holds Market Treasury Bills, Pakistan Investment Bonds and Islamic commercial papers which are classified as financial assets 'at fair value through profit or loss' exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in interest rates announced by Financial Markets Association of Pakistan for Pakistan Investment Bonds and with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 5.45 million (2021: Rs. 3 million). The analysis assumes that all other variables remain constant.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

2022					
Yield / effective interest rate	Exposed to yield / interest rate risk			Not exposed to yield / interest risk	Total
	Upto three months	More than three months and upto one year	More than one year

--	-------------	-------------	---	--------------	---------------

19.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2022.

19.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligations as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

19.2.1 Exposure to credit risk

The table below analyses the Fund's maximum exposure to credit risk:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	(Rupees)			
Bank balances	58,044,132	58,044,132	609,644,401	609,644,401
Investments	629,888,755	134,900,807	553,299,638	113,845,638
Advances and profit receivable	8,281,531	5,799,444	13,712,120	13,712,120
Receivable against sale of Investments	11,536,208	11,536,208	-	-
	<u>707,750,626</u>	<u>210,280,591</u>	<u>1,176,656,159</u>	<u>737,202,159</u>

The difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in Government Securities of Rs. 494.988 million (2021: Rs. 439.454 million) are not exposed to credit risk.

The maximum exposure to credit risk before any credit enhancement as at June 30, 2022 is the carrying amount of the financial assets.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

19.2.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon, credit exposure arising as a result of investment in term finance certificates and sukuk certificates and profit accrued thereon.

Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Name of bank	Rating Agency	Rating (Short Term / Long Term)	2022	2021
			(%)	
Bank Alfalah Limited	PACRA	A1+ / AA+	95.53%	67.12%
MCB Bank Limited	PACRA	A1+ / AAA	2.55%	0.08%

Above rates are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

Ratings of term finance certificates and sukuk certificates have been disclosed in related notes to financial statements.

19.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. Despite the high concentration of credit risk as stated above, the Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

19.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets either in short term instruments or in investments that are traded in an active market and can be readily disposed and are considered readily realisable in order to maintain liquidity.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

2022

20. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the "Statement of Assets and Liabilities" date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

	2022			
	Level 1	Level 2	Level 3	Total
Financial assets 'at fair value through profit or loss'	(Rupees)			
Investments				
Term Finance Certificates	-	46,557,722	-	46,557,722
Pakistan Investment Bonds	-	192,776,678	-	192,776,678
Sukuk certificates	-	38,526,750	-	38,526,750
Market Treasury Bills	-	302,211,270	-	302,211,270
Islamic Commercial Papers	-	49,816,335	-	49,816,335
	-	629,888,755	-	629,888,755

	2021			
	Level 1	Level 2	Level 3	Total
Financial assets 'at fair value through profit or loss'	(Rupees)			
Investments				
Term Finance Certificates	-	46,778,188	-	46,778,188
Pakistan Investment Bonds	-	300,350,000	-	300,350,000
Sukuk certificates	-	206,171,450	-	206,171,450
	-	553,299,638	-	553,299,638

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

21. UNIT HOLDER'S FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and

- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitors capital of the Fund on the basis of the value of net assets attributable to the unit holders and tracks the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors are updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

22. SUPPLEMENTARY NON - FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors, credit rating of the Fund and the Management Company of the Fund as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Income Fund

Annual Fund Manager`s Report

Type of Fund: Open-end Scheme

Category of Fund: Income Scheme

Investment Objective

To minimize risk, construct a liquid portfolio of fixed income instruments and provide competitive returns to the unit holders.

Accomplishment of Objective

The Fund has achieved its objective of generating regular income by investing in low duration fixed income instruments within the guidelines provided under NBFC rules.

Money Market Review

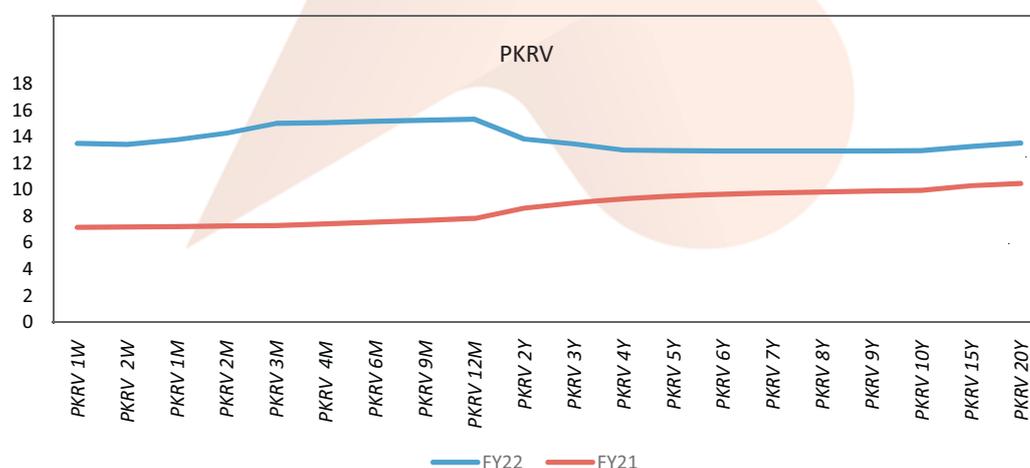

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

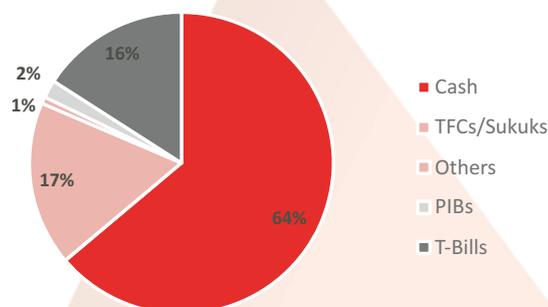

Fund Performance

For the year ended June 30 2022, the fund posted a return of 7.97% against the benchmark of 10.8%.

Performance comparison with Benchmark

Asset Allocation (as at 30 Jun 2022)

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Income Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Income Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments held by the Fund represent 99.42% of the total assets of the Fund as at the period end.	<p>We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following:</p> <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.

my

-: 2 :-

Key audit matter	How our audit addressed the key audit matter
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

myw

-: 3 :-

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

-: 4 :-

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Alfalah GHP Income Fund (the Fund) is an open-end collective investment scheme established through a Trust Deed under the Trust Act, 1882, between IGI Funds Limited (Former Management Company), a company incorporated under the repealed Companies Ordinance, 1984 and Central Depository Company of Pakistan Limited (CDC) as the Trustee, also incorporated under the repealed Companies Ordinance, 1984. On October 15, 2013, the management rights of the Fund were transferred from the former Management Company to Alfalah GHP Investment Management Limited (the Management Company) by sanctioning of order by the Securities and Exchange Commission of Pakistan (SECP) sanctioned order No. SCD/NBFC-II/IGIFL & AFGHP/742/2013. The SECP has approved the second Supplemental Trust Deed, under the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) vide its letter No. SCD/AMCW/AD-ZI/AGIF/241/2015 dated February 03, 2015 to modify and restate the previous Trust Deed to effectuate renaming of the Fund to Alfalah GHP Income Fund (formerly IGI Income Fund).
- 1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.3 The Fund is categorised as an 'Income Scheme' pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.4 According to the Trust Deed, the Fund invests primarily in fixed-rate securities and other avenues of investment, which include corporate debt securities, Government securities, sukuk and term finance certificates, certificates of investment, certificates of musharaka, commercial papers, term deposit receipts, spread transactions and reverse repurchase agreements.
- 1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022 and A+(f) to the Fund in its credit rating report dated April 8, 2022.
- 1.6 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.7 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Acts namely "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on 17 September 2021.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's accounting period beginning on July 1, 2021. However, these are considered either to be not relevant or to not have any significant impact on the Fund's financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- i. Classification and valuation of Investments (notes 3.2.1 and 5)
- ii. Provision for Sindh Workers' Welfare Fund (note 11.1)
- iii. Provision against Federal Excise Duty (note 8.3)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured at 'fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Classification and subsequent measurement

3.2.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL) based on the business model of the entity

Based on the business model of the entity, however, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.2.1.2 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the Statement of Assets and Liabilities at fair value, with gains and losses recognised in the Income Statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The management considers its investment in equity securities as a group of assets and assesses them on a fair value basis and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVTPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

The Fund can only invest in equity securities for the purpose of spread transactions.

3.2.1.3 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.2.1.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

3.2.1.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.1.6 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.2.1.7 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognize deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.7 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.10 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.11 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Dividend income is recognised when the Fund's right to receive the same is established.
- Markup income on bank balances, letter of placement and other income is recognised on an accrual basis.
- Income on government securities (including Market Treasury Bills and Pakistan Investment Bonds) is recognised on an accrual basis using the effective yield rate method.
- Income on debt securities (including term finance certificates and sukuks) is recognised on an accrual basis using the effective yield method.
- Profit on margin trading system is recognised on an accrual basis.
- Unrealised gains / losses arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are recorded in the period in which these arise.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.14 Margin Trading System

Transactions for purchase of marketable securities under Margin Trading System (MTS) maintained by National Clearing Company of Pakistan Limited are entered into contracted rates for specified period of time. Securities purchased under MTS are not recognised in the Statement of Assets and Liabilities. The amount paid under such agreements is recognised as receivable in respect of MTS. Profit is recognised on an accrual basis using the effective interest method. Cash releases are adjusted against the receivable as a reduction in the amount of receivable. The maximum maturity of an MTS contract is 60 calendar days out of which 25 percent exposure is automatically released at expiry of every 15th day from the date of contract.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

	<u>3,357,947</u>	<u>140,222,852</u>

- 6.1** As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 151 and 150. However, several withholding agents deduct tax at source based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the cumulative amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown under other receivables as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

7. PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY

Note	2022	2021
	----- (Rupees) -----	
Management remuneration payable	763,171	1,099,299
Sindh sales tax payable on management remuneration	1,453,207	1,496,894
Federal excise duty payable on management remuneration	9,778,882	9,778,882
Payable against allocated expenses	469,872	671,751
Selling and marketing expenses payable	389,731	581,612
Sales load payable	48,505	48,584
	<u>12,903,368</u>	<u>13,677,022</u>

- 7.1** As per regulation 61 of the the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document, subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged remuneration at the rate of 10% of the gross earnings of the Fund, calculated on a daily basis, provided that the Fund is subject to a minimum fee of 0.25% of the average daily net assets of the Fund.
- 7.2** During the year, an amount of Rs. 1.98 million (2021: Rs. 1.42 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 2.02 million (2021: Rs. 1.38 million) has been paid to the Management Company which acts as a collecting agent.
- 7.3** The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 7.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 9.78 million (2021: Rs 9.78 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at 30 June 2022 would have been higher by Rs. 0.78 per unit (2021: Rs. 0.62 per unit).

- 7.4 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge actual fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). Accordingly, the Management Company has charged allocated expenses to the fund based on its discretion subject to not being higher than actual expense incurred.
- 7.5 The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, the Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company (except fund of funds).

8. PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		----- (Rupees) -----	
Trustee remuneration payable	8.1	45,129	107,219
Sindh sales tax payable on trustee remuneration	8.2	5,865	13,939
Central Depository System Transaction Fee		19,756	33,345
		<u>70,750</u>	<u>154,503</u>

8.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed. The remuneration is payable to the trustee at the rate of 0.075% (2021: 0.075%) per annum of the net assets of the Fund.

8.2 During the year, an amount of Rs. 0.17 million (2021: Rs. 0.13 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.17 million (2021: Rs. 0.13 million) was paid to the Trustee which acts as a collecting agent.

9. ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
		----- (Rupees) -----	
Annual fee payable	9.1	<u>338,837</u>	<u>267,008</u>

9.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

The SECP vide SRO no. 685 (1) / 2019 dated June 28, 2019 revised the rate of annual fee to 0.02% (2021: 0.02%) of net assets, applicable on all categories of CISs. Accordingly, the Fund has charged the SECP Fee at the rate of 0.02% of net assets during the year.

10. ACCRUED EXPENSES AND OTHER LIABILITIES	Note	2022	2021
		----- (Rupees) -----	
Provision for Sindh Workers' Welfare Fund	10.1	-	5,456,777
Withholding tax payable		5,361,605	5,887,150

Sales load payable		809,115	720,506
Capital gain tax payable		1,008,937	523,106
Brokerage and settlement charges		673,157	893,734
Others		1,019,864	189,386
		<u>9,061,493</u>	<u>13,888,287</u>

10.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

11. CONTINGENCIES AND COMMITMENTS

11.1 Contingencies

There were no contingencies as at June 30, 2022 and June 30, 2021.

11.2 Commitments

Future sale transactions of equity securities entered into by the Fund in respect of which the sale transactions have not been settled as at year end

	2022	2021

	24,004	20,586
	<u>324,054</u>	<u>277,909</u>

14. TAXATION

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders. The Fund is also exempt from the provisions of the section 113 (minimum tax) under clause 4A of Part IV of the Second Schedule of the Income tax Ordinance, 2001. Since the management has paid the required minimum percentage of income earned by the the Fund during the year ended 30 June 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

15. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 1.53% (2021: 1.72%) which includes 0.165% (2021: 0.26%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP etc. This ratio is within the maximum limit of 2.50% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Income Scheme.

19 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and price risk.

19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

19.1.2 Yield / Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2022, is as follows:

	2022	2021
	----- Rupees -----	
Variable rate instruments (financial assets)		
Bank balances	927,631,875	702,014,887
Sukuk certificates	92,325,375	213,373,998
Term finance certificates	<u>161,668,550</u>	<u>98,096,109</u>
	<u>1,181,625,800</u>	<u>1,013,484,994</u>
Fixed rate instruments (financial assets)		
Market treasury bills	228,207,580	-
Pakistan Investment Bonds	<u>27,531,268</u>	-
	<u>255,738,848</u>	-

a) Sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement by Rs. 11.82 million (2021: Rs. 10.14 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement by Rs 2.56 million (2021: Rs Nil) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

Off-balance sheet gap (b)		-	-	-	672,033,527	672,033,527
Total interest rate sensitivity gap (a+b)		825,028,885	188,456,109	-	-	-
Cumulative interest rate sensitivity gap		825,028,885	1,013,484,994	1,013,484,994		

19.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks.

In case of 1% increase / decrease in KSE 100 index on June 30, 2022, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. Nil (2021: Rs. 6.63) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 100 Index.

19.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligations as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

19.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
Bank balances	927,631,875	927,631,875	702,014,887	702,014,887
Investments	509,732,773	253,993,925	976,037,790	266,110,107
Advances and deposits	2,850,000	2,850,000	139,736,981	139,736,981
Mark-up / profit receivable	4,947,737	4,947,737	6,066,987	6,066,987
	<u>1,445,162,385</u>	<u>1,189,423,537</u>	<u>1,823,856,645</u>	<u>1,113,928,962</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in shares of listed companies and government securities of Rs. 255.74 million (2021: Rs 709.93 million) are not exposed to credit risk.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

19.2.2 Bank balances

The Fund held bank balances at June 30, 2022 with banks (including profit receivable) having following credit ratings:

Name of Bank	Rating Agency	Rating	2022	2021
			Percentage of total bank balances	
Bank Alfalah Limited	PACRA	A1+ / AA+	99.634%	62.040%

			<u>100.00%</u>	<u>100.00%</u>

19.2.3 Investments

The Fund held investments in term finance certificates and sukuk certificates at June 30, 2022 with entities having following credit ratings:

Name of Entity	Rating agency	Rating	2022	2021
			Percentage of total balance	
Pakistan Energy Sukuk	N/A	Not rated	-	14.56%
The Bank of Punjab	PACRA	A1+ / AA+	46.22%	31.49%
International Brands Limited	VIS	A-2 / A	-	4.43%
K-Electric Limited	VIS	A-1+ / AA	21.99%	22.82%
Samba Bank Limited	VIS	A-1 / AA	17.71%	14.45%
Mughal Iron & Steel Industries Limited	VIS	A-2 / A	14.08%	12.25%
			<u>100%</u>	<u>100%</u>

Above rates are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

19.2.4 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly held with various banks and securities issued by the entities having reasonably high credit rating.

19.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in short term instruments in order to maintain liquidity.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summarizes the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

19.4 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund held the following financial instruments measured at fair values:

	2022			
	Level 1	Level 2	Level 3	Total
	Rupees			
Financial assets at fair value through profit or loss Investments				
Sukuk certificates	-	92,325,375	-	92,325,375
Term finance certificates	-	161,668,550	-	161,668,550
Government securities	-	255,738,848	-	255,738,848
	-	509,732,773	-	509,732,773
	2021			
	Rupees			
Financial assets at fair value through profit or loss Investments				
Sukuk certificates	-	213,373,998	-	213,373,998
Term finance certificates	-	98,096,109	-	98,096,109
Listed equity securities	663,402,145	-	-	663,402,145
Future stock contracts	1,165,538	-	-	1,165,538
	664,567,683	311,470,107	-	976,037,790

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

19.5 Unit holders' fund management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is the risk that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of Unit Holders' Fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officers of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

20 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors, credit rating of the Fund and the Management Company of the Fund as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Income Multiplier Fund

Annual Fund Manager`s Report

Type of Fund: Open-end Scheme

Category of Fund: Aggressive Income Scheme

Investment Objective

The investment objective of Alfalah GHP Income Multiplier Fund (AGIMF) is to generate stable and consistent returns while seeking capital preservation through a diversified portfolio of high quality debt securities and liquid money market instruments and placements.

Accomplishment of Objective

The Fund has achieved its objective of generating regular income by investing in low-medium duration fixed income instruments within the guidelines provided under NBFC rules.

Money Market Review

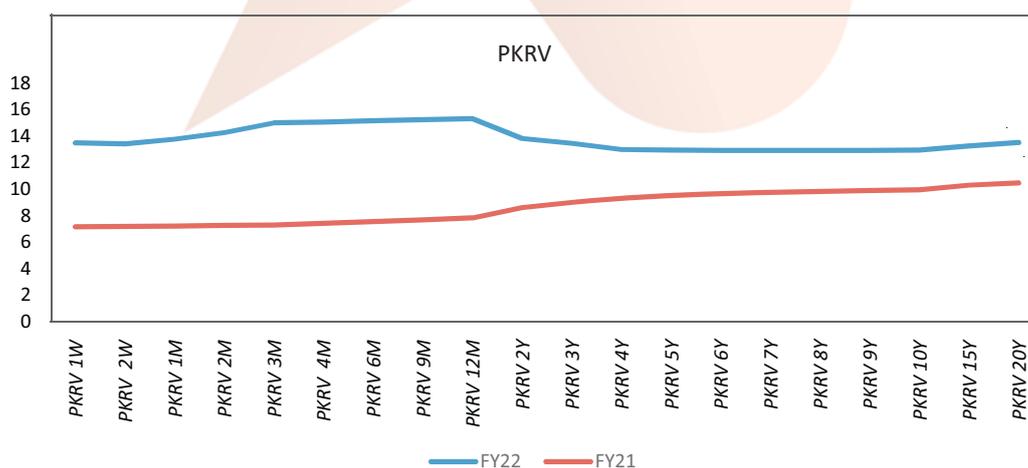

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

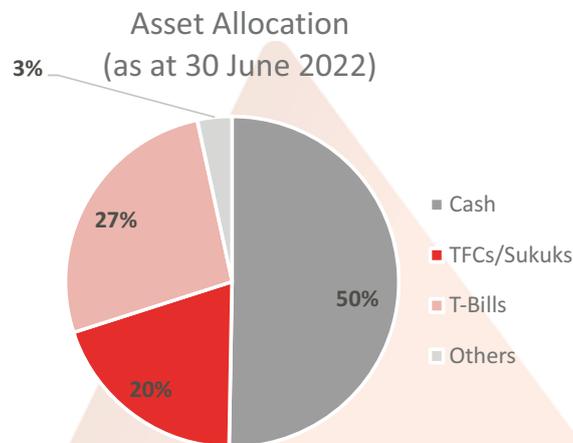

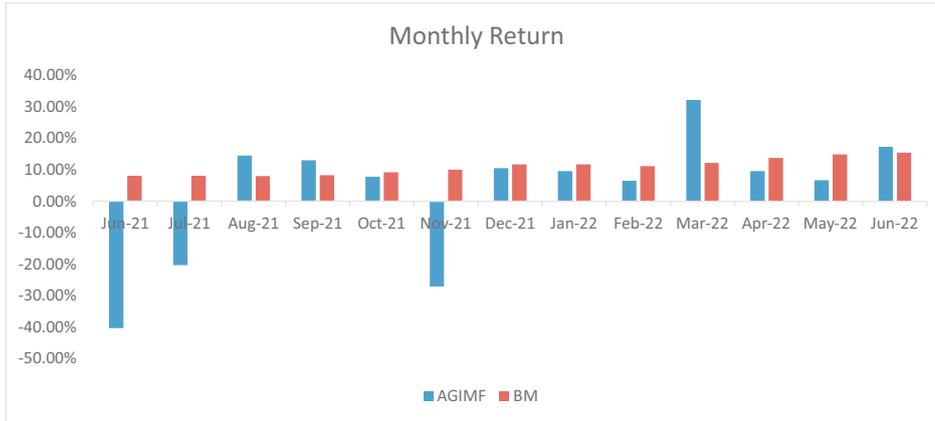

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Fund performance review and strategies employed

For the year ended June 30 2022, the fund posted a return of 6.84% against the benchmark of 11.23%.

Credit Quality (as % of Total Assets)

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Income Multiplier Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Income Multiplier Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments held by the Fund represent 96.65% of the total assets of the Fund as at the period end.	<p>We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following:</p> <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.

eyw

-: 2 :-

Key audit matter	How our audit addressed the key audit matter
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

-: 3 :-

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

-: 4 :-

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

ALFALAH GHP INCOME MULTIPLIER FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** Alfalah GHP Income Multiplier Fund (the Fund) is an open-end collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between Alfalah GHP Investment Management Limited (the Management Company) and Central Depository Company of Pakistan Limited (the Trustee). The Trust Deed was executed on March 08, 2007 and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), on February 14, 2007. The SECP approved the second Supplemental Trust Deed, under the Non-Banking Finance Companies and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations), vide its letter No. SCD/NBFC-II/AGIMF/573/2010 dated October 13, 2010 to modify and restate the previous Trust Deed to effectuate renaming of the Fund to Alfalah GHP Income Multiplier Fund.
- 1.2** The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.3** The Fund is categorised as an 'Aggressive income scheme' pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.4** According to the Trust Deed, the objective of the Fund is to provide good total return through a combination of current income and long-term capital appreciation, consistent with reasonable investment risk in debt and money market securities. The Fund invests in debt instruments, money market securities and interest bearing accounts. The investment objectives and policy are explained in the Fund's offering document.
- 1.5** The Pakistan Credit Rating Agency (PACRA) Limited has assigned an asset manager rating of AM2+ (stable outlook) dated March 3, 2022 to the Management Company and a stability rating of A+(f) (stable outlook) dated April 8, 2022 to the Fund.
- 1.6** Title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.7** The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act and on September 17, 2021. The above mentioned Trust Deed has been registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on 17 September 2021.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and valuation of financial assets (notes 3.3.1 and 5)
- Provision against Federal Excise Duty (note 8.3)
- Provision for Sindh Worker's Welfare Fund (note 11.1)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments held at 'fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.3 Financial assets

3.3.1 Classification and subsequent measurement

3.3.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL)

Based on the business model of the entity, however, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.3.1.2 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the Statement of Assets and Liabilities at fair value, with gains and losses recognised in the Income Statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The management considers its investment in equity securities as a group of assets and assesses them on a fair value basis and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVTPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

The Fund can only invest in equity securities for the purpose of spread transactions.

3.3.2 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.3.2.1 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

3.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognise deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the statement of assets and liabilities, is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.12 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement at the date at which the transaction takes place.
- Profit on saving account with banks is recognised on a time proportion basis using the effective yield method.
- Income on sukuk certificates, term finance certificates and government securities are recognised on time proportion basis using the effective yield except for the securities which are classified as Non-Performing Asset under Circular No. 33 of 2012 issued by SECP for which the income is recorded on receipt basis.
- Unrealised gains / (losses) arising on revaluation of investments classified as at fair value through profit or loss are included in the income statement in the period in which they arise.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.14 (Loss) / earnings per unit

Loss per unit is calculated by dividing the net loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Loss per unit (LPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating LPU is not practicable.

3.15 Margin Trading System

Transactions of purchase under Margin Trading System (MTS) of marketable securities are entered into contracted rates for specified periods of time. Securities purchased under MTS are not recognised in the Statement of Assets and Liabilities. The amount paid under such agreements is recognised as receivable in respect of MTS. Profit is recognised on an accrual basis using the effective interest method. Cash releases are adjusted against the receivable as a reduction in the amount of receivable. The maximum maturity of an MTS contract is 60 calendar days out of which 25 percent exposure is automatically released at expiry of every 15th day from the date of contract.

3.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

5.1.1 These term finance certificates defaulted on their payment of principal and mark-up due on July 04, 2012. Consequently, the security was classified as non-performing by MUFAP on October 18, 2012. Accordingly, accrual of mark-up on these TFCs had been suspended and mark-up due amounting Rs 1.437 million had been reversed and full provision has been made in accordance with the requirements of SECP circulars and directives issued from time to time and the Board's approved provisioning policy.

5.1.2 In prior years, a restructuring agreement was signed between AgriTech Limited and the Investment Agent of the term finance certificates, whereby, certain terms included in the original trust deed dated November 15, 2007 were amended, including the repayment period which was extended from November 29, 2014 to November 29, 2017. Consequently, the security was classified as non-performing by MUFAP on June 14, 2010 and accrual of income on these TFCs was suspended. Accordingly, the security had been fully provided in accordance with the requirements of SECP circulars and directives issued from time to time and the Board's approved provisioning policy.

5.1.3 This represents additional certificates of AgriTech Limited received by the Fund through restructuring agreement reached between lenders and AgriTech Limited. Under such agreement, outstanding mark up due on May 29, 2011 and July 13, 2011 against 1st and 2nd issue respectively amounting to Rs 20.47 million was settled in the form of certificates valuing Rs 20.47 million. This investment has been fully provided since these have been received in lieu of suspended overdue mark-up to be recognised to income upon realisation.

5.2.1 On April 1, 2021, sukuk certificates of Hascol Petroleum Limited have been classified as non-performing by Mutual Funds Association of Pakistan (MUFAP). Therefore, in accordance with the requirement of SECP's Circular No.33 of 2012, the sukuk certificates have been classified as non-performing asset and no further profit has been accrued thereafter. Accordingly, an amount of Rs. 11.87 million has been provided against the investment as at June 30, 2022.

* There was a restructuring in the terms of International Brands Limited.

** These investments have been carried at cost as they were not valued by MUFAP as at June 30, 2022.

		<u>2,850,000</u>	<u>2,850,000</u>

7 MARK-UP AND OTHER RECEIVABLES

Mark-up receivable on:

- Term finance certificates		531,298	423,491
- Sukuk certificates		95,241	800,490
- Bank balances		628,240	257,958
Prepayments		-	121,141
Advance tax	7.1	151,985	150,962
Security margin with National Clearing Company of Pakistan Limited		-	2,303,310
		<u>1,406,764</u>	<u>4,057,352</u>

- 7.1 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 151 and 150. However several withholding agents deduct tax at source based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the cumulative amount of withholding tax has been shown under other receivable as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

8 Payable to the Alfalah GHP Investment Management Limited - Management Company	Note	2022	2021
		----- (Rupees) -----	
Management remuneration payable	8.1	51,991	241,471
Sindh sales tax payable on management remuneration	8.2	1,718,980	1,699,217
Federal excise duty payable on management remuneration	8.3	11,439,981	11,439,981
Payable against allocated expenses	8.4	181,286	233,388
Payable against selling and marketing expenses	8.5	100,000	246,734
Sales load payable		<u>1,514,904</u>	<u>1,514,904</u>
		<u>15,007,142</u>	<u>15,375,695</u>

- 8.1 The Management Company has charged remuneration at the rate of 1.25% (2021: 1.25%) of the average annual net assets of the Fund during the year. The remuneration is paid to the Management Company on a monthly basis in arrears.

- 8.2 During the year, an amount of Rs. 0.91 million (2021: Rs. 0.48 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 1.11 million (2021: Rs. 0.39 million) has been paid to the Management Company which acts as a collecting agent.

- 8.3** The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 8.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 11.40 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at 30 June 2022 would have been higher by Rs 5.69 per unit (2021: Rs 3.35 per unit).

- 8.4** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge actual fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). Accordingly, Management Company has charged allocated expenses to the Fund based on its discretion subject to not being higher than actual expense.
- 8.5** The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan. Accordingly, Management Company has charged allocated expenses to the Fund based on its discretion subject to not being higher than actual expense

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company (except fund of funds).

9 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021

		<u>3,672,162</u>	<u>9,887,093</u>

11.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

	2022	2021

Sindh sales tax	26,876	20,659
	<u>362,822</u>	<u>278,892</u>
15 CASH AND CASH EQUIVALENTS		
Bank Balances	<u>63,978,256</u>	<u>79,888,476</u>
16 TAXATION		

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per section 4B of the Income Tax Ordinance, 2001.

Since the Management Company has paid the required minimum percentage of income earned by the fund during the year 30 June 2022 to the unit holders in the manner explained above, no provision for taxation has been made in these financial statements during the year.

17 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 2.44% (June 30, 2021: 2.38%) which includes 0.11% (June 30, 2021: 0.19%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, Sales Taxes, Federal excise Duties, Annual fee to the SECP etc. This ratio is within the maximum limit of 2.5% (excluding government levies) prescribed under the NBFC Regulations for a collective investment scheme categorised as an Income Scheme.

18 TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include the Management Company, the Trustee, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporated, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

20.1.2 Yield / Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2021, is as follows:

	2022	2021
	----- (Rupees) -----	
Variable rate instruments (financial assets)		
Bank balances	63,978,256	79,888,476
Term finance certificates	10,035,607	29,155,458
Sukuk certificates	15,039,150	70,888,085
	<u>89,053,013</u>	<u>179,932,019</u>
Fixed rate instrument		
Market Treasury Bills	33,859,700	-
Commercial Papers	-	19,827,963
	<u>33,859,700</u>	<u>19,827,963</u>

a) Sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement by Rs. 0.89 million (2021: Rs.1.8 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement by Rs 0.34 million (2021: Rs. 0.19 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

Financial liabilities						
Payable to the Alfalah GHP Investment Management Limited - Management Company		-	-	-	15,375,695	15,375,695
Payable to Central Depository Company of Pakistan Limited - Trustee		-	-	-	14,198	14,198
Accrued expenses and other liabilities		-	-	-	4,029,243	4,029,243
Sub Total		-	-	-	19,419,136	19,419,136
On-balance sheet gap		79,888,476	81,660,999	125,054,839	(12,783,887)	273,820,427
Total interest rate sensitivity gap		79,888,476	81,660,999	125,054,839	(12,783,887)	273,820,427
Cumulative interest rate sensitivity gap		79,888,476	161,549,475	286,604,314		

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2022.

20.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

20.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
	(Rupees)			
Bank balances	63,978,256	63,978,256	79,888,476	79,888,476
Investments	58,934,457	15,039,150	119,871,506	94,671,506
Security deposits	2,850,000	2,850,000	2,850,000	2,850,000
Mark-up and other receivables	1,254,779	1,254,779	3,785,249	3,785,249
	127,017,492	83,122,185	206,395,231	181,195,231

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in government securities amounting to Rs 15.04 million (2021: Rs 25.20 million) are not exposed to credit risk.

No financial assets were considered to be either past due or impaired at June 30, 2022 and June 30, 2021, except as specified in note 5.6 to these financial statements.

20.2.2 Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Balances with banks by rating category

Name of Bank	Rating agency	Rating (Long term/ Short term)	2022	2021
			Percentage of total bank balances	
BankIslami Pakistan Limited	PACRA	A+ / A1	0.18%	0.42%

Bank of Punjab	PACRA	AA+ / A1+	0.17%	0.00%
			100.0%	100.00%

Above ratings are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

20.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly held with various banks and securities issued by the entities having reasonably high credit rating.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

Net assets	67,104,589	19,827,963	23,335,365	17,174,612	59,533,566	186,976,095

20.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund held the following financial instruments measured at fair values:

----- As at June 30, 2022 -----				
Level 1	Level 2	Level 3	Total	
----- Rupees -----				
Financial assets at 'fair value through profit or loss'				
Term finance certificates	-	10,035,607	-	10,035,607
Sukuk certificates	-	15,039,150	-	15,039,150
Government Securities	-	33,859,700	-	33,859,700
	-	58,934,457	-	58,934,457

----- As at June 30, 2021 -----				
Level 1	Level 2	Level 3	Total	
----- Rupees -----				
Financial assets at 'fair value through profit or loss'				
Term finance certificates	-	29,155,458	-	29,155,458
Sukuk certificates	-	70,888,085	-	70,888,085
Commercial Papers		19,827,963		19,827,963
	-	119,871,506	-	119,871,506

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

20.5 Unit Holders' Fund risk management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

21 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors, credit rating of the Fund and the Management Company of the Fund as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

22 CORRESPONDING FIGURES

Corresponding figures have been re-classified, re-arranged or additionally incorporated in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications were made in these financial statements.

(iii) **PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE**

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalsh GHP Islamic Income Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Shariah Compliant (Islamic) Income Scheme

Investment Objective

To minimize risk, construct a liquid portfolio of shariah approved fixed income instruments and provide competitive returns to the unit holders.

Accomplishment of Objective

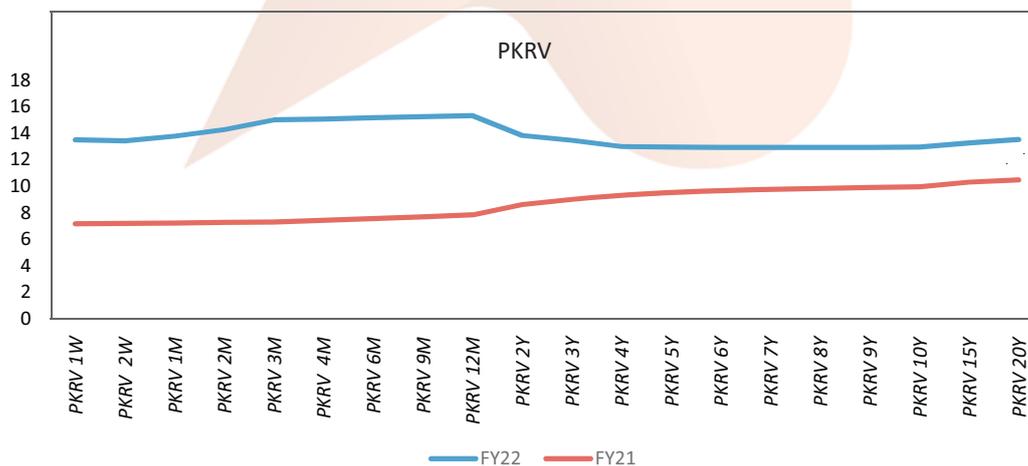

The Fund has strived to achieve its objective as it provided the unit holders a competitive return as compared to peer funds with minimum possible risk through investing in low duration shariah compliant fixed income instruments within the guidelines provided under NBFC rules.

Money Market Review

Pakistan's GDP is expected to post a growth of 3.9% during FY21 against the negative 0.4% during FY20. The global COVID Pandemic set its foot prints in the country in last quarter FY20 and hampered the economic activities in the country. In order to provide liquidity support to the households and businesses to help them through the ensuing temporary phase of economic disruption, SBP kept the interest rates at lower levels and the policy rate was kept at 7% throughout the year.

Market participants gradually shifted their bets from longer term to shorter terms instruments. During the year, the central bank was able to fetch PKR 15.23 trillion T-bills with majority of the participation witnessed in 3 month and 6 months tenor. Through PIBs, the central bank was able to fetch PKR 1.06 trillion in the reviewed period. Majority of the participation witnessed in 3 years followed by 5 years and 10 years.

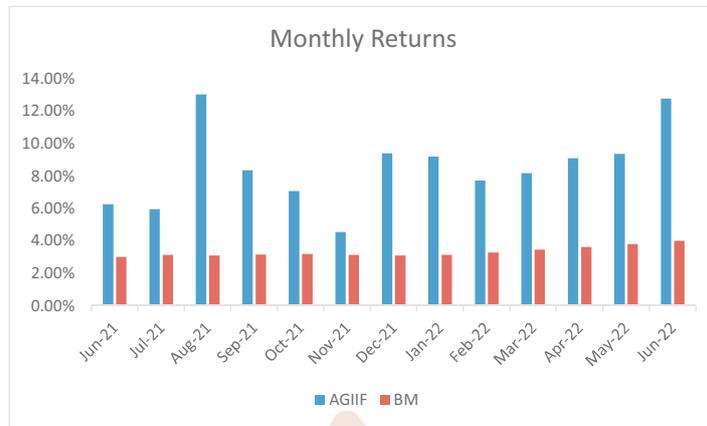

The macroeconomic variables have already begin to show improvement. Going forward, we expect the economic activity to pace up further.

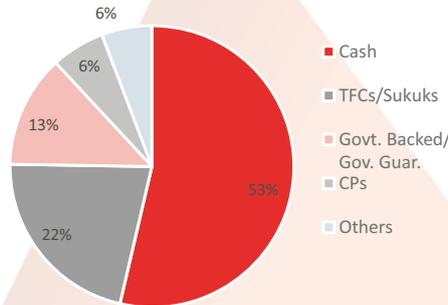

Fund Performance

For the year ended June 30 2022, the fund posted a return of 9.09% against the benchmark of 3.34%.

Performance comparison with Benchmark

Asset Allocation (as at 30 Jun 2022)

Credit Quality (as % of Total Assets)

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP ISLAMIC INCOME FUND

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Islamic Income Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

SHARIAH REVIEW REPORT
ALFALAH GHP ISLAMIC INCOME FUND

We, the Shariah Advisors of the Alfalah GHP Islamic Income Fund ('AGIIF') (formerly IGI Islamic Income Fund) managed by Alfalah GHP Investment Management Limited, are issuing this report in accordance with the Modified and Restated Trust Deed dated February 12, 2015 and Replacement 3rd Supplemental Offering Document dated March 11, 2015 of the said Fund. The scope of the report is to express an opinion on the Shariah Compliance of the Fund's activities.

It is the responsibility of the Management Company of the said Fund to establish and maintain a system of internal controls to ensure compliance with issued Shariah guidelines. As Shariah Advisors, our responsibility is to express an opinion, based on our review of the representations made by the management, to the extent where such compliance can be objectively verified.

In the capacity of Shariah Advisors of the Fund, we have reviewed and given approval for investment in following avenues during the period from July 01, 2021 to June 30, 2022.

Investment Avenue
GoP (Government of Pakistan) Ijarah Sukuk
Approved Shariah Compliant Sukuk
Approved Islamic Commercial Papers
Approved Bai Muajjal Transactions
Term Deposit Receipts with Approved Islamic Banks

We hereby certify that all the above-mentioned investments and all the provisions of the scheme made by the Fund are in compliance with the Shariah principles.

According to the instructions, if any income is earned by the Fund from the investments whereby a portion of income of such investment has been derived from prohibited sources, such proportion of income of the Fund should be donated to charitable purposes. However, during the year ended June 30, 2022, no such income is earned.

May Allah bless us with Tawfeeq to accomplish these cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

For and on behalf of Shariah Advisory Board.

Mufti Shaikh Noman
Shariah Advisor

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Islamic Income Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Islamic Income Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments held by the Fund represent 98.02% of the total assets of the Fund as at the period end.	We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following: <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.

eyw

-: 2 :-

Key audit matter	How our audit addressed the key audit matter
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

-: 4 :-

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

ALFALAH GHP ISLAMIC INCOME FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT
FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** Alfalah GHP Islamic Income Fund (the Fund) is an open-ended Fund constituted under a trust deed entered into on July 3, 2008 between IGI Funds Limited (Former Management Company) and Central Depository Company of Pakistan Limited (CDC) as the Trustee. On October 15, 2013, the management rights of the Fund were transferred from IGI Funds Limited to Alfalah GHP Investment Management Limited (the Management Company) by means of Securities and Exchange Commission of Pakistan sanctioned order No. SCD/NBFC-II/IGIFL & AFGHP/742/2013. The SECP has approved third Supplemental Trust Deed, under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), vide its letter No. SCD/AMCW/AGIIF/240/2015 dated February 03, 2015 to modify and restate the previous Trust Deed to effectuate renaming of the Fund to Alfalah GHP Islamic Income Fund.
- 1.2** The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.3** The Fund is categorised as a 'Shariah Compliant Islamic Income Scheme' pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.4** According to the trust deed, the objective of the Fund is to provide good total return through a combination of current income and long-term capital appreciation, consistent with reasonable investment risk in a shariah compliant manner. The Fund invests in shariah compliant deposits, profit bearing accounts, certificates of investment, Musharika and Morabaha arrangements and debt securities. The investment objectives and policy are explained in the Fund's offering document.
- 1.5** The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022, and stability rating of AA-(f) to the Fund in its credit rating report dated April 8, 2022.
- 1.6** The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act and on September 17, 2021. The above mentioned Trust Deed has been registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on 17 September 2021.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, Interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- i. Classification and valuation of investments (notes 3.3.1 and 5)
- ii. Provision for Sindh Workers' Welfare Fund (note 11.1)
- iii. Provision against Federal Excise Duty (note 8.3)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured at 'fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.3 Financial assets

3.3.1 Classification and subsequent measurement

3.3.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL)

Based on the business model of the entity, however, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.3.2 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.3.2.1 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's Circular.

3.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognise deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders' fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Net asset value per unit

The net asset value (NAV) per unit as disclosed in the "Statement of Assets and Liabilities" is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.12 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Unrealised gains / losses arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are recorded in the period in which these arise.
- Income on debt securities and Government securities is recognised on a time proportion basis using the effective yield method.
- profit income on bank balances is recognised on an accrual basis.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.14 Earnings per unit

Earnings per unit is calculated by dividing the net income for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

- GoP Ijara Sukuks	403,267	8,839,031
- Term deposit receipts	-	81,916
	104,682,394	157,669,484

7 DEPOSIT, PREPAYMENT AND OTHER RECEIVABLE	Note	2022	2021
		----- (Rupees) -----	
Advances and deposits:			
- Security deposit with Central Depository Company of Pakistan Limited - Trustee		100,000	100,000
Prepayment:			
- Annual listing fee		11,672	5,941
Advance tax	7.1	4,202,767	4,202,767
		<u>4,314,439</u>	<u>4,308,708</u>

- 7.1 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 151 and 150. However several withholding agents deduct tax at source based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the cumulative amount of withholding tax has been shown under other receivable as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

8 PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY	Note	2022	2021
		----- (Rupees) -----	
Management remuneration payable	8.1	7,007,580	3,895,888
Sindh sales tax payable on management remuneration	8.2	974,005	623,235
Federal excise duty on management remuneration	8.3	779,745	779,745
Payable against allocated expenses	8.4	3,136,199	2,953,039
Selling and marketing expenses	8.5	2,895,129	4,429,553
Sales load payable to management company		2,625	34,013
		<u>14,795,283</u>	<u>12,715,473</u>

- 8.1 During the year, the Management Company has charged remuneration at the rate of 10% (2021: 10%) of the gross earnings of the Fund calculated on a daily basis not exceeding the maximum rate of remuneration permitted under the offering document, provided that the Fund is subject to a minimum fee of 0.25% of the average daily net assets of the Fund. Remuneration was charged on similar basis during the year ended June 30, 2022.
- 8.2 During the year, an amount of Rs. 7.98 million (2021: Rs. 7.42 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 7.66 million (2021: Rs. 8.72 million) has been paid to the Management Company which acts as a collecting agent.
- 8.3 The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 8.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 11.40 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at 30 June 2022 would have been higher by Rs 0.01 per unit (2021: Rs 0.01 per unit).

8.4 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge actual fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). Accordingly, Management Company has charged allocated expenses to the Fund based on its discretion subject to not being higher than actual expense.

8.5 The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company (except fund of funds).

9 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		----- (Rupees) -----	
Trustee remuneration payable	9.1	429,208	424,358
Sindh sales tax payable on trustee remuneration	9.2	101,380	53,186
		<u>530,588</u>	<u>477,544</u>

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed based on the daily NAV of the Fund as follows:

Net Assets (Rs.)

- up to Rs. 1 billion	Rs.0.17% p.a of NAV
- over Rs. 1 billion	Rs. 1.7 million plus 0.085% p.a of NAV exceeding Rs. 1,000 million
- over Rs. 5 billion	Rs. 5.10 million plus 0.07% p.a of NAV exceeding Rs. 5,000 million

9.2 During the year, an amount of Rs. 0.63 million (2021: Rs. 0.74 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.58 million (2021: Rs. 0.84 million) was paid to the Trustee which acts as a collecting agent.

10 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
		----- (Rupees) -----	
Annual fee payable to the SECP	10.1	1,281,373	1,525,741
		<u>1,281,373</u>	<u>1,525,741</u>

10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

The SECP vide SRO no. 685 (1) / 2019 dated June 28, 2019 revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Accordingly, the Fund has charged the SECP Fee at the rate of 0.02% of net assets during the year.

11 ACCRUED AND OTHER LIABILITIES	Note	2022	2021
----- (Rupees) -----			
Provision for Sindh Workers Welfare Fund	11.1	-	35,392,546
Withholding tax and capital gain tax payable		10,854,811	17,822,859
Sales load payable		13,833,015	3,097,847

Auditors' remuneration		491,624	577,846
Annual rating fee		325,999	347,316
Shariah advisory fee		421,280	600,184
Printing charges		204,226	174,289
Settlement charges		1,064,301	249,842
		28,742,980	59,459,210

11.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

12 CONTINGENCIES AND COMMITMENTS

There are no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

13 PROFIT / MARK-UP EARNED

Profit / Mark-up on:	2022	2021
----- (Rupees) -----

15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 1.45% which includes 0.15% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an income scheme.

16 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per section 4B of the Income Tax Ordinance, 2001.

Since the Management Company has paid the required minimum percentage of income earned by the fund during the year 30 June 2022 to the unit holders in the manner explained above, no provision for taxation has been made in these financial statements during the year.

18 NON SHARIAH COMPLIANT INCOME

According to the instructions of the Shariah Advisor, if any income is earned by the Fund from the investments whereby a portion of income of such investees has been derived from prohibited sources, such proportion of income of the Fund should be donated to charitable purposes. However, during the year ended June 30, 2022, no such income is earned.

19 TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investments Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

21 FINANCIAL INSTRUMENTS - FAIR VALUE AND RISK MANAGEMENT

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

21.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / profit rate risk and price risk.

21.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence, is not exposed to such risk.

21.1.2 Yield / profit rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The profit rate profile of the Fund's profit bearing financial instruments, as at June 30, 2022, is as follows:

	2022 ----- (Rupees) -----	2021 -----
Variable rate instruments (financial assets)		
Bank balances	2,943,952,385	2,650,484,213
Sukuk certificates	1,793,514,618	2,360,103,121
Commercial papers	348,416,346	550,434,259
GoP Ijara Sukuks	59,868,000	-
	<u>5,145,751,349</u>	<u>5,561,021,593</u>
Fixed rate instruments (financial assets)		
Bai Muajjal receivable	-	409,648,272
GoP Ijara Sukuks	4,800,000	7,040,200
	<u>4,800,000</u>	<u>416,688,472</u>

a) Sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in profit rates at the reporting date would have increased / decreased the income statement and statement of comprehensive income by Rs. 51.46 million (2021: Rs. 55.61 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

A reasonably possible change of 100 basis points in profit rates at the reporting date would have increased / decreased the income statement and statement of comprehensive income by Rs. 0.48 million (2021: Rs. 4.17 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

Cumulative profit rate sensitivity gap		3,552,635,369	5,561,021,592	5,561,021,592			

21.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

As at the reporting date, the Fund is not exposed to price risk.

21.2 Credit risk

Credit risk represents the risk of a loss if counterparties fail to perform as contracted and arises principally from bank balances, investments, profit receivable and deposit and other receivable.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

21.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
----- (Rupees) -----				
Bank balances	2,943,952,385	2,943,952,385	2,650,484,213	2,650,484,213
Investments	2,456,598,964	1,960,934,964	3,327,225,852	2,680,105,652
Profit receivable	104,682,394	104,279,127	157,669,484	148,830,453
Deposit	100,000	100,000	100,000	100,000
	<u>5,505,333,743</u>	<u>5,009,266,476</u>	<u>6,135,479,549</u>	<u>5,479,520,318</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in Government securities including profit receivable of Rs. 496.07 million (2021: Rs 655.96 million) are not exposed to credit risk.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

21.2.2 Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Bank name	Rating agency	Rating (Short Term / Long Term)	2022	2021
			Percentage of total bank balances	
Soneri Bank Limited	PACRA	A1+ / AA-	0.07%	12.57%

Al Baraka	VIS	A+ / A-1	11.88%	-
			<u>100.00%</u>	<u>100.00%</u>

21.2.3 Above ratings are on the basis of available rating assigned by PACRA and VIS as of June 30, 2022.

Investments

The Fund held investments in sukuk certificates, commercial papers, term deposit receipts and bai muajjal receivable with entities having following credit ratings:

Entity name	Rating agency	Rating (Short Term / Long Term)	2022	2021
			Percentage of investments	
Meezan Bank Limited	VIS	A-1+ / AAA	6.69%	14.24%
Engro Powergen Thar (Private) Limited	PACRA	A1 / AA-	2.06%	1.44%
International Brands Limited	VIS	A-2 / A	0.00%	5.17%

Hub Power Company Limited	PACRA	A1+ / AA+	15.16%	14.30%
Mughal Iron & Steel Industries Limited	VIS	A-2 / A	9.68%	6.79%
K-Electric Limited	PACRA	A1+ / AA	10.63%	16.54%
Pak Libya Holding Company Limited	PACRA	A1+ / AA-	0.00%	12.31%
Pak Oman Investment Company Limited	VIS	A-1+ / AA+	-	0.00%
Hascol Petroleum Limited	VIS	C / CC	-	0.00%
			57.53%	80.55%

This excludes investments made by the Fund in Government securities namely Pakistan Energy Sukuk II and GoP Ijara Sukuks.

Above ratings are on the basis of available rating assigned by PACRA and VIS as of June 30, 2022.

21.2.4 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly held with various banks and securities issued by the entities having reasonably high credit rating.

21.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in short term instruments in order to maintain liquidity.

The Fund can borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

2022	Within 1 month	1 to 3 months	3 to 12 months	1 to 5 years or more	With no fixed maturity	Total

21.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

2022			
Level 1	Level 2	Level 3	Total
----- (Rupees) -----			
At fair value through profit or loss			
Sukuk certificates	-	1,793,514,618	-
Term deposit receipts*	-	-	-
Commercial papers**	-	348,416,346	-
GoP (Government of Pakistan) Ijara Sukuks	-	64,668,000	-
Bai Muajjal receivable**	-	-	-
	-	<u>2,206,598,964</u>	-
			<u>2,206,598,964</u>
----- (Rupees) -----			
2021			
Level 1	Level 2	Level 3	Total
----- (Rupees) -----			
At fair value through profit or loss			
Sukuk certificates	-	2,360,103,121	-
Term deposit receipts*	-	-	-
Commercial papers**	-	550,434,259	-
GoP (Government of Pakistan) Ijara Sukuks	-	7,040,200	-
Bai Muajjal receivable**	-	409,648,272	-
	-	<u>3,327,225,852</u>	-
			<u>3,327,225,852</u>

* The carrying value of these securities approximate their fair value since these are short term in nature and are placed with counter parties which have high credit ratings.

** The valuation of commercial papers and Bai muajjal has been done based on amortisation of commercial paper to its fair value as per the guidelines given in Circular 33 of 2012 since the residual maturity of this investment is less than six months and they are placed with counterparties which have high credit rating.

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

21.5 Unit holder's fund management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is the risk that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of Unit Holders' Fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors are updated about the Fund yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

22 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

23 CORRESPONDING FIGURES

Corresponding figures have been rearranged, reclassified or additionally incorporated in the financial statements, wherever necessary, to facilitate comparison and to conform with the changes in presentation. No significant rearrangements or reclassifications were made in these financial statements.

24 GENERAL

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Alpha Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Conventional Stock Scheme

Investment Objective

The investment objective of Alfalah GHP Alpha Fund (AGAF) is seeking long term capital appreciation from a portfolio that is substantially constituted of equity and equity related securities.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive and attractive return as compared to peer funds.

Equity Market Review

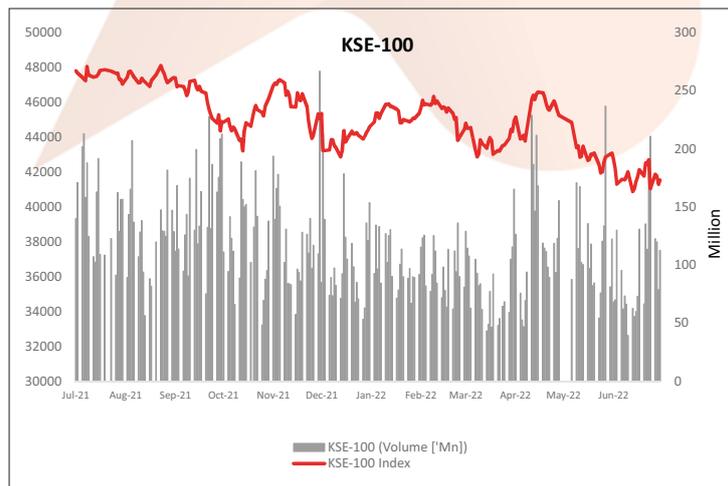

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

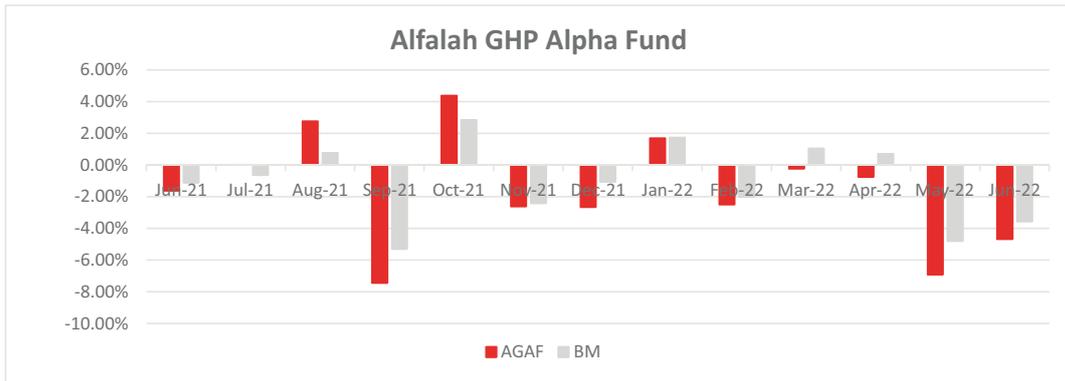

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

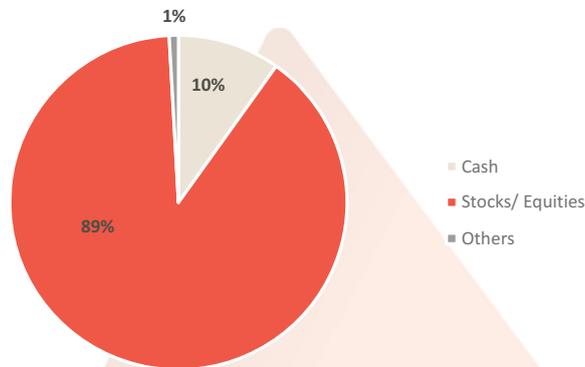

Fund Performance

During FY22, AGAF earned a negative return of -17.98% versus the benchmark (KSE-100) has a negative return of 12.28% during the same period.

Asset Allocation (as at 30 Jun 2022)

➤ **Description and explanation of any significant changes in the state of affairs of the Collective Investment Scheme during the period and up till the date of the manager's report, not otherwise disclosed in the financial statements**

There were no significant changes in the state of affairs during the year under review.

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP ALPHA FUND

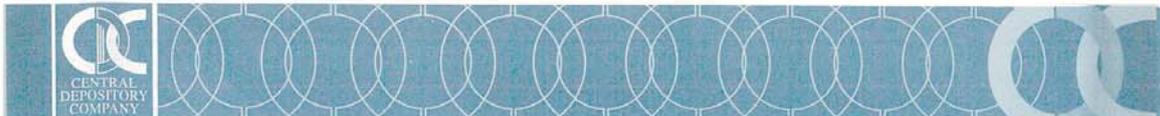

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Alpha Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Alpha Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Alpha Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

-: 2 :-

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
<p>As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments (comprised of equity securities) held by the Fund represent 99.34% of the total assets of the Fund as at the period end.</p>	<p>We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following:</p> <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

ey

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. *myw*

-: 4 :-

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Alfalah GHP Alpha Fund (the Fund) is an open-ended collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between Alfalah GHP Investment Management Limited, (the Management Company) and Central Depository Company of Pakistan Limited, (the Trustee). The Trust Deed was executed on December 27, 2007 and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the NBFC (Establishment and Regulation) Rules, 2003 (NBFC Rules), on February 29, 2008. The SECP approved the first Supplemental Trust Deed under the NBFC Rules, vide its letter No. NBFC/RS/AGIML/AGAF/176/2010 dated February 26, 2010 to modify and restate the previous trust Deed to effectuate renaming of the Fund to Alfalah GHP Alpha Fund.
- 1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.3 The Fund is categorised as an 'equity scheme' pursuant to the provisions contained in Circular 7 of 2009 issued by the SECP and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.4 According to the trust deed, the objective of the Fund is long term capital appreciation from a portfolio that is substantially constituted of equity and equity related securities. The Fund invests in equity securities and profit bearing accounts. The investment policy is explained in the Fund's offering document.
- 1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022.
- 1.6 The title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.7 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act and on September 17, 2021. The above mentioned Trust Deed has been registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on September 17, 2021.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's accounting period beginning on July 1, 2021. However, these are considered either to be not relevant or to not have any significant impact on the Fund's financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and valuation of investments (notes 3.3.1 and 5)
- Provision for Sindh Workers' Welfare Fund (note 11.1)
- Provision against Federal Excise Duty (note 9.2)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured at 'fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.3 Financial assets

3.3.1 Classification and subsequent measurement

3.3.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL) based on the business model of the entity

Based on the business model of the entity, however, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.3.1.2 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the Statement of Assets and Liabilities at fair value, with gains and losses recognised in the Income Statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The management considers its investment in equity securities as a group of assets and assesses them on a fair value basis and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVOCI are to be recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.3.2 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognise deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.10 Element of income / (loss) and capital gains / (losses) included in the prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.12 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Unrealised gain or losses in the value of investments classified as financial assets 'at fair value through profit or loss' are included in the income statement in the period in which they arise.
- Profit on bank balances is recognised on an accrual basis.
- Income on Government securities is recognised on a time proportion basis using the effective yield method.
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the date of commencement of book closure of the investee company / institution declaring the dividend.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.14 Earnings / (loss) per unit

Earnings per unit is calculated by dividing the net income for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

4	BANK BALANCES	Note	2022	2021
			----- (Rupees) -----	
	Balances with banks in:			
	Savings account	4.1	66,384,197	34,409,663

As at June 30, 2021							908,833,810	983,732,867	74,899,057	99.65%	100.00%	

5.1.1 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance, 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including the bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the Honourable High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 of Part I to the Second Schedule to the Income Tax Ordinance, 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Honourable Supreme Court of Pakistan (HSC) passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50 percent of the tax calculated by the tax authorities for the case to continue. The CISs failed to deposit the minimum 50 percent of the tax liability and accordingly the stay got vacated automatically. The CISs have filed a fresh constitutional petition vide CP 4653 dated July 11, 2019 and on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares, issued to the Funds in lieu of their investments, be created in the meantime. The matter is still pending adjudication and the Fund has included these shares in its portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies, except for bonus / right on shares already withheld by the investee companies.

The following is the detail of bonus shares of the Fund withheld by issuing companies:

Name of the investee company	Number of shares		Market Value (Rupees)	
	2022	2021	2022	2021
Hascol Petroleum Limited	3,891	3,891	16,420	34,747
The Searle Company Limited	5,972	4,594	651,067	1,114,596
Synthetic Products Enterprises Limited	2,278	1,139	32,097	48,988
Gul Ahmed Textiles Mills Limited	540	540	18,257	27,394
Pakistan State Oil Company limited	2,032	2,032	349,179	455,676
Faysal Bank Limited	4,463	4,463	102,917	75,737
			1,169,938	1,757,138

5.1.2 The above investments include shares having a market value (in aggregate) amounting to Rs 38.36 million (2021: Rs 48.44 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the Securities and Exchange Commission of Pakistan. The details of shares which have been pledged are as follows:

Name of the investee company	Number of shares		Market Value (Rupees)	
	'Number of shares'	"Market value (Rupees)"	'Number of shares'	"Market value (Rupees)"
The Hub Power Company Limited	280,000	19,087,600	280,000	22,307,600
Oil and Gas Development Company Limited	245,000	19,274,150	275,000	26,133,250
		<u>38,361,750</u>		<u>48,440,850</u>

6 ADVANCES, DEPOSITS AND OTHER RECEIVABLES

	Note	2022	2021
Security deposits with:			
- Central Depository Company of Pakistan Limited (CDC)		200,000	200,000
- National Clearing Company of Pakistan Limited (NCCPL)		2,500,000	2,500,000
Mark-up receivable on bank balances	6.1	2	702,667
Advance tax	6.2	92,989	92,991
Advance against book building		-	2,816,420
		<u>2,792,991</u>	<u>6,312,078</u>

6.1 This includes Nil accrued markup (2021: Rs 0.71 million) receivable from Bank Alfalah Limited (a related party).

6.2 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 151 and 150. However several withholding agents deduct tax at source based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the cumulative amount of withholding tax has been shown under other receivable as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

7 RECEIVABLE AGAINST SALE OF INVESTMENTS

This represents net receivable from sale of investments which requires delivery and settlement of securities within two days after transaction date as required by Pakistan Stock Exchange Regulations. These amounts have been received subsequent to the year end.

8 PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY	Note	2022	2021
		----- Rupees -----	
Management remuneration payable	8.1	947,598	1,576,040
Performance fee payable to the Management Company		4,684,377	2,978,166
Sindh sales tax payable on management remuneration	8.2	787,780	873,269
Sindh sales tax payable on performance fee	8.2	708,801	488,878
Federal excise duty payable on management remuneration	8.3	4,879,884	4,879,884
Federal excise duty payable on performance fee	8.3	297,850	297,850
Payable against allocated expenses	8.4	1,197,909	489,224
Payable against marketing and selling expenses	8.5	3,782,852	5,290,144
Sales load payable		479,968	484,885
		<u>17,767,020</u>	<u>17,358,340</u>

- 8.1** As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document, subject to the total expense ratio limit. The Management Company has charged remuneration at a rate of 1.75% (2021: 1.75%) of the average annual net assets of the Fund. The remuneration is paid to the Management Company on a monthly basis in arrears.
- 8.2** During the year, an amount of Rs. 2.651 million (2021: Rs. 2.513 million) was charged on account of sales tax on management fee and performance fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 2.597 million (2021: Rs. 2.326 million) has been paid to the Management Company which acts as a collecting agent.
- 8.3** The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 9.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 5.18 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at 30 June 2022 would have been higher by Rs 1.34 per unit (2021: Rs 0.32 per unit).

- 8.4** In accordance with regulation 60 of the NBFC Regulations, the Management Company is entitled to charge actual fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). Accordingly, Management Company has charged allocated expenses to the Fund based on its discretion subject to not being higher than actual expense.
- 8.5** The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company.

9 PAYABLE TO THE TRUSTEE	Note	2022	2021
		----- Rupees -----	
Trustee remuneration payable	9.1	104,519	172,271
Sindh sales tax payable on trustee remuneration	9.2	1,725	10,541
		<u>106,244</u>	<u>182,812</u>

- 9.1** The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed based on the daily net assets of the Fund as follows:

Net Assets (Rs.)	
up to Rs. 1,000 million	0.20% per annum of net assets.
over Rs. 1,000 million	Rs 2.0 million plus 0.10% per annum of net assets exceeding Rs 1,000 million.

- 9.2** During the year, an amount of Rs 0.26 million (2021: Rs. 0.25 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.26 million (2021: Rs. 0.26 million) was paid to the Trustee which acts as a collecting agent.

10 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

- 10.1** Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

11 ACCRUED AND OTHER LIABILITIES	Note	2022	2021

Sales load payable		81	67,473
		<u>4,075,746</u>	<u>24,823,895</u>

11.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and 30 June 2021.

13 PROFIT INCOME	2022	2021
----- (Rupees) -----		
Profit income on:		
- Bank balances	<u>3,765,604</u>	<u>2,801,395</u>
14 AUDITORS' REMUNERATION		
Audit fee	400,000	400,000
Review and other certifications	227,000	227,000
Out of pocket expenses	130,990	72,583
	757,990	699,583
Sindh sales tax	81,510	55,967
	<u>839,500</u>	<u>755,550</u>

15 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per section 4B of the Income Tax Ordinance, 2001.

Since the Management Company has paid the required minimum percentage of income earned by the fund during the year 30 June 2022 to the unit holders in the manner explained above, no provision for taxation has been made in these financial statements during the year.

16 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 4.70% (2021: 5.00%) which includes 0.35% (2021: 0.92%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP, etc. The TER excluding government levies is 4.36% which within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an equity scheme.

17 EARNING / (LOSS) PER UNIT

Earning / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating earning per unit is not practicable.

18 TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risks: currency risk, yield / interest rate risk and price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

20.1.2 Yield / Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2022, is as follows:

	Note	2022	2021
		----- (Rupees) -----	
Variable rate instrument (financial asset)			
Bank balance	4	<u>66,575,816</u>	<u>34,409,663</u>

a) Sensitivity analysis for variable rate instrument

A reasonably possible change of 100 basis points in profit rates at the reporting date would have increased / decreased the income statement by Rs 0.34 million (2021: Rs 0.34 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

Presently, the Fund does not hold any fixed rate instruments.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

20.1.2 Yield / Interest rate risk (Continued)

Cumulative interest rate sensitivity gap		34,409,663	34,409,663	34,409,663		

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund's investments in equity securities. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

The table below summarizes the sensitivity of the Fund's net assets attributable to unit holders to the equity price movements as at June 30, 2022. The analysis is based on the assumption that the PSX index had increased or decreased by 1%, with all other variables held constant.

At June 30, 2022, the fair value of equity securities exposed to price risk was disclosed in note 5.1.

<i>Effect due to increase / decrease in KSE 100 index</i>	2022	2021
	-----Rupees-----	
Investment and net assets	5,912,123	9,837,329
Income statement	<u>5,912,123</u>	<u>9,837,329</u>

20.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligations as it falls due.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent control established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee.

20.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
	----- (Rupees) -----			
Bank balances	66,575,816	66,575,816	34,498,244	34,498,244
Investments	591,212,323	-	983,732,867	-
Advance, deposits and mark up receivable	2,700,002	2,700,002	6,219,087	5,516,420
Receivable against sale of investments	1,570,331	5,185,530	5,185,530	5,185,530
	<u>662,058,472</u>	<u>74,461,348</u>	<u>1,029,635,728</u>	<u>45,200,194</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in listed equity securities of Rs. 591.21 million (2021: Rs. 983.73 million) are not exposed to credit risk.

Credit risk on dividend receivable is minimal due to statutory protection. All transactions in listed securities are settled / paid for upon delivery using the National Clearing Company of Pakistan Limited. The risk of default is considered minimal due to inherent systematic measures taken therein.

No financial assets were considered to be either past due or impaired as at June 30, 2022 and June 30, 2021.

20.2.2 Bank balances

The Fund held bank balances at June 30, 2021 with banks having following credit ratings:

Name of bank	Rating (Short Term / Long Term)	Rating Agency	2022	2021
Bank Alfalah Limited	A1+ / AA+	PACRA	95.57%	95.57%
Allied Bank Limited	A1+ / AAA	PACRA	0.13%	0.13%
JS Bank Limited	A1+ / AA-	PACRA	0.07%	0.07%
Zarai Taraqiati Bank Limited	A-1+ / AAA	VIS	0.03%	0.03%
MCB Bank Limited	A1+ / AAA	PACRA	1.43%	1.43%
Silk Bank Limited	A-2 / A-	VIS	0.03%	0.03%
Central Depository Company of Pakistan Limited	N/A	N/A	0.00%	0.00%
National Bank of Pakistan	A1+ / AAA	PACRA	2.72%	2.72%
Soneri Bank Limited	A1+ / AA-	PACRA	0.02%	0.02%
			<u>100.00%</u>	<u>100.00%</u>

Above ratings are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

20.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds' portfolio of financial instruments is mainly held with various banks and securities issued by the entities having reasonably high credit rating. Further investments in listed equity securities are not exposed to credit risk.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

20.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following assets measured at fair values:

	2022			
	Level 1	Level 2	Level 3	Total

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

20.5 Unit holders' fund risk management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officers of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

21 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

22 CORRESPONDING FIGURES

Corresponding figures have been re-classified, re-arranged or additionally incorporated in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications were made in these financial statements.

(iii) **PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE**

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Stock Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Conventional Stock Scheme

Investment Objective

The investment objective of IGI Stock Fund (IGI SF) is to seek long-term capital growth by investing primarily in a diversified pool of equities and equity related instruments, management team shall ensure the active implementation of prudent investment practices, the highest professional standards and compliance of applicable laws.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive and attractive return as compared to peer funds.

Review of the Market

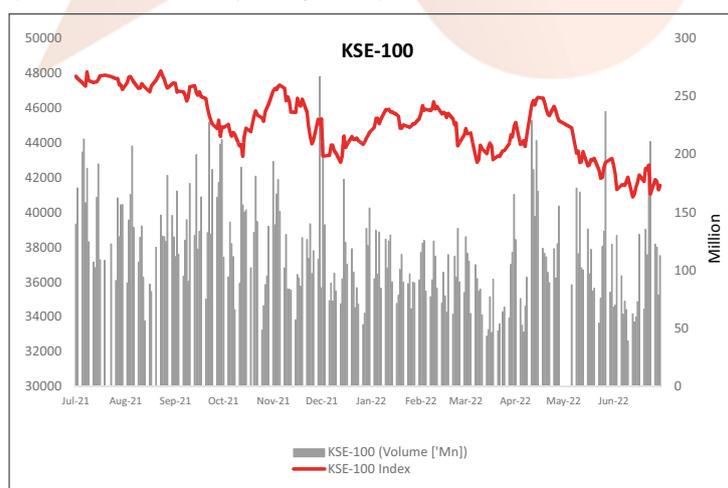

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

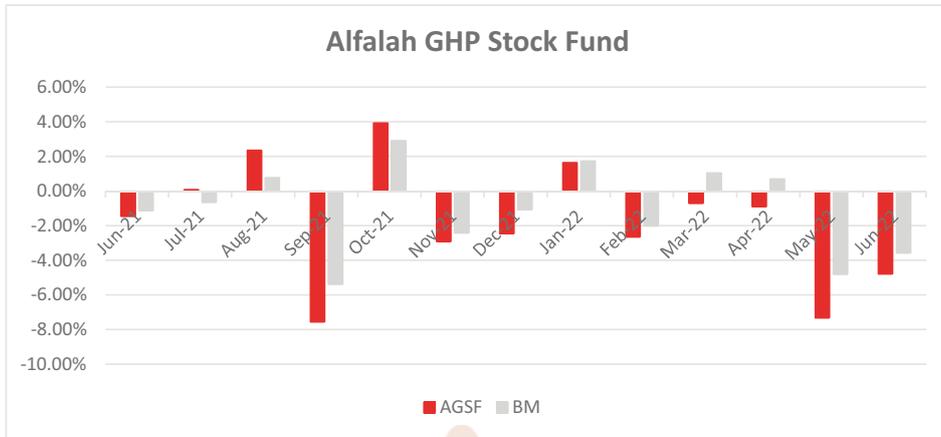

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

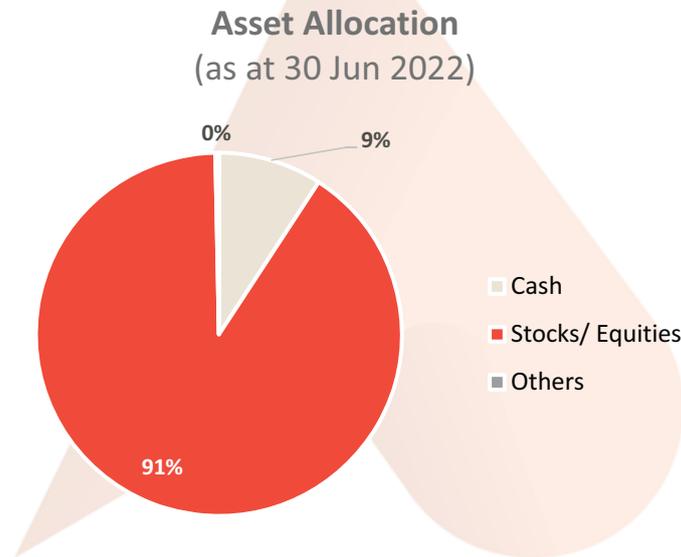

Fund Performance

During FY21, AGSF earned a negative return of 19.86% versus the benchmark (KSE-100) negative return of 12.28% during the same period.

Asset Allocation

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP STOCK FUND

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Stock Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi: September 20, 2022

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Alfalah GHP Stock Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah GHP Stock Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	<p>The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 1,234.9 million and bank balances aggregated to Rs. 125.31 million.</p> <p>The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

ALFALAH GHP STOCK FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 Alfalah GHP Stock Fund (the Fund) is an open-ended Fund constituted under a trust deed executed under the Trust Act, 1882 entered into on June 10, 2008 between IGI Funds Limited (Former Management Company), a company incorporated under the repealed Companies Ordinance, 1984 and Central Depository Company of Pakistan Limited (CDC) as the Trustee, also incorporated under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). On October 15, 2013, the management rights of the Fund were transferred from IGI Funds Limited to Alfalah GHP Investment Management Limited (the Management Company) by means of the Securities and Exchange Commission of Pakistan sanctioned order No. SCD/NBFC-II/IGIFL & AFGHP/742/2013. The SECP has approved second supplemental Trust Deed, under the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations), vide its letter No. SCD/AMCW/AGISF/239/2015 dated February 03, 2015 to modify and restate the previous Trust Deed to effectuate renaming of the Fund to Alfalah GHP Stock Fund.

The Trust Act, 1882 had been repealed due to promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). Consequently, the fund was required to be registered under the Sindh Trust Act and on September 9, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non Banking Finance Companies Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.

1.3 The Fund is categorised as an 'equity scheme' pursuant to the provisions contained in Circular 7 of 2009 issued by the SECP and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.4 The objective of the Fund is to provide good total return through a long term capital appreciation and income, from a portfolio that is substantially constituted of equity and equity related securities. The Fund may also invest a certain portion of its assets in debt and money market securities in order to meet liquidity requirements from time to time. The investment objectives and policy are explained in the Fund's offering document.

1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022.

1.6 Title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984;
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements is classification and valuation of investments (notes 3.3.2 and 5)

2.5 Accounting Convention

These financial statements have been prepared under the historical cost convention, except for investments measured 'at fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.3 Financial assets

3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.2 Classification and subsequent measurement

3.3.2.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the Statement of Assets and Liabilities at fair value, with gains and losses recognised in the Income Statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.3.2.2 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost;
- at fair value through other comprehensive income (FVOCI); or
- at fair value through profit or loss (FVTPL)

Based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.3.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.3.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's Circular.

3.3.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.12 Revenue recognition

- Gains / (losses) arising on sale of investments are included in Income Statement and are recognised when the transaction takes place.
- Unrealised appreciation / (diminution) arising on re-measurement of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the date of commencement of book closure of the investee company / institution declaring the dividend.
- Profit on saving accounts with banks is recognised on an accrual basis.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

4	BANK BALANCES	Note	2022	2021
			----- (Rupees) -----	
	Savings accounts	4.1	125,305,592	238,707,133

4.1 These accounts carry mark-up rates ranging between 5.50% to 16.60% (2021: 5.50% to 7.70%) per annum. These includes bank balance of Rs. 124.97 million (2021: Rs. 237.61 million) maintained with Bank Alfalah Limited (a related party), carrying mark-up at the rate of 16.60% (2021: 7.70%) per annum.

- 5.1.1** All shares have a nominal value of Rs 10 each except for the shares of Synthetic Products Enterprise Limited (nominal value changed from Rs 10 to Rs 5 during the period) and Thal Limited which has a face value of Rs. 5 each.
- 5.1.2** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance, 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including the bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the Honourable High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 of Part I to the Second Schedule to the Income Tax Ordinance, 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Honourable Supreme Court of Pakistan (HSC) passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50 percent of the tax calculated by the tax authorities for the case to continue. The CISs failed to deposit the minimum 50 percent of the tax liability and accordingly the stay got vacated automatically. The CISs have filed a fresh constitutional petition vide CP 4653 dated July 11, 2019 and on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares, issued to the Funds in lieu of their investments, be created in the meantime. The matter is still pending adjudication and the Fund has included these shares in its portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies, except for bonus / right on shares already withheld by the investee companies.

As at June 30, 2022, the following bonus shares of the Fund were withheld by certain companies at the time of declaration of the bonus shares:

Name of investee Company	2022		2021	
	Bonus Shares			
	Number	Market value (Rupees)	Number	Market value (Rupees)
Hascol Petroleum Limited	6,789	28,650	6,789	60,626

Advance against book building of Citi Pharma Limited		-	5,147,418
		<u>2,065,951</u>	<u>5,485,929</u>

7.1 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 150 and 151. However, during the year ended June 30, 2022, withholding tax on dividend and profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on dividends and profit on debt amounts to Rs. 0.334 million (2021: Rs. 0.329 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown as other receivables as at June 30, 2022 as in the opinion of the management, the amount of tax deducted at source will be refunded.

8 PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY

	Note	2022	2021
		(Rupees)	
Management remuneration payable	8.1	2,178,891	3,148,498
Sindh sales tax payable on management remuneration	8.2	1,500,165	1,840,036
Payable against allocated expenses	8.3	3,567,954	973,103
Payable against selling and marketing expenses	8.4	16,254,257	15,961,141
Federal excise duty payable on management remuneration	8.5	10,130,264	10,130,264
Sales load payable		3,283,133	3,283,133
		<u>36,914,664</u>	<u>35,336,175</u>

- 8.1** 'As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document, subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged remuneration at the rate of 2% (2021: 2%) of average annual net assets of the Fund. The remuneration is paid to the Management Company on a monthly basis in arrears.
- 8.2** During the year, an amount of Rs. 5.121 million (2021: Rs. 4.787 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 5.280 million (2021: Rs. 4.620 million) has been paid to the Management Company which acts as a collecting agent.
- 8.3** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Accordingly, the Management Company has charged allocated expenses to the fund based on its discretion subject to not being higher than actual expense incurred.

- 8.4** The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company.

- 8.5** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 10.130 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan.

Had the provision for FED not been recorded in these financial statements of the Fund, the net asset value of the Fund as at June 30, 2022 would have been higher by Re. 0.69 per unit (June 30, 2021: Re. 0.52 per unit).

9 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		----- (Rupees) -----	
Trustee remuneration payable	9.1	169,715	230,482
Sindh sales tax payable on trustee remuneration	9.2	33,021	40,922
		<u>202,736</u>	<u>271,404</u>

- 9.1** The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily NAV of the Fund. The remuneration is payable to the Trustee according to the following tariff structure:

Net Assets (Rs.)	Tariff for the year ended June 30, 2022
up to Rs. 1 billion	0.20% p.a. of net assets
over Rs.1 billion	Rs. 2.0 million plus 0.10% p.a. of net assets exceeding Rs.1 billion

- 9.2** During the year, an amount of Rs. 0.39 million (2021: Rs 0.37 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.39 million (2021: Rs 0.36 million) was paid to the Trustee which acts as a collecting agent.

10 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
		----- (Rupees) -----	
Annual fee payable	10.1	<u>393,866</u>	<u>371,791</u>

- 10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP) at the rate of 0.02% of average annual net assets of the Fund.

11 ACCRUED EXPENSES AND OTHER LIABILITIES	Note	2022 ----- (Rupees) -----	2021 ----- (Rupees) -----
Provision for Sindh Workers' Welfare Fund	11.1	-	28,478,664
Brokerage expense payable		1,168,487	1,364,681
Auditors' remuneration payable		807,491	1,040,573
Clearing charges payable		502,047	363,455
Printing charges payable		44,467	43,076
Capital gain tax payable		82,371	228,208
Listing fee payable		-	4,549
Sales load payable		432,327	714,864
Withholding tax payable		-	13,448,801
		<u>3,037,190</u>	<u>45,686,871</u>

- 11.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds had accordingly made provision in respect of SWWF as recommended by MUFAP.

During the year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and all the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in the financial statements of the Fund.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2022 and June 30, 2021.

13 AUDITORS' REMUNERATION	2022 ----- (Rupees) -----	2021 ----- (Rupees) -----
Audit fee	381,024	381,024
Review and other certifications	301,000	301,000
Out of pocket expenses	107,045	62,357
	<u>789,069</u>	<u>744,381</u>
Sindh sales tax	63,126	59,550
	<u>852,195</u>	<u>803,931</u>

14 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund has not recorded any tax liability as the Fund has incurred a net loss for the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 4.81% (June 30, 2021: 4.98%) which includes 0.33% (June 30, 2021: 0.89%) representing government levies on the Fund, sales taxes, annual fee to the SECP, etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an equity scheme.

18 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

18.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

18.1.2 Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2022, is as follows:

	Note	2022 ----- (Rupees) -----	2021 ----- (Rupees) -----
Variable rate instrument (financial asset)			
Bank balance	4	<u>125,305,592</u>	<u>238,707,133</u>

a) Sensitivity analysis for variable rate instrument

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement and statement of comprehensive income by Rs 0.104 million (2021: Rs 0.199 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instruments

As at reporting date, the Fund does not hold any fixed rate instruments.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

18.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund investments in equity securities and investments in open end mutual funds. The Fund manages its price risk by diversifying its portfolio within the eligible limits prescribed in the Fund's constitutive documents, the NBFC Regulations and circulars issued by SECP from time to time.

The table below summarizes the sensitivity of the Fund's net assets attributable to unit holders to the equity price movements as at June 30, 2022. The analysis is based on the assumption that the investments will increase and decreases by 1%, with all other variables held constant and that the fair value of the Fund's portfolio move according to their historical correlation with index and this represents managements' best estimate of a reasonable possible shift, having regards to the historical volatility.

At June 30, 2022, the fair value of investments exposed to price risk was disclosed in note 5..

	2022	2021
	(Rupees)	
<i>Effect due to increase / decrease in KSE 100 index</i>		
Investment and net assets	<u>12,352,893</u>	<u>20,948,365</u>
Income statement	<u>12,352,893</u>	<u>20,948,365</u>

18.2 Credit risk

Credit risk represents the risk of a loss if counterparties fail to perform as contracted and arises principally from bank balances, profit and other receivable, security deposits and receivable against sale of investments.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

18.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 is as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
	----- (Rupees) -----			
Bank balances	125,305,592	125,305,592	238,707,133	238,707,133
Investments	1,234,899,775	-	2,094,836,529	-
Security deposits	2,600,000	2,600,000	2,600,000	2,600,000
Dividend and profit receivable	1,731,651	1,731,651	5,156,876	5,156,876
Receivable against sale of investments	8,565,437	8,565,437	-	-
	<u>1,373,102,455</u>	<u>138,202,680</u>	<u>2,341,300,538</u>	<u>246,464,009</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in listed equity securities of Rs 1,235.289 million (2021: Rs 2,094.837 million) are not exposed to credit risk.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

18.2.2 Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Name of bank	Rating (Short Term / Long Term)	Rating Agency	2022	2021
			% of bank balances exposed to	
Bank Alfalah Limited	A1+ / AA+	PACRA	99.73%	99.54%
Bank Al-Habib Limited	A1+ / AAA	PACRA	0.01%	0.00%
MCB Bank Limited	A1+ / AAA	PACRA	0.21%	0.28%
Allied Bank Limited	A1+ / AAA	PACRA	0.01%	0.05%
JS Bank Limited	A1+ / AA-	PACRA	-	0.01%
Soneri Bank Limited	A1+ / AA-	PACRA	0.03%	0.02%
Central Depository Company of Pakistan Limited - Trustee	N/A	N/A	0.00%	0.00%
Zarai Taraqati Bank of Pakistan	A1+ / AAA	VIS	-	0.00%
National Bank of Pakistan	A1+ / AAA	PACRA	0.00%	0.09%
Silk Bank Limited	A2 / A-	VIS	-	0.00%
			<u>100.00%</u>	<u>100.00%</u>

Above rates are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

18.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

18.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in short term instruments in order to maintain liquidity.

The Fund can borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

	Within one month	More than one month and upto three months	More than three months and upto one year	More than one year	Financial Instruments with no fixed maturity	Total

18.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted price (unadjusted) in an active market for identical assets or liabilities that the entity can access at the measurement date;
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);
- Level 3: Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund held the following assets measured at fair values:

As at June 30, 2022			
Level 1	Level 2	Level 3	Total
Financial assets 'at fair value through profit or loss'			
Investments			
- Listed equity securities	1,218,663,135	-	1,218,663,135
- Units of exchange traded funds	16,236,640	-	16,236,640
	<u>1,234,899,775</u>	<u>-</u>	<u>1,234,899,775</u>
Rupees			
As at June 30, 2021			
Level 1	Level 2	Level 3	Total
Financial assets 'at fair value through profit or loss'			
- Listed equity securities	<u>2,094,836,529</u>	<u>-</u>	<u>2,094,836,529</u>
Rupees			

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

18.5 Unit Holders' Fund risk management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is the risk that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of Units at the discretion of the unit holders and occurrence of the unexpected losses in investment portfolio which may causes adverse effects on the Fund's continuation as going concern.

The Fund's objective when managing net assets attributable to unit holders is to safe guard the Fund's ability to continue as going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of Unit Holders' Fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues unit in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required make necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well returns earned

on the net assets to maintain investors confidence and achieve future growth in business. Further the Board of Directors is updated about the Fund yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gain as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The fund has maintained minimum size of one hundred million at all times during the year.

19 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors, credit rating of the Fund and the Management Company of the Fund as required under Schedule V of the NBFC Regulations has been disclosed in Annexure to the financial statements.

20 CORRESPONDING FIGURES

(iii) **PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE**

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Islamic Stock Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Shariah compliant Islamic Equity Scheme (Previously Shariah Compliant Asset Allocation Scheme)

Investment Objective

The investment objective of Alfalah GHP Islamic Stock Fund (AGISF) is seeking long term capital appreciation and income from a diversified portfolio developed in consistence with the principles of Shariah.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive and attractive return as compared to peer funds via investments in Shariah Compliant avenues.

Equity Market Review

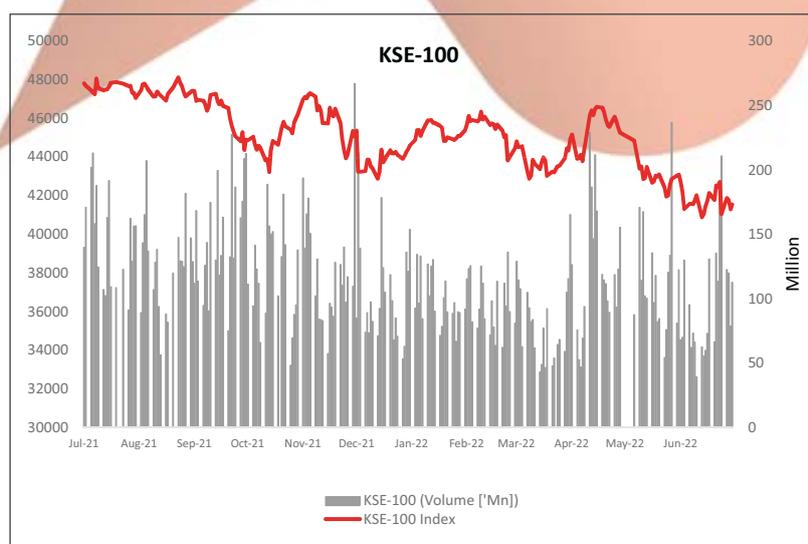

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

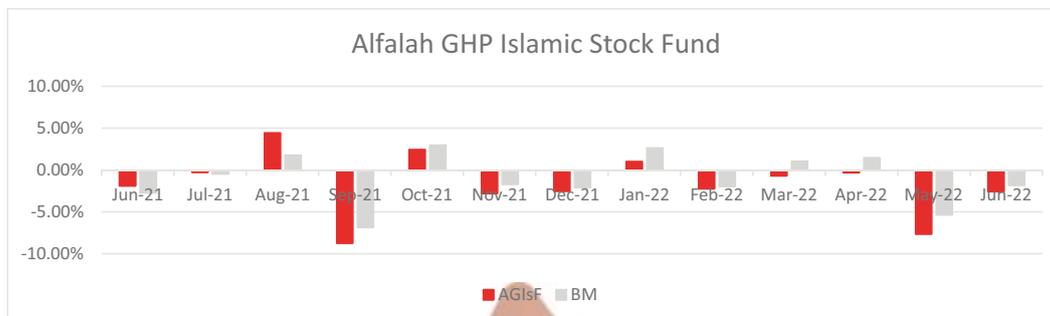

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

Fund Performance

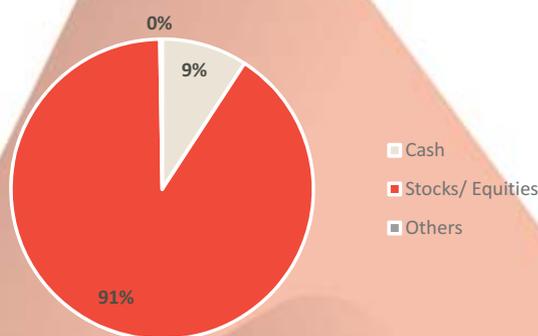

In FY22, AGISTF earned a negative return of 18.67% while its benchmark earned a negative return of 10.25% during the same period.

Performance comparison with Benchmark

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Islamic Stock Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Islamic Stock Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments held by the Fund represent 99.75% of the total assets of the Fund as at the period end.	<p>We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following:</p> <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.

-: 2 :-

Key audit matter	How our audit addressed the key audit matter
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

-: 3 :-

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

-: 4 :-

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Alfalah GHP Islamic Stock Fund (formerly Alfalah GHP Islamic Fund) (the Fund) is an open-ended collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between Alfalah GHP Investment Management Limited (the Management Company) and Central Depository Company of Pakistan Limited (the Trustee). The Trust Deed was executed on April 11, 2007 and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the NBFC (Establishment and Regulation) Rules, 2003 (the NBFC Rules), on March 29, 2007. The SECP has approved second Supplemental Trust Deed, under the NBFC Regulations, vide its letter No. SCD/AMCW/AGISF/239/2015 dated February 03, 2015 to modify and restate the previous Trust Deed to effectuate renaming of the Fund to Alfalah GHP Islamic Stock Fund.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.

1.2 The Fund is categorised as a 'shariah compliant equity scheme' pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.3 According to the Trust Deed, the objective of the Fund is to provide good total return through a combination of current income and long-term capital appreciation, consistent with reasonable investment risk in shariah compliant equity securities. The Fund invests in shariah compliant securities and profit bearing accounts. The investment objectives and policy are explained in the Fund's offering document.

The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022.

1.4 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Acts namely "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on 17 September, 2021.

2 BASIS OF PREPARATION

2.1 Statement of compliance

"These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:"

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are

□ recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follow:

- i. Classification and valuation of Investments (notes 3.2.1 and 5)
- ii. Provision for Sindh Workers' Welfare Fund (note 11.1)
- iii. Provision against Federal Excise Duty (note 8.3)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'financial assets at fair value through profit or loss' which are measured at their fair values.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all years.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Classification and subsequent measurement

3.2.1.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as fair value through profit or loss (FVPL). Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.2.1.2 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.2.1.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.1.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised

at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.2.1.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.2.1.6 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.4 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90% of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognize deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Unrealised gains / losses arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are recorded in the period in which these arise.
- Profit on saving account with banks is recognised on a time proportion basis using the effective yield method.
- Dividend income is recognised when the right to receive the dividend is established.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.13 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.14 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

5.1.1 The above investments include shares having a market value (in aggregate) amounting to Rs. 61.35 million (2021: Rs. 78.78 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with circular no. 11 dated October 23, 2007 issued by the Securities & Exchange Commission of Pakistan. The details of shares which have been pledged are as follows:

Name of investee Company	2022	2021	2022	2021
	Number of shares		Market Value	
----- (Rupees) -----				
D.G. Khan Cement Company Limited	-	60,000	-	7,075,200
The Hub Power Company Limited	900,000	1,000,000	61,353,000	71,703,000
			61,353,000	78,778,200

- 5.1.2** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance, 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including the bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the Honourable High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 of Part I to the Second Schedule to the Income Tax Ordinance, 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Honourable Supreme Court of Pakistan (HSC) passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50 percent of the tax calculated by the tax authorities for the case to continue. The CISs failed to deposit the minimum 50 percent of the tax liability and accordingly the stay got vacated automatically. The CISs have filed a fresh constitutional petition vide CP 4653 dated July 11, 2019 and on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares, issued to the Funds in lieu of their investments, be created in the meantime. The matter is still pending adjudication and the Fund has included these shares in its portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

- 8.1** As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document, subject to the total expense ratio limit. The Management Company has charged remuneration at a rate of 2% (2021: 2%) of the average annual net assets of the Fund. The remuneration is paid to the Management Company on a monthly basis in arrears.
- 8.2** During the year, an amount of Rs. 5.132 million (2021: Rs. 5.975 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 5.356 million (2021: Rs. 5.841 million) has been paid to the Management Company which acts as a collecting agent.
- 8.3** The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 8.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 9.78 million (2021: Rs 9.78 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at 30 June 2022 would have been higher by Re 0.14 per unit (2021: Re 0.11 per unit).

- 8.4** In accordance with regulation 60 of the NBFC Regulations, the Management Company is entitled to charge actual fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). Accordingly, Management Company has charged allocated expenses to the Fund based on its discretion subject to not being higher than actual expenses.
- 8.5** The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company (except fund of funds).

9 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		----- (Rupees) -----	
Trustee remuneration payable	9.1	201,041	287,231
Sindh sales tax payable on Trustee remuneration	9.2	26,138	37,341
		<u>227,179</u>	<u>324,572</u>

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund. The remuneration is payable to the Trustee according to the following tariff structure:

Net Assets (Rs.)	
up to Rs. 1 billion	0.20% p.a of net assets
over Rs. 1 billion	Rs. 2.0 million plus 0.10% p.a. of net assets exceeding Rs. 1 billion

9.2 Accordingly during the year, an amount of Rs. 0.39 million (2021: Rs. 0.43 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.398 million (2021: Rs. 0.422 million) was paid to the Trustee which acts as a collecting agent.

10 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN (SECP)	Note	2022	2021
		----- (Rupees) -----	
Annual fee payable	10.1	<u>394,724</u>	<u>459,611</u>

10.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

11 ACCRUED EXPENSES AND OTHER LIABILITIES	Note	2022	2021
		----- (Rupees) -----

Annual rating fee		235,413	235,413
Conversion Payable		1,179,940	-
Other liabilities		114,420	276,878
		<u>7,541,763</u>	<u>88,613,714</u>

11.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

11.2 According to the instructions of the Shariah Advisory Board, any income earned by the Fund from investments a portion of which has been made in non-shariah compliant avenues, such portion of the income of the Fund from that investee should be donated for charitable purposes directly by the Fund.

12. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

	2022	2021
	----- (Rupees) -----	
13 AUDITORS' REMUNERATION		
Audit fee	400,000	400,000
Review and other certification	310,517	260,517
Out of pocket expenses	68,127	88,604
Sindh sales tax	60,856	52,841
	<u>839,500</u>	<u>801,962</u>

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 4.82% which includes 0.3284% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP etc. The TER excluding government levies is 4.39% which is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an equity scheme.

15 TAXATION

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders. The Fund is also exempt from the provisions of the section 113 (minimum tax) under clause 4A of Part IV of the Second Schedule of the Income tax Ordinance, 2001. Since the management has paid the required minimum percentage of income earned by the the Fund during the year ended 30 June 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

16 TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include the Management Company, Funds under management of the Management Company, GHP Beteiligungen Holding limited, Bank Alfalah Limited and MAB Investment Incorporation being associated companies of the Management Company, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund, the Management Company - Staff Provident Fund, directors and their close family members and key management personnel of Alfalah GHP Investment Management Limited and Central Depository Company of Pakistan Limited (CDC) being the Trustee of the Fund, and other associated companies and connected persons. Connected persons also include any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration to the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Funds's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and price risk.

18.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

18.1.2 Yield / Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2022, is as follows:

Variable rate instrument (financial asset)	2022	2021
	----- (Rupees) -----	
Bank balance	<u>77,621,472</u>	<u>7,588,656</u>

a) Sensitivity analysis for variable rate instrument

A reasonably possible change of 100 basis points in profit rates on the last repricing date would have increased / decreased the net profit for the year and the net assets of the Fund by Rs 0.78 million (2021: Rs 0.064 million). The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

As at reporting date, the Fund does not hold any fixed rate instruments.

The composition of the Fund's investment portfolio and the profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

Cumulative profit rate sensitivity gap		<u>7,588,656</u>	<u>7,588,656</u>	<u>7,588,656</u>		

18.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund's investment in equity securities classified as 'at fair value through profit or loss'. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Trust Deed. The NBFC Regulations also limit investment in individual equity securities to not more than 15% of the net assets and issued capital of the investee company and sector exposure upto 40% of the net assets.

In case of 1% increase / decrease in KSE 100 index on June 30, 2022, with all other variables held constant, the net income / loss and the net assets of the Fund would increase / decrease by Rs 13.13 million (2021: Rs 23.899 million) as a result of gains / losses on equity securities classified as 'financial assets at fair value through profit or loss'.

The analysis is based on the assumption that equity index has increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 100 Index.

At June 30, 2022, the fair value of equity securities exposed to price risk is disclosed in note 5.1.

18.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

18.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
----- (Rupees) -----				
Bank balances	132,771,615	132,771,615	47,305,534	47,305,534
Investments	1,312,740,146	-	2,389,899,802	-
Security deposits	2,600,000	2,600,000	2,600,000	2,600,000
Receivable against sale of investments	-	-	-	-
Dividend, profit and other receivable	1,029,724	1,029,724	13,284,867	13,284,867
	<u>1,449,141,485</u>	<u>136,401,339</u>	<u>2,453,090,203</u>	<u>63,190,401</u>

The difference in the balance as per the Statement of Assets and Liabilities and maximum exposure is due to the fact that investments in listed equity securities of Rs 1,312.74 million (2021: Rs 2,389.9 million) is not exposed to credit risk.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

18.2.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon, credit exposure arising as a result of dividends receivable on equity securities. Credit risk on dividend receivable is minimal due to statutory protection.

Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Bank	Rating Agency	Rating	2022	2021
Bank Alfalah Limited	PACRA	A1+ / AA+	41.62%	84.19%
Meezan Bank Limited	VIS	A-1+ / AAA	0.006%	0.018%
National Bank of Pakistan	VIS	A-1+ / AAA	0.02%	0.05%
Habib Bank Limited	VIS	A-1+ / AAA	0.022%	0.062%
BankIslami Pakistan Limited	PACRA	A1 / A+	1.80%	10.79%
Dubai Islamic Bank Pakistan Limited	VIS	A-1+ / AA	0.05%	2.02%
Silk Bank Limited	VIS	A-2 / A-	0.00%	2.23%
MCB Islamic Bank Limited	PACRA	A1 / A	0.04%	0.21%
Allied Bank Limited	PACRA	A1+ / AAA	56.45%	0.10%
			<u>100%</u>	<u>100%</u>

Above rates are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

18.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly held with banks having high credit rating and in listed equity securities which are not exposed to credit risk.

18.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to the daily settlement of equity securities and to daily cash redemptions, if any. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets

in investments that are traded in an active market and can be readily disposed of. The Fund's investments in listed securities are considered readily realisable, as they are listed on the Pakistan Stock Exchange.

The Fund can borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

18.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund held the following assets measured at fair values:

					2022					
					Level 1	Level 2	Level 3	Total		
					(Rupees)					
Financial assets 'at fair value through profit or loss'										
Investments										
Listed equity securities					1,312,740,146	-	-	1,312,740,146		
					<u>1,312,740,146</u>	<u>-</u>	<u>-</u>	<u>1,312,740,146</u>		
					2021					
					Level 1	Level 2	Level 3	Total		
					(Rupees)					
Financial assets 'at fair value through profit or loss'										
Investments										
Listed equity securities					2,389,899,802	-	-	2,389,899,802		
					<u>2,389,899,802</u>	<u>-</u>	<u>-</u>	<u>2,389,899,802</u>		

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

18.5 Unit holders' fund risk management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is the risk that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of Unit Holders' Fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeem and issue unit in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under rules and regulations; and
- Monitor portfolio allocations and return on net assets and where required make necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

19 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

(iii) **PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE**

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Value Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Conventional Asset Allocation Scheme

Investment Objective

The investment objective of Alfalah GHP Value Fund (AGVF) is to generate stable and consistent returns from a well-diversified portfolio consisting of high quality equity and debt securities.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive and attractive return as compared to peer funds.

Equity Market Review:

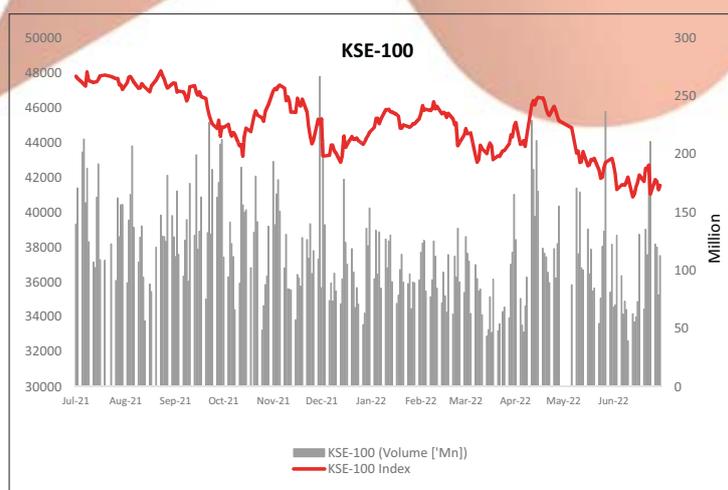

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

Money Market Review

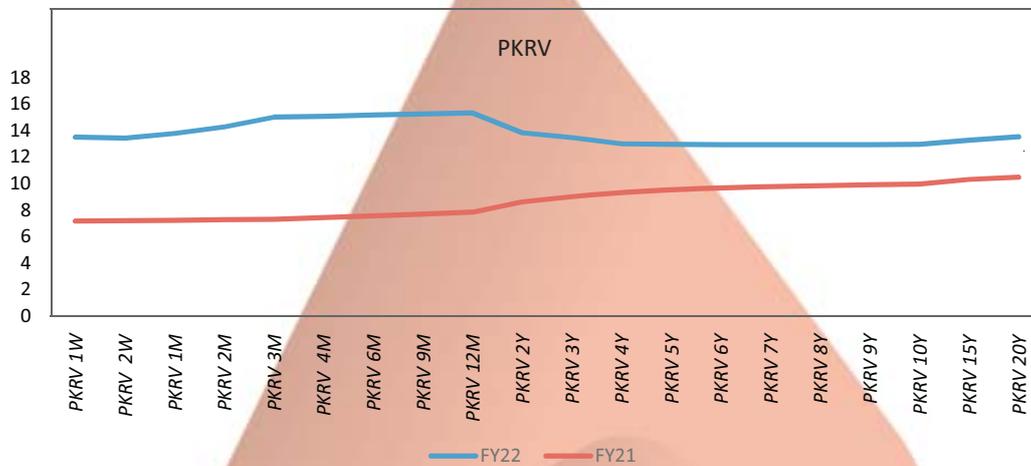

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

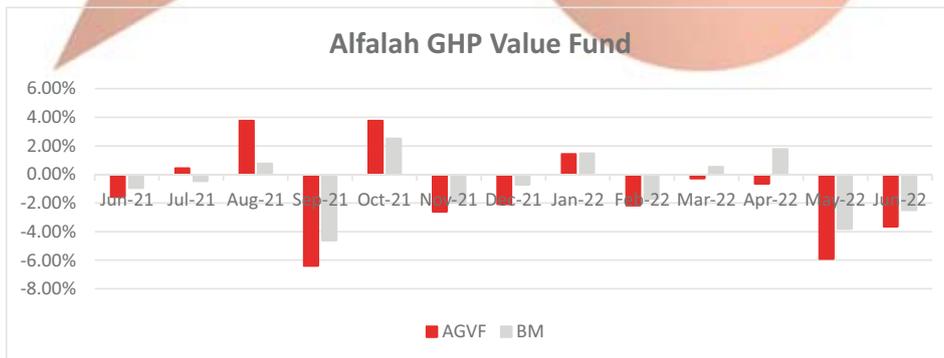

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

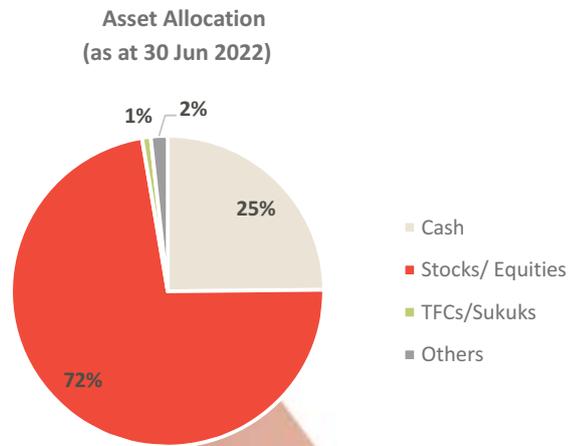

Fund Performance

During FY22, AGVF underperformed its benchmark with a negative return of 13.89% versus the benchmark negative return of 8.55% during the same period.

Assets Allocation

- **Description and explanation of any significant changes in the state of affairs of the Collective Investment Scheme during the period and up till the date of the manager's report, not otherwise disclosed in the financial statements**

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Value Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Value Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments held by the Fund represent 98.35% of the total assets of the Fund as at the period end.	<p>We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following:</p> <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.

-: 2 :-

Key audit matter	How our audit addressed the key audit matter
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

eyw

-: 3 :-

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

-: 4 :-

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

ALFALAH GHP VALUE FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Alfalah GHP Value Fund is an open-end collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between Alfalah GHP Investment Management Limited, (the Management Company) and Central Depository Company of Pakistan Limited, (the Trustee). The Trust Deed was executed on May 19, 2005 and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), on May 13, 2005. The SECP approved the first Supplemental Trust Deed, under the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations), vide its letter No. NBFC/RS/AGIML/AGVF/200/2010 dated March 18, 2010 to modify and restate the previous Trust Deed to effectuate renaming of the Fund to Alfalah GHP Value Fund.
- 1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.3 The Fund is categorised as an 'asset allocation scheme' pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.4 According to the Trust Deed, the objective of the Fund is to provide good total return through a combination of current income and long-term capital appreciation, consistent with reasonable investment risk in equity, debt and money market securities. The investment policy and objectives are explained in the Fund's offering document.
- 1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on April 08, 2022.
- 1.6 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.7 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Acts namely "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on 17 September, 2021.

2. BASIS OF PRESENTATION

2.1 Statement of compliance

"These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:"

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follow:

- i. Classification and valuation of Investments (notes 3.2.1 and 5)
- ii. Provision for Sindh Workers' Welfare Fund (note 11.1)
- iii. Provision against Federal Excise Duty (note 8.3)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'financial assets at fair value through profit or loss' which are measured at fair value.

2.6 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all years.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Classification and subsequent measurement

3.2.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI) or;
- at fair value through profit or loss (FVPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

3.2.1.2 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as fair value through profit or loss (FVPL). Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.2.1.3 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

3.2.1.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's Circular.

3.2.1.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

3.2.1.6 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.1.7 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.2.1.8 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognize deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.7 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.10 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.11 Revenue recognition

- Gain or loss on sale of investments are recorded in the Income Statement on the date on which the transaction takes place.
- Profit on saving account with banks is recognised on a time proportion basis using the effective yield method.
- Dividend income is recognised when the right to receive the dividend is established.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Income on sukuk certificates, term finance certificates and government securities is recognised on time proportion basis using the effective yield except for the securities which are classified as non-performing asset under Circular No. 33 of 2012 issued by the SECP for which the profits / income are recorded on receipt basis.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.14 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

5.1.1 The above investments include shares having a market value (in aggregate) amounting to Rs. 16.26 million (2021: 25.07 million) which have been pledged with the National Clearing Company of Pakistan Limited for guaranteeing settlement of Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the Securities & Exchange Commission of Pakistan. The details of shares which have been pledged are as follows:

Name of investee Company	2022		2021	
	Number of shares		Market value	
	----- (Rupees) -----			
Oil and Gas Development Company Limited	120,000	180,000	9,440,400	17,105,400
Hub Power Company Limited	100,000	100,000	6,817,000	7,967,000
			16,257,400	25,072,400

5.1.2 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

On June 27, 2018, the Supreme Court of Pakistan passed a judgement whereby the suits which were already pending or were to be filed in future could only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities was deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to continue. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically. The CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019 and on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Furthermore, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund since July 1, 2018 have not been withheld by the investee companies.

The following is the detail of bonus shares of the Fund withheld by issuing companies

* face value Rs. 99,800 per certificate.

5.3.1 This represents additional TFCs of Agritech Limited (Formerly Pak American Fertilizer Limited) received by the Fund through restructuring agreement reached between lender and Agritech Limited. Under such agreement, outstanding mark-up due on May 29, 2011 amounting to Rs. 7.61 million was settled in the form of zero coupon TFCs valuing Rs. 7.61 million. This investment has been recorded as 100% impaired since these securities have been received in lieu of suspended overdue mark-up to be recognised in income upon realisation.

5.3.2 At the time of purchase / investment, the Term Finance Certificates were in compliance with the investment requirement of the Constitutive Documents and investment restriction parameters laid down in the NBFC Regulations and the NBFC Rules. However, subsequently they were defaulted or downgraded upon default to non investment grade and became non-compliant with the investment restriction parameters laid down in the NBFC Regulations and the NBFC Rules and with the requirements of the Constitutive Documents. Disclosure of the non-compliance is made as required by Circular No. 16 of 2010 dated July 07, 2010 issued by the SECP.

6 SECURITY DEPOSITS

Note	2022	2021
	(Un-audited)	(Audited)
	----- (Rupees) -----	
Central Depository Company of Pakistan Limited	100,000	100,000
National Clearing Company of Pakistan Limited	2,500,000	2,500,000
	<u>2,600,000</u>	<u>2,600,000</u>

7 OTHER RECEIVABLES

Mark-up / return receivable on:		
- Bank balances	633,781	24,861
- Term finance certificates	12,478	6,822
-Term Deposit Receipts	2,219	2,219
Advance tax	7.1 3,009,993	460,857
Advance against book building of shares	-	1,600,362
	<u>3,658,470</u>	<u>2,095,121</u>

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, several withholding agents deduct tax at source based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other asset management companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the cumulative amount of withholding tax has been shown under other receivables as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

8 PAYABLE TO THE MANAGEMENT COMPANY	Note	2022	2021
Management remuneration payable	8.1	665,442	1,042,204
Sindh sales tax payable on management remuneration	8.2	703,573	752,553
Federal excise duty payable on management remuneration	8.3	5,888,310	5,888,310
Payable against allocated expenses	8.4	864,590	162,431
Payable against selling and marketing expenses	8.5	2,875,564	5,770,420
Sales load payable		206,070	206,070
		<u>11,203,549</u>	<u>13,821,988</u>

8.1 The Management Company has charged remuneration at the rate of 2% (2021: 2%) of the average net assets of the Fund during the year. The remuneration is paid to the Management Company on a monthly basis in arrears.

8.2 During the year, an amount of Rs. 1.383 million (2021: Rs. 2.047 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 2.839 million (2021: Rs. 2.089 million) has been paid to the Management Company which acts as a collecting agent.

8.3 The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 8.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 5.89 million (2021: Rs 5.89 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at 30 June 2022 would have been higher by Re 0.72 per unit (2021: Rs 0.55 per unit).

8.4 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge actual fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). Accordingly, the Management Company has charged allocated expenses to the fund based on its discretion subject to not being higher than actual expense incurred.

8.5 The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company.

9 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		----- (Rupees) -----	
Payable to Central Depository Company of Pakistan Limited - Trustee	9.1	66,452	104,121
Sindh sales tax payable on Trustee remuneration	9.2	8,653	13,546
		<u>75,105</u>	<u>117,667</u>

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed based on the daily net assets of the Fund as follows:

Net Assets (Rs.)	
- up to Rs. 1 billion	0.20% p.a. of Net Assets
- over Rs. 1 billion	Rs. 2 million plus 0.20% p.a. of Net Assets on amount exceeding Rs. 1 billion.

9.2 During the year, an amount of Rs 0.138 million (2021: Rs. 0.205 million) was charged at 13% (2021: 13%) on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.14 million (2021: Rs. 0.21 million) was paid to the Trustee which acts as a collecting agent.

10 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN (SECP)	Note	2022	2021
		----- (Rupees) -----	
Annual fee payable to the SECP	10.1	<u>106,355</u>	<u>157,379</u>

10.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

11 ACCRUED EXPENSES AND OTHER LIABILITIES	Notes	2022	2021
		----- (Rupees) -----	
Provision against Sindh Workers' Welfare Fund (SWWF)	11.1	-	16,647,762
Auditors' remuneration payable		653,178	854,549
Withholding tax payable		659,896	12,465,164
Brokerage and listing charges payable		50,103	46,856
Sales load payable		147,700	147,700
Printing charges payable		106,112	102,830
Rating fee payable		360,928	360,928
Settlement charges payable		180,613	64,906
Capital value tax payable		2,181	2,181
Others		<u>15,470</u>	<u>8,144</u>
		<u>2,176,181</u>	<u>30,701,020</u>

11.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2022 and June 30, 2021.

13 PROFIT / MARK-UP INCOME	Note	2022	2021
		----- (Rupees) -----	
Profit / mark-up on:			
- Market Treasury Bills		1,228,091	4,323,861

		<u>839,512</u>	<u>755,537</u>
15 CASH AND CASH EQUIVALENTS			
Bank balances		<u>103,301,116</u>	<u>105,179,325</u>

16 TAXATION

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders. The Fund is also exempt from the provisions of the section 113 (minimum tax) under clause 4A of Part IV of the Second Schedule of the Income tax Ordinance, 2001. Since the management has paid the required minimum percentage of income earned by the the Fund during the year ended 30 June 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

17 TOTAL EXPENSE RATIO (TER)

The annualised total expense ratio (TER) of the Fund as at 30 June 2022 results is 4.72% (2021: 5.01%) which includes 0.32% (2021: 0.84%) representing Government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 4.5% (excluding government levies) prescribed under the NBFC Regulations for a collective investment scheme categorised as an "asset allocation scheme".

18 TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Connected persons / related parties include the Management Company, funds under management of the Management Company, GHP Beteiligungen Holding Limited, Bank Alfalah Limited and MAB Investment Incorporated being associated companies of the Management Company, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund, Alfalah GHP Investment Management Limited - Staff Provident Fund, directors and key management personnel of Management Company and Central Depository Company of Pakistan Limited being the Trustee of the Fund. Connected persons also includes any person beneficially owing directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected person are in the normal course of business, at contracted rates and at terms determined in accordance with the market rates.

Remunerations to the Management Company and the Trustee of the Fund are determined in accordance with the provisions of the NBFC Regulations and the Trust Deed respectively.

Details of transactions and balances at period / year end with related parties / connected persons, other than those which have been disclosed elsewhere in these condensed interim financial statements, are as follows:

20 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Funds's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal risk management policies and investment guidelines established by the Investment Committee and the regulations laid down by the SECP.

Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the Fund is not exposed to currency risk as all the transactions are carried out in Pakistani Rupees.

20.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments as at June 30, 2022 is as follows:

	2022	2021
	-----Rupees-----	
Variable rate instruments (financial asset)		
Bank balances	103,301,116	105,179,325
Term finance certificates	3,606,448	3,629,344
	<u>106,907,564</u>	<u>108,808,669</u>

a) Sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement by Rs. 1.07 million (2021: Rs. 1.08 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instruments

Presently the Fund does not have any fixed rate instruments

The composition of the Fund's investment portfolio, KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for the financial instruments recognised in the statement of assets and liabilities is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

20.1.2 Interest rate risk (Continued)

	Effective yield / interest rate	2022			Not exposed to yield / interest rate risk	Total
		Exposed to yield / interest risk

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund's investment in equity securities classified as 'at fair value through profit or loss'. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Trust Deed. The NBFC Regulations also limit:

a) Investment in individual equity securities to the lower of:

- 10% of net assets of the Fund or the index weight of the security subject to the limit of 15% percent, whichever is higher; and
- 10% of the issued capital of the investee company

b) Exposure to any one sector upto 30% of the net assets of the Fund or index weight of the security whichever is higher, subject to a maximum of 35%.

In case of 1% increase / decrease in KSE 100 index on June 30, 2022, with all other variables held constant, the net income / loss and the net assets of the Fund would increase / decrease by Rs 3 million (2021: Rs 5,387 million) as a result of gains / losses on equity securities classified as 'financial assets at fair value through profit or loss'.

20.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

20.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure	Balance as per statement of assets and liabilities	Maximum exposure
	----- Rupees -----			
Bank balances	103,301,116	103,301,116	105,179,325	105,179,325
Investments	304,028,412	3,606,448	542,348,942	3,629,344
Security deposits	2,600,000	2,600,000	2,600,000	2,600,000
Dividend and other receivables	648,478	648,478	1,634,264	1,634,264
	<u>410,578,006</u>	<u>110,156,042</u>	<u>651,762,531</u>	<u>113,042,933</u>

The difference in the balance as per the Statement of Assets and Liabilities and maximum exposure is due to the fact that investments in listed equity securities, listed real estate investment trust units and Government securities of Rs. 300.4 million (2021: Rs.538.720 million) are not exposed to credit risk.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

20.2.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon, credit exposure arising as a result of dividends receivable on equity securities and investment in term finance certificates and sukuk certificates. Credit risk on dividend receivable is minimal due to statutory protection.

20.2.2.1 Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Name of Bank	Rating agency	Rating	2022	2021
			Percentage of total bank balance	
Habib Bank Limited	VIS	A1+ / AAA	0.01%	0.01%
National Bank of Pakistan	PACRA	A1+ / AAA	0.04%	0.04%
Bank Alfalah Limited	PACRA	A1+ / AA+	99.64%	65.78%
Allied Bank Limited	PACRA	A1+ / AAA	0.07%	0.05%
Bank Al Habib Limited	PACRA	A1+ / AAA	0.01%	0.01%
JS Bank Limited	PACRA	A1+ / AA-	0.02%	0.01%
Habib Metropolitan Bank Limited	PACRA	A1+ / AA+	0.02%	0.02%
Zarai Taraqati Bank Limited	VIS	A1+ / AAA	0.00%	0.10%
Soneri Bank Limited	PACRA	A1+ / AA-	0.06%	0.06%
Silk Bank Limited	VIS	A2 / A-	0.00%	0.63%
The Bank of Punjab	PACRA	A1+ / AA+	0.11%	33.29%
Central Depository Company	N/A	N/A	0.00%	0.00%
Faysal Bank Limited	PACRA	A1+		
			100%	100%

20.2.2.2 Investment in debt instruments

The Fund held investments in term finance certificates and sukuk certificates at June 30, 2022 with entities having following credit ratings:

Name of Entity	Rating Agency	Rating	2022	2021
			Percentage of total balance	
The Bank of Punjab	PACRA	A1+ / AA+	100%	100%
			100%	100%

Above ratings are on the basis of available rating assigned by PACRA and VIS as of June 30, 2022.

20.2.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets either in short term instruments or in investments that are traded in an active market and can be readily disposed and are considered readily realisable in order to maintain liquidity.

The Fund can borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund held the following financial instruments measured at fair values:

Financial assets 'at fair value through profit or loss'

Investments

2022			
Level 1	Level 2	Level 3	Total
----- (Rupees) -----			
Listed equity securities	300,421,964	-	300,421,964
Term finance certificates	-	3,606,448	3,606,448
	<u>300,421,964</u>	<u>3,606,448</u>	<u>304,028,412</u>

Financial assets 'at fair value through profit or loss'

Investments

2021			
Level 1	Level 2	Level 3	Total
----- (Rupees) -----			
Listed equity securities	538,711,840	-	538,711,840
Listed real estate investment trust units	7,758	-	7,758
Term finance certificates	-	3,629,344	3,629,344
	<u>538,719,598</u>	<u>3,629,344</u>	<u>542,348,942</u>

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

22 UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is the risk that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of Unit Holders' Fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeem and issue unit in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under rules and regulations; and
- Monitor portfolio allocations and return on net assets and where required make necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme.

23 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

24 CORRESPONDING FIGURES

Corresponding figures have been re-classified, re-arranged or additionally incorporated in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications were made in these financial statements.

25 GENERAL

25.1 Figures have been rounded off to the nearest rupee.

26 DATE OF AUTHORISATION FOR ISSUE

(iii) **PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE**

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Prosperity Planning Fund

Annual Fund Manager`s Report

Type of Fund: Open-end Scheme

Category of Fund: Fund of Funds Scheme

Investment Objective

Alfalah GHP Prosperity Planning Fund is an Open-ended Fund of Funds Scheme that aims to generate returns on investment as per the respective Allocation Plan by investing in Collective Investment Scheme in line with the risk tolerance of the investor.

Money Market Review:-

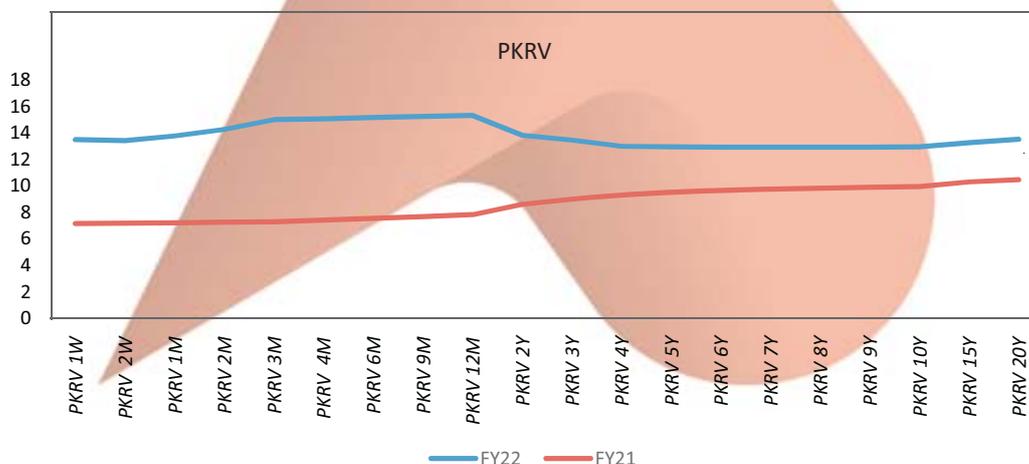

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Equity Market Review

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

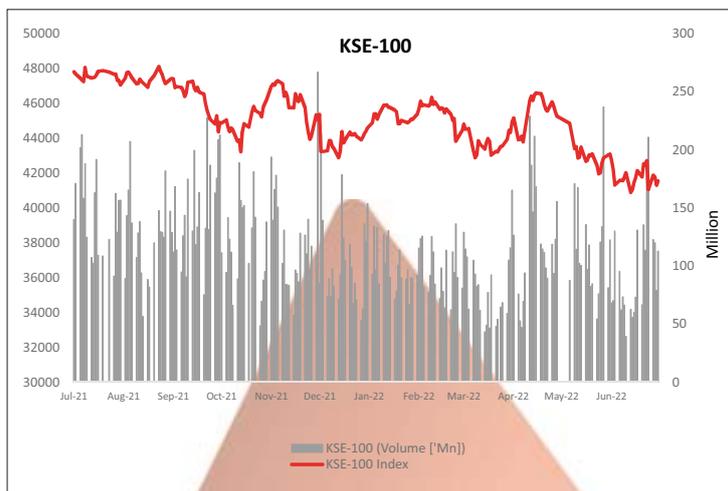

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index

the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mm from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

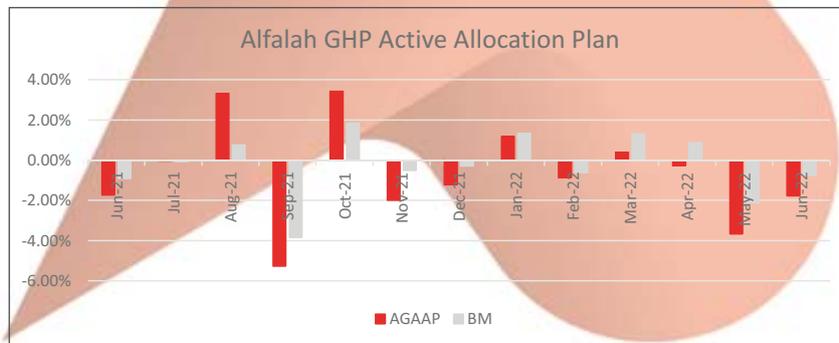

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

Active Allocation Plan

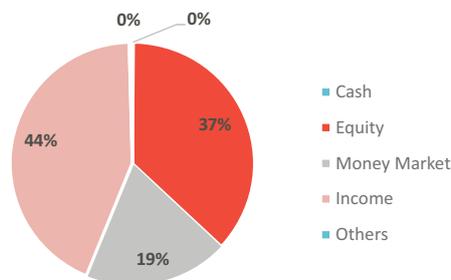

During the period under review, Alfalah GHP Prosperity Planning Fund - Active posted a negative return of -6.84% as compared to its benchmark negative return of 2.15%.

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP PROSPERITY PLANNING FUND

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Prosperity Planning Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi: September 23, 2022

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Alfalah GHP Prosperity Planning Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah GHP Prosperity Planning Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	<p>The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 540.057 million and bank balances aggregated to Rs. 3.051 million.</p> <p>The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none">▪ Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

For Alfalah GHP Investment Management Limited
(Management Company)

Chief Executive Officer

Chief Financial Officer

Director

ALFALAH GHP PROSPERITY PLANNING FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 Alfalah GHP Prosperity Planning Fund (the Fund) is an open-ended Fund constituted under a trust deed executed under the Trust Act, 1882 entered into on July 07, 2015 between Alfalah GHP Investment Management Limited, (the Management Company) and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was registered by the Securities and Exchange Commission of Pakistan (SECP) under the Non Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) vide its letter No. SCD/SMCW/AGPPF/30/2015 dated July 30, 2015 and Offering Document was approved by SECP vide its letter No. SCD/AMCW/AGPPF/29/2015 dated July 30, 2015.

The Trust Act, 1882 had been repealed due to promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act and on September 17, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.

1.3 The Fund is categorised as a 'Fund of Funds' pursuant to the provisions contained in Circular 7 of 2009 issued by the SECP and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.4 The objective of the Fund is to generate returns on investment as per the respective Allocation Plan by investing in collective investment schemes in line with the risk tolerance of the investor. The investment objectives and policy are explained in the Fund's offering document. Presently, the following allocation plans are offered:

- a. Alfalah GHP Active Allocation Plan;
- b. Alfalah GHP Conservative Allocation Plan; and
- c. Alfalah GHP Moderate Allocation Plan

1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) (2021: AM2+) to the Management Company on March 3, 2022.

1.6 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting standards that are effective in the current year

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2021 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting standards that are not yet effective

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the approved accounting standards requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements is Classification and valuation of investments (notes 3.2.1 and 5).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments held 'at fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentational currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentational currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.3 Financial assets

3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.2 Classification and subsequent measurement

3.3.2.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL) based on the business model of the entity

Based on the business model of the entity

The investments of the Fund includes investments in units of mutual funds which are categorised as Puttable Instruments and are mandatorily required to be classified as financial assets at fair value through profit or loss.

3.3.2.2 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

- a) 'Financial assets at fair value through profit or loss'

Basis of valuation in the units of mutual funds

The investments of the Fund in the collective investment scheme are valued on the basis of daily net assets value (NAV) announced by the Management Company.

The fair value of financial instruments i.e. investment in mutual funds is based on their net asset value at the reporting date without any deduction for estimated future selling costs.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

3.3.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

3.3.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price prevalent on the date on which the Management Company receives redemption applications during business hours on that date. The redemption price represents NAV as on the close of business day, less any duties, taxes, charges on redemption and provision for transactions costs, if applicable.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.12 Revenue recognition

- Gain or losses arising on sale of investments classified as financial assets 'at fair value through profit or loss' are recognized in the income statement in the period in which they arise.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognized when the Fund's right to receive the same is established. i.e. on the commencement of date of book closure of the investee Fund declaring the dividend.
- Profit on bank balances is recognised on accrual basis.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

6.1 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during the year ended June 30, 2022, withholding tax on dividend and profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on dividends and profit on debt amounts to Rs. 4.14 million (2021: 0.296 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown as other receivables as at June 30, 2022 as in the opinion of the management, the amount of tax deducted at source will be refunded.

7. PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY

Sales load payable	252,242	257,650	121,465	631,357	252,241	257,650	121,465	631,356
	<u>335,481</u>	<u>266,706</u>	<u>136,181</u>	<u>738,368</u>	<u>358,056</u>	<u>360,669</u>	<u>227,705</u>	<u>946,430</u>

7.1 The Management Company has charged remuneration at the rate of 1% (2021: 1%) of average annual net assets of the fund during the year. However, no remuneration is charged on that part of the net assets which has been invested in the mutual funds managed by the Management Company. The remuneration is paid to the Management Company on a monthly basis in arrears.

7.2 During the year, Sindh Sales Tax on management remuneration has been charged at the rate of 13% (June 30, 2021: 13%)

7.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Accordingly, the Management Company has charged allocated expenses to the fund based on its discretion subject to not being higher than actual expense incurred.

7.4 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 0.023 million is being retained in these financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan.

Had the provision for FED not been recorded in these financial statements, the net asset value of the Fund as at June 30, 2022 would have been higher by Re 0.0031 per unit (2021: Re 0.0031), Re 0.0037 per unit (2021: Re 0.0037) and Re 0.0062 per unit (2021: Re 0.0062) for Active Allocation Plan, Conservative Allocation Plan and Moderate Allocation Plan respectively.

8. PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE

	2022				2021

10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds had accordingly made provision in respect of SWWF as recommended by MUFAP.

During the year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in the financial statements of the Fund.

11. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2022 and June 30, 2021.

12. AUDITORS' REMUNERATION	2022				2021			
	Active Allocation Plan	Conservative Allocation Plan	Moderate Allocation Plan	Total	Active Allocation Plan	Conservative Allocation Plan	Moderate Allocation Plan	Total

13. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 are 0.35%, 0.37% and 0.31% (2021: 0.75%, 0.55% and 0.58%) which includes 0.02%, 0.03% and 0.021% (2021: 0.50%, 0.22% and 0.29%) representing government levies on the Fund such as provision for sales taxes, federal excise duties, annual fee to the SECP, etc. in Active Allocation Plan, Conservative Allocation Plan and Moderate Allocation Plan respectively. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Fund of Funds.

14. TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

15. TRANSACTIONS WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Funds under management of the Management Company, GHP Beteiligungen Holding Limited, Bank Alfalah Limited and MAB Investment Incorporated being associated companies of Management Company, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund, Alfalah GHP Investment Management Limited - Staff Provident Fund, directors and key management personnel of Alfalah GHP Investment Management Limited and Central Depository Company of Pakistan Limited (CDC) being the Trustee of the Fund, and other associated companies and connected persons. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at terms determined in accordance with market rates. The management considers that the transactions between the related parties / connected persons are executed in accordance with the parameters defined in the Offering document, trust deed and NBFC regulations which are publicly available documents and hence, the transactions are considered to be on an arm's length basis.

Remunerations to the Management Company and the Trustee of the Fund are determined in accordance with the provisions of the NBFC Regulations and the Trust Deed respectively.

Details of transactions and balances at period / year end with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

17. FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

17.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

17.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

17.1.2 Interest rate risk

Yield / Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The interest rate profile of the Fund's interest bearing financial instruments, as at June 30, 2022, is as follows:

Variable rate instruments (financial assets)	Note	2022	2021
		-----Rupees-----	
Bank balances	4	<u>3,050,597</u>	<u>6,791,829</u>

a) Sensitivity analysis for variable rate instrument

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased the income statement and statement of comprehensive income by Rs. 28,945 (2021: Rs. 67,918) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

As at reporting date, the Fund does not hold any fixed rate instruments.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

Cumulative interest rate sensitivity gap		<u>6,791,829</u>	<u>6,791,829</u>	<u>6,791,829</u>		

17.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund investments in open end mutual funds which are categorized as equity schemes. The Fund manages its price risk arising from investments by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

The table below summarizes the sensitivity of the Fund's net assets attributable to unit holders to the equity price movements as at June 30, 2022. The analysis is based on the assumption that PSX index increased / decreased by 1%, with all other variables held constant.

As at June 30, 2022, the fair value of open end mutual funds categorized as equity securities exposed to price risk was disclosed in note 5.1.

<i>Effect due to increase / decrease in KSE 100 index</i>	2022	2021
	-----Rupees-----	
Investments and net assets	1,100,207	2,607,653
Income statement	1,100,207	2,607,653

17.2 Credit risk

Credit risk represents the risk of a loss if counterparties fail to perform as contracted and arises principally from bank balances, investments, profit and other receivable.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

17.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	----- (Rupees) -----		----- (Rupees) -----	
Bank balances	3,050,597	3,050,597	6,791,829	6,791,829
Investments	540,056,659	-	552,262,525	-
Mark-up receivable on bank balances	23,742	23,742	5,218	5,218
Other receivables	4,139,962	4,139,962	304,305	304,305
	<u>547,270,960</u>	<u>7,214,301</u>	<u>559,363,877</u>	<u>7,101,352</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in open end mutual funds of Rs 540.57 million (2021: Rs 552.26 million) are not exposed to credit risk.

No financial assets were considered to be past due or impaired either at June 30, 2022 and June 30, 2021.

17.2.2 Credit quality of financial assets

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Name of bank	Rating Agency	Rating (Short Term / Long Term)	2022	2021
			%age of total bank balance	
JS Bank Limited	PACRA	A1+ / AA-	-	3.09%
Bank Alfalah Limited	PACRA	A1+ / AA+	94.63%	90.76%
Allied Bank Limited	PACRA	A1+ / AAA	2.04%	0.93%
National Bank of Pakistan	PACRA	A1+ / AAA	3.34%	5.22%
			<u>100.00%</u>	<u>100.00%</u>

Above rates are on the basis of available ratings assigned by PACRA as of June 30, 2022.

17.2.3 Open end mutual fund - Quoted

The Fund had investments at June 30, 2022 with open end mutual funds having following ratings:

Name of open end mutual funds	Rating Agency	Rating	2022	2021
			Percentage of total balance	
Alfalah GHP Alpha Fund	Not Rated	Not Rated	14.26%	27.76%
Alfalah GHP Cash Fund	PACRA	AA(f)	0.01%	11.17%
Alfalah GHP Stock Fund	Not Rated	Not Rated	8.78%	19.46%
Alfalah GHP Sovereign Fund	PACRA	AA-(f)	17.36%	10.30%
Alfalah GHP Money Market Fund	PACRA	AA+(f)	27.30%	10.65%
Alfalah GHP Income Fund	PACRA	A+(f)	19.18%	1.88%
Alfalah GHP Income Multiplier Fund	PACRA	A+(f)	13.11%	18.78%
			<u>100.00%</u>	<u>100.00%</u>

17.2.4 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

17.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in short term instruments in order to maintain liquidity.

The Fund can borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

	2022						Total
	Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than 5 years	Financial Instruments with no fixed maturity

17.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

	2022			
	Level 1	Level 2	Level 3	Total
	Rupees			
Financial assets 'at fair value through profit or loss' - net				
- Open end mutual funds - Quoted	-	540,056,659	-	540,056,659
	2021			
	Level 1	Level 2	Level 3	Total
	Rupees			
Financial assets 'at fair value through profit or loss' - net				
- Open end mutual funds - Quoted	-	552,262,525	-	552,262,525

17.5 Unit Holders' Fund risk management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is the risk that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of Units at the discretion of the unit holders and occurrence of the unexpected losses in investment portfolio which may causes adverse effects on the Fund's continuation as going concern.

The Fund's objective when managing net assets attributable to unit holders is to safe guard the Fund's ability to continue as going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of Unit Holders' Fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues unit in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required make necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well returns earned on the net assets to maintain investors confidence and achieve future growth in business. Further the Board of Directors is updated about the Fund yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gain as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

18. SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors, credit rating of the Fund and the Management Company of the Fund as required under Schedule V of the NBFC Regulations has been disclosed in Annexure I to the financial statements.

19. GENERAL

Figures have been rounded off to the nearest thousand rupees unless, otherwise specified.

20. DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue on August 25, 2022 by the Board of Directors of the Management Company.

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah GHP Islamic Prosperity Planning Fund

Annual Fund Manager`s Report

Type of Fund: Open-end Scheme

Category of Fund: Shariah Compliant Fund of Funds Scheme

Investment Objective

Alfalah GHP Islamic Prosperity Planning Fund is an Open-ended Shariah Complaint Fund of Funds Scheme that aims to generate returns on investment as per the respective Allocation Plan by investing in Shariah complaint Mutual funds in line with the risk tolerance of the investor.

Accomplishment of Objective

The Fund has achieved its objective of generating higher return by investing in a mix of underlying fixed income and equity based mutual funds within the guidelines provided under NBFC rules.

Money Market Review:-

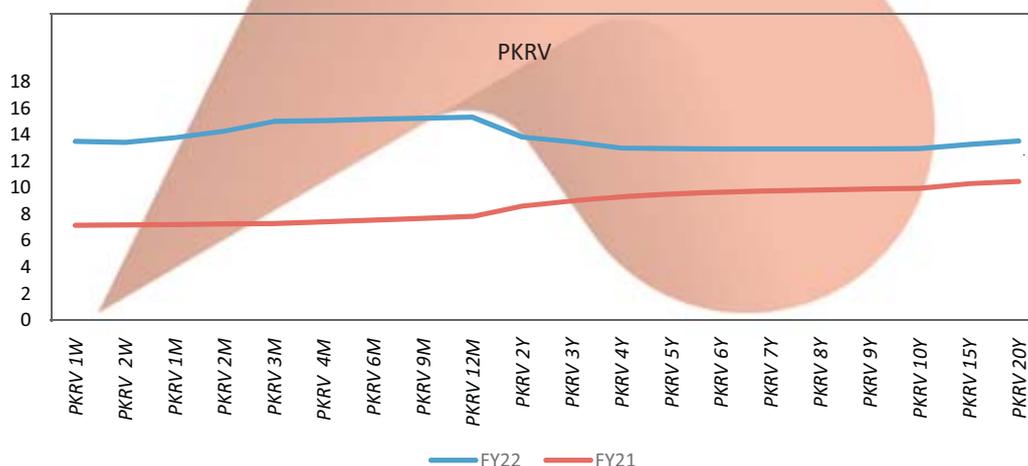

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Equity Market Review

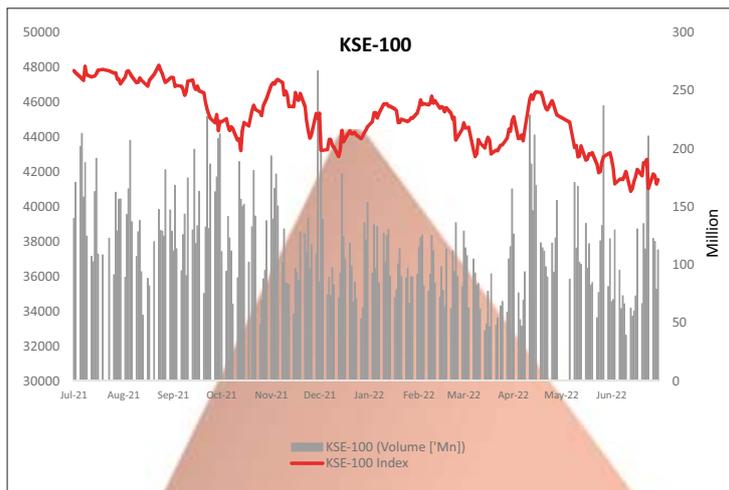

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

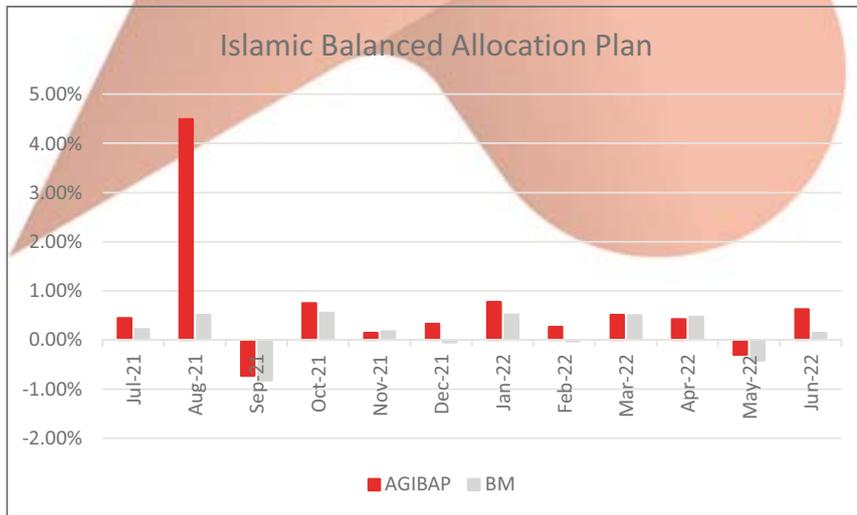

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mm from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

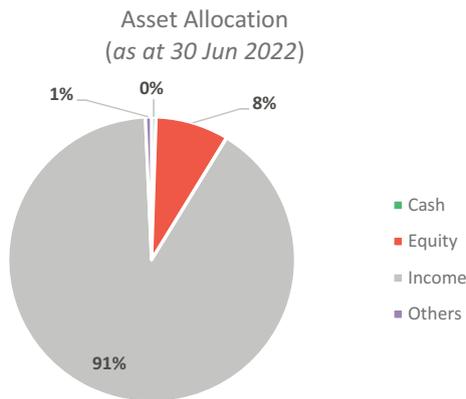

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

Islamic Balance Fund:

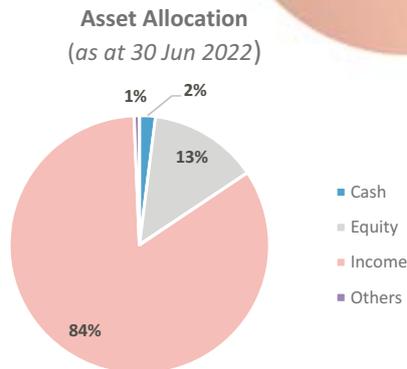

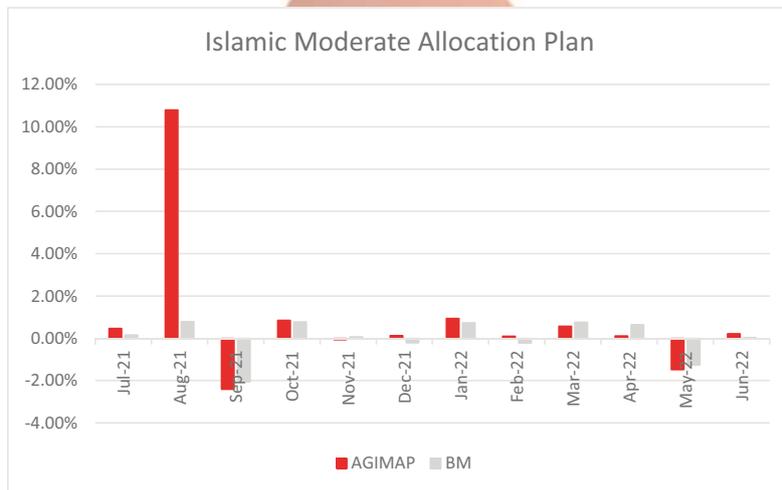

During the period under review, Alfalah GHP Islamic Prosperity Planning Fund - Balanced posted a return of 7.97% as compared to its benchmark of 1.86%.

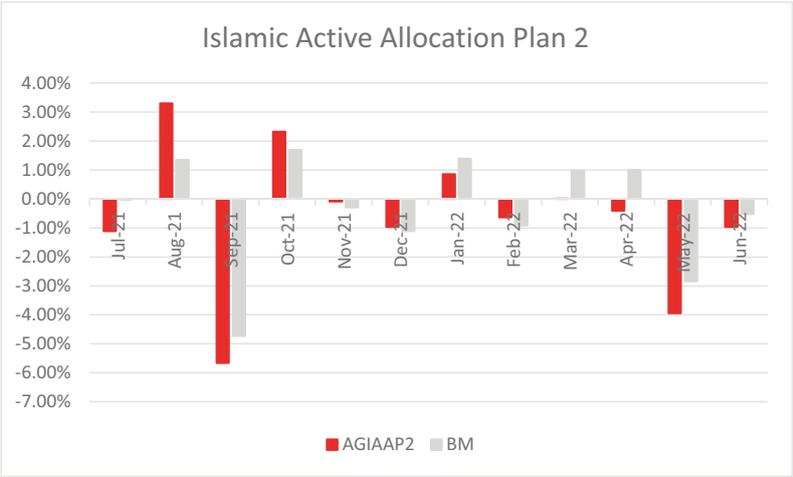

Islamic Moderate Fund:

During the period under review, Alfalah GHP Islamic Prosperity Planning Fund - Active posted a return of 10.25% as compared to its benchmark of 0.24%.

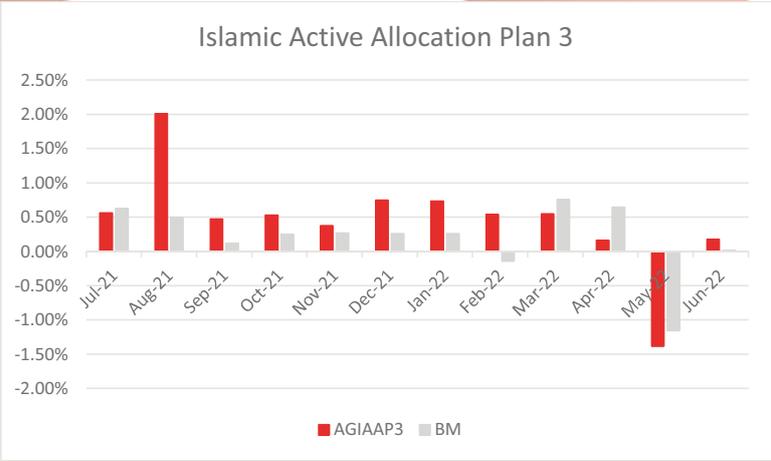

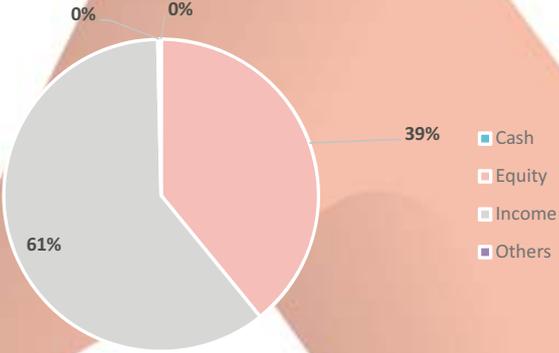

Islamic Active Fund - II:

During the period under review, Alfalah GHP Islamic Prosperity Planning Fund - Active II posted a negative return of 7.30% as compared to its benchmark of -4.07%.

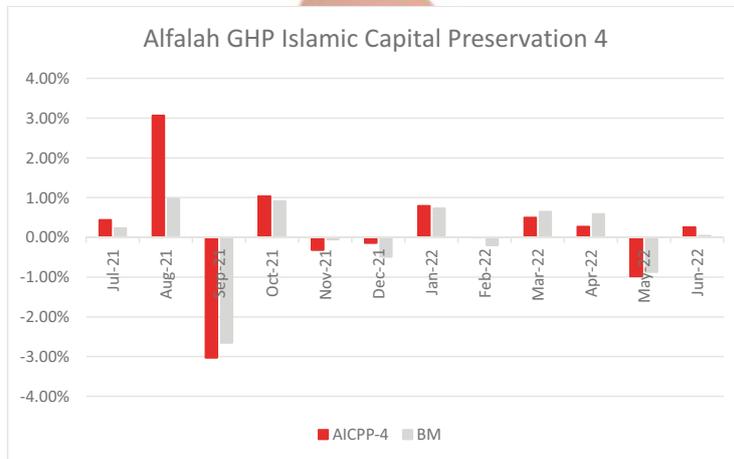

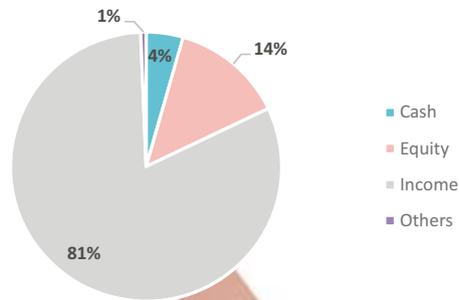

Asset Allocation
(as at 30 Jun 2022)

Islamic Active Fund - III:

During the period under review, Alfalah GHP Prosperity Planning Fund - Active III posted a return of 5.59% as compared to its benchmark of 2.42%.

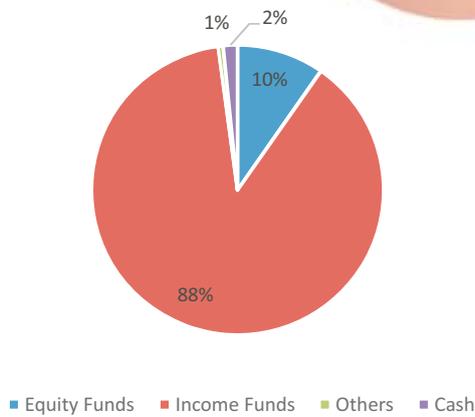

Asset Allocation
(as at 30 Jun 2022)

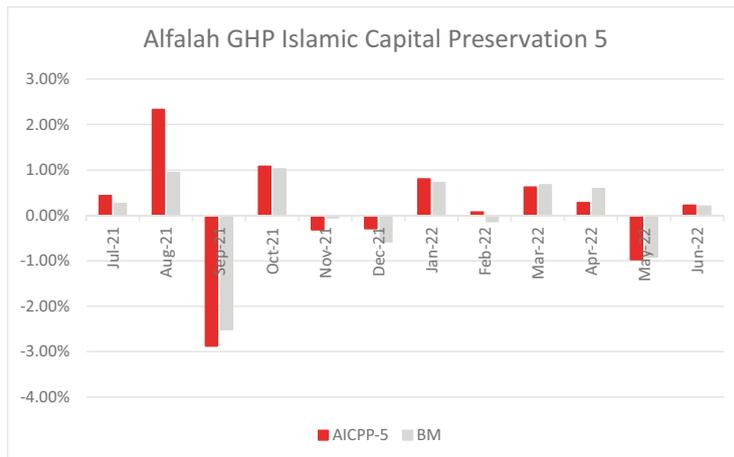

Alfalah Islamic Capital Preservation Plan 4

The fund generated a return of 1.86% against the benchmark which generated -0.16%.

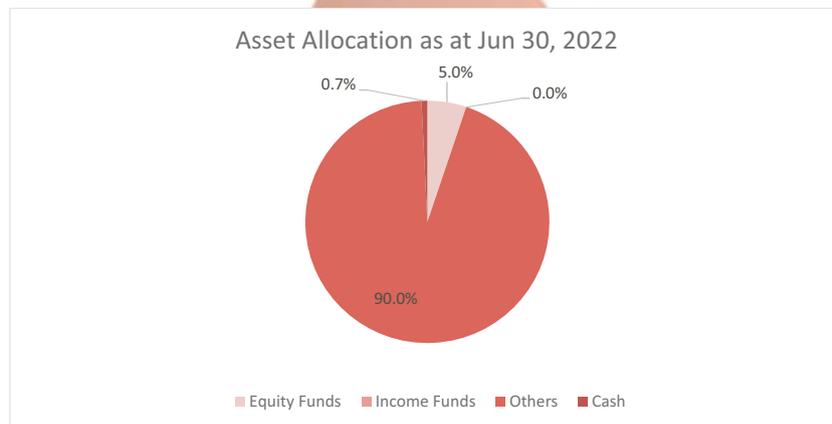

Asset Allocation as at jun 30, 2022

Alfalah Islamic Capital Preservation Plan 5

The fund generated a return of 1.36% against the benchmark which generated 0.20%.

➤ **Description and explanation of any significant changes in the state of affairs of the Collective Investment Scheme during the period and up till the date of the manager's report, not otherwise disclosed in the financial statements**

SHARIAH REVIEW REPORT
ALFALAH GHP ISLAMIC PROSPERITY PLANNING FUND

We, the Shariah Advisors of the Alfalah GHP Islamic Prosperity Planning Fund (AGIPPF) managed by Alfalah GHP Investment Management Limited, are issuing this report in accordance with the Trust Deed and Offering Document of the said Fund. The scope of the report is to express an opinion on the Shariah Compliance of the Fund's activities.

It is the responsibility of the Management Company of the said Fund to establish and maintain a system of internal controls to ensure compliance with issued Shariah guidelines. As Shariah Advisors, our responsibility is to express an opinion, based on our review of the representations made by the management, to the extent where such compliance can be objectively verified.

In the capacity of Shariah Advisors of the Fund, we have checked following avenues presented to us by the Management in which AGIPPF made Investment during the period from July 1, 2021 to June 30, 2022.

Investment Head	Investment Avenue
Shariah Compliant Funds	Alfalah GHP Islamic Dedicated Equity Fund Alfalah GHP Islamic Income Fund

We hereby certify that the Investments made by the Funds are in Compliance with Shariah principles.

According to the instructions, if any income is earned by the Fund from the investments whereby a portion of income of such investment has been derived from prohibited sources, such proportion of income of the Fund should be donated to charitable purposes. However, during the year ended June 30, 2022, no such income is earned.

May Allah bless us with Tawfeeq to accomplish these cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

For and on behalf of Shariah Advisory Board.

INDEPENDENT AUDITORS' REPORT

To the Unit holders of Alfalah GHP Islamic Prosperity Planning Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Alfalah GHP Islamic Prosperity Planning Fund** (the Fund), which comprise the statement of assets and liabilities as at **30 June 2022**, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Fund as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of bank balances and investments	
As disclosed in notes 4 and 5 to the accompanying financial statements of the Fund for the period ended 30 June 2022, the bank balances and investments held by the Fund represent 99.50% of the total assets of the Fund as at the period end.	We performed a combination of audit procedures focusing on the existence and valuation of bank balances and investments. Our key procedures included the following: <ul style="list-style-type: none"> - We obtained independent confirmations for verifying the existence of the bank balances as at 30 June 2022 and reconciled it with the books and records of the Fund. - We tested controls over acquisition, disposals and periodic valuation of investments portfolio.

MYW

-: 2 :-

Key audit matter	How our audit addressed the key audit matter
<p>In view of the significance of bank balances and investment in relation to the total assets and the Net Assets Value (NAV) of the Fund, we have considered the existence and valuation of such bank balances and investments as a key audit matter.</p>	<ul style="list-style-type: none"> - We performed substantive audit procedures on year-end balance of portfolio including review of custodian's statement and related reconciliations and valuations on such investments in accordance with the accounting policy of the Fund as mentioned in note 5. - We evaluated the appropriateness of the classification of the investments in accordance with the requirements of IFRS 9 and the valuations in accordance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the Regulations). - We assessed the Fund's compliance with the requirements of the Regulations in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. - We also evaluated the adequacy of the overall disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of the Regulations and applicable financial reporting standards.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

-: 3 :-

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

-: 4 :-

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Omer Chughtai

(Management Company)

Chief Executive Officer

Chief Financial Officer

Director

ALFALAH GHP ISLAMIC PROSPERITY PLANNING FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** Alfalah GHP Islamic Prosperity Planning Fund (the Fund) is an open-ended Fund constituted under a trust deed entered into on March 15, 2016 between Alfalah GHP Investment Management Limited (Management Company) and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was registered by the Securities and Exchange Commission of Pakistan (the SECP) under the Non Banking finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations) vide its letter No. SCD/AMCW/AGIML/437/2016 dated April 25, 2016 and the Offering Document of the Fund was approved by the SECP vide its letter No. SCD/AMCW/AGIPPF/449/2016 dated May 02, 2016.
- 1.2** The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.
- 1.3** The Fund is categorised as a 'Fund of Funds scheme' pursuant to the provisions contained in Circular 7 of 2009. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.4** According to the Trust Deed, the objective of the Fund is to generate returns on investment as per the respective Allocation Plan by investing in collective investment schemes in line with the risk tolerance of the investor. The duration of the fund is perpetual, however, allocation plans may have a set time frame. The Fund invests in units of other mutual funds, bank deposits. The investment objectives and policy are explained in the Fund's offering document. Presently, the Fund offers following allocation plans:
- a.** Alfalah GHP Islamic *Moderate Allocation Plan (MAP): The initial maturity of plan was two (2) years from the close of subscription period. However the duration of the plan has been changed to perpetual.
 - b.** Alfalah GHP Islamic Balanced Allocation Plan (BAP) is perpetual.
 - c.** Alfalah GHP Islamic Active Allocation Plan II (AAP II): The initial maturity of plan was two (2) years from the close of subscription period. However the duration of the plan has been changed to perpetual.
 - d.** Alfalah GHP Islamic Active Allocation Plan III (AAP III): The initial maturity of plan was two (2) years from the close of subscription period. However the duration of the plan has been changed to perpetual.
 - e.** Alfalah Islamic Capital Preservation Plan IV (CPP IV): The initial maturity of plan was (2) years from the close of subscription period. However the duration of the plan has been changed to perpetual.
 - f.** Alfalah Islamic Capital Preservation Plan V (CPP V): The initial maturity of plan was (2) years from the close of subscription period. However the duration of the plan has been changed to perpetual.
- * The management has renamed Alfalah GHP Islamic Active Allocation Plan to Alfalah GHP Islamic Moderate Allocation Plan.
- 1.5** The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022.
- 1.6** Title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.7** The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Acts namely "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trust Act. The above mentioned Trust Deed has been registered under the Sindh Trust Act on 17 September 2021.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

The directors of the Management Company declare that these financial statements give a true and fair view of the state of affairs of the Fund.

2.2 Standards, interpretations and amendments to published approved accounting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's accounting period beginning on July 1, 2021. However, these are considered either to be not relevant or to not have any significant impact on the Fund's financial statements.

2.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- i. Classification and valuation of Investments (notes 3.2.1 and 5)
- ii. Provision for Sindh Workers' Welfare Fund (note 10.1)
- iii. Provision against Federal Excise Duty (note 7.4)

2.5 Accounting Convention

These financial statements have been prepared under the historical cost convention, except for investments held 'at fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Classification and subsequent measurement

3.2.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

3.2.1.2 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

a) 'Financial assets at fair value through profit or loss'

Basis of valuation in the units of mutual funds

The investments of the Fund in the collective investment scheme are valued on the basis of daily net assets value (NAV) announced by the management company.

The fair value of financial instruments i.e. investment in mutual funds is based on their net asset value at the reporting date without any deduction for estimated future selling costs.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

3.2.1.3 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted around that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.2.1.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.1.5 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.1.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90% of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

Deferred

The Fund does not recognize deferred tax liabilities and assets as its income is exempt from tax as explained above.

3.7 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.10 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the Statement of Assets and Liabilities, is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognized when the Fund's right to receive the same is established. i.e. on the commencement of date of book closure of the investee Fund declaring the dividend.
- Profit on bank balances and other income is recognized on accrual basis.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

3.14 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over five years in accordance with the requirements set out in the Trust Deed of the Fund and the Non- Banking Finance Companies and Notified Entities Regulations, 2008.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

Advance tax		-	-	-	39,808	-	-	39,808
Others		-	207,551	83	-	2,730	-	210,364
		-	207,550	83	39,808	2,730	-	250,172

- 6.1** As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 151 and 150. However several withholding agents deduct tax at source based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company.

Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the cumulative amount of withholding tax has been shown under 'advances, prepayments and other receivable' as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 7.1 The Management Company has charged remuneration at the rate of 1.25% (2021: 1.25%) of the average annual net assets of the Plans during the year. However, no remuneration is charged on that part of the net assets which has been invested in the mutual funds managed by the Management Company. The remuneration is paid to the Management Company on a monthly basis in arrears.
- 7.2 During the current year, an amount of Rs 0.006 million (2021: Rs 0.014 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 0.006 million (2021: Rs 0.029 million) has been paid to the Management Company which acts as a collecting agent.
- 7.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge actual fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). Accordingly, Management Company has charged allocated expenses to the Fund based on its discretion subject to not being higher than actual expenses.
- 7.4 The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 7.2 above, the Management Company is of the view that further levy of FED is not justified.

On 04 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by Non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 0.08 million (2021: Rs 0.08 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Plans as at 30 June 2022 would have been higher by Re 0.14 per unit (2021: Re 0.14 per unit) and Re 0.04 (2021: Re 0.04) for Islamic Moderate Allocation Plan and Islamic Balanced Allocation Plan respectively.

- 8.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund. The remuneration is payable to the Trustee according to the following tariff structure:

Revised Tariff	Previous Tariff	
	Average net asset value	Tariff per annum
0.07% of daily net assets of the Fund	Up to Rs 1 billion	0.10% per annum of net assets
	Over Rs 1 billion	Rs 1 million plus 0.075% per annum of net assets exceeding Rs 1 billion

The same level of trustee fee was charged during the year ended June 30, 2022.

- 8.2 During the current year, an amount of Rs 0.04 million (2021: Rs 0.03 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.26 million (2021: Rs 0.19 million) was paid to the Trustee which acts as a collecting agent.

9 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

10.1 Sindh Revenue Board through its letter dated August 12, 2021 has intimated to Mutual Fund Association of Pakistan (MUFAP) that the mutual funds do not qualify as financial institutions / industrial establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has been taken up with the SECP by all the Asset Management Companies. In consultation with SECP, Asset Management Companies have reversed the cumulative provision for SWWF recognized in the financial statements of the funds on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, no provision for SWWF has been recognized in the financial statements of the Fund.

11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

13 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 are 0.38%, 0.36%, 0.37%, 0.41%, 0.66% and 0.57% (2021: 0.66%, 0.56%, 0.76%, 0.86%, 0.52% and 0.48%) which includes 0.03%, 0.03%, 0.03%, 0.03%, 0.03% and 0.03% (2021: 0.35%, 0.23%, 0.47%, 0.48%, 0.13% and 0.12%) representing government levies on Islamic Moderate Allocation Plan, Islamic Balanced Allocation Plan, Islamic Active Allocation Plan II, Islamic Active Allocation Plan III, Islamic Capital Preservation Plan IV and Islamic Capital Preservation Plan V respectively such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Shariah Compliant Fund of Funds scheme.

14 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2022 to the unit holders in the manner as explained above, therefore, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per section 4B of the Income Tax Ordinance, 2001.

15 TRANSACTIONS WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

17 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

17.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises three types of risk: currency risk, profit rate risk and price risk.

17.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the Fund is not exposed to currency risk as all the transactions are carried out in Pakistani Rupees.

17.1.2 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The profit rate profile of the Fund's profit bearing financial instruments is as follows:

Variable rate instruments (financial assets)	Note	2022	2021
		-----Rupees-----	
Bank balances	4	<u>5,875,180</u>	<u>20,702,982</u>

a) Sensitivity analysis for variable rate instrument

A reasonably possible change of 100 basis points in profit rates at the reporting date would have increased / decreased the income statement and statement of comprehensive income by Rs 0.059 million (2021: Rs 0.207 million) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

As at reporting date, the Fund does not hold any fixed rate instruments.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

17.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund investments in open end mutual funds which are categorized as equity schemes. The Fund manages its price risk arising from investments by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

The table below summarizes the sensitivity of the Fund's net assets attributable to unit holders to the equity price movements as at June 30, 2022. The analysis is based on the assumption that PSX index increased / decreased by 1%, with all other variables held constant.

As at June 30, 2022, the fair value of open end mutual funds categorized as equity securities exposed to price risk was disclosed in note 5.1.

	2022	2021
	-----Rupees-----	
<i>Effect due to increase / decrease in KMI 30 index</i>		
Investment and net assets	<u>172,972,624</u>	<u>4,909,131</u>
Income statement	<u>172,972,624</u>	<u>4,909,131</u>

17.2 Credit risk

Credit risk represents the risk of a loss if counterparties fail to perform as contracted and arises principally from bank balances, investments, profit and other receivable.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

17.2.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	(Rupees)			
Bank balances	5,875,180	5,875,180	20,702,982	20,702,982
Investments	719,051,226	-	848,903,035	-
Profit receivable on bank balances	214,070	214,070	287,418	287,418
Advances, prepayments and other receivables	3,318,082	3,318,082	210,280	210,280
	<u>728,458,558</u>	<u>9,407,332</u>	<u>870,103,715</u>	<u>21,200,680</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in open end mutual funds of Rs 719.05 million (2021: Rs 848.90 million) are not exposed to credit risk.

No financial assets were considered to be either past due or impaired at June 30, 2022 and June 30, 2021.

17.2.2 Credit quality of financial assets

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Name of bank	Rating agency	Rating	2022	2021
			%age of total bank balance	
Bank Alfalah Limited	PACRA	A1+ / AA+	60.07%	85.63%
BankIslami Pakistan Limited	PACRA	A1 / A+	12.48%	7.90%
Dubai Islamic Bank Limited	VIS	A-1+ / AA	9.34%	4.19%
Meezan Bank Limited	VIS	A-1+ / AAA	0.68%	1.33%
National Bank of Pakistan	PACRA	A1+ / AAA	14.85%	0.72%
Silk Bank Limited	VIS	A-2 / A-	0.17%	0.19%
Soneri Bank Limited	PACRA	A1+ / AA-	2.40%	0.04%
			<u>100.00%</u>	<u>100.00%</u>

Above ratings are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

17.2.3 Open end mutual fund

The Fund had investments as at June 30, 2022 with open end mutual funds having following ratings:

Name of open end mutual funds	Rating agency	Rating	2022	2021
			Percentage of total investments	
Alfalah GHP Islamic Income Fund	PACRA	AA-(f)	75.94%	42.17%
Alfalah GHP Islamic Dedicated Equity Fund	Not Rated	Not Rated	24.06%	57.83%
			<u>100.00%</u>	<u>100.00%</u>

17.2.4 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly held with various banks and securities issued by the entities having reasonably high credit rating.

17.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in short term instruments in order to maintain liquidity.

The Fund can borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear profit at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

(iv) ATTENDANCE AT MEETINGS OF BOARD OF DIRECTORS

Alfalah GHP Islamic Dedicated Equity Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Shariah compliant Islamic Equity Scheme (Previously Shariah Compliant Asset Allocation Scheme)

Investment Objective

The investment objective of GHP Islamic Dedicated Equity Fund (AGIDEF) is seeking long term capital appreciation and income from a diversified portfolio developed in consistence with the principles of Shariah.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive and attractive return as compared to peer funds via investments in Shariah Compliant avenues.

Equity Market Review

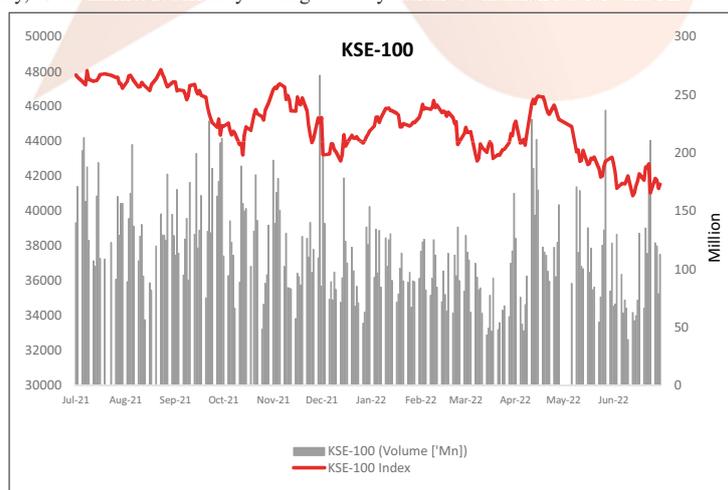

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

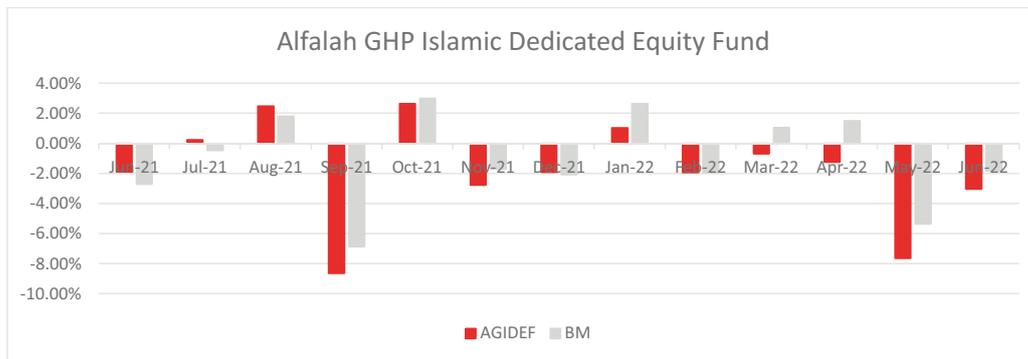

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

Fund Performance

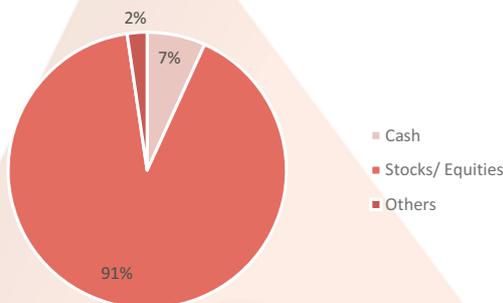

The fund generate a negitive return of 20.02% against the benchmark which also generated a negitive 10.25%.

Performance comparison with Benchmark

Karachi: September 16, 2022

SHARIAH REVIEW REPORT
ALFALAH GHP ISLAMIC DEDICATED EQUITY FUND

We, the Shariah Advisors of the Alfalah GHP Islamic Dedicated Equity Fund ('AGIDEF') managed by Alfalah GHP Investment Management Limited, are issuing this report in accordance with the Trust Deed and Offering Document of the said Fund. The scope of the report is to express an opinion on the Shariah Compliance of the Fund's activities.

It is the responsibility of the Management Company of the said Fund to establish and maintain a system of internal controls to ensure compliance with issued Shariah guidelines. As Shariah Advisors, our responsibility is to express an opinion, based on our review of the representations made by the management, to the extent where such compliance can be objectively verified.

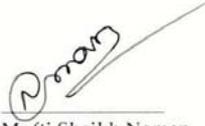

In the capacity of Shariah Advisors of the Fund, we provide consent for investment in equities securities based on the Shariah Guidelines during the period from July 1, 2021 to June 30, 2022.

We hereby certify that the investments made by the Funds are in compliance with Shariah principles.

For the Year 2021-22 provision against Charity is made amount to Rs. 345,808/- in respect of dividend purification.

May Allah bless us with Tawfeeq to accomplish these cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

For and on behalf of Shariah Advisory Board.

Mufti Shaikh Noman
Shariah Advisor

Mufti Javed Ahmad
Shariah Board Member

STATEMENT OF COMPLIANCE WITH SHARIAH PRINCIPLES

Alfalah GHP Islamic Dedicated Equity Fund has fully complied with the Shariah principles specified in the Trust Deed and the guidelines issued by the Shariah Advisor for its operations, investments and placements made during the year ended June 30, 2022. This has been duly confirmed by the Shariah Advisor of the Fund.

Dated: September 26, 2022

Mr. Nabeel Malik
Chief Executive Officer

**INDEPENDENT AUDITOR'S REPORT****To the Unit Holders of Alfalah GHP Islamic Dedicated Equity Fund****Report on the Audit of the Financial Statements****Opinion**

We have audited the financial statements of Alfalah GHP Islamic Dedicated Equity Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	<p>The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 161.569 million and bank balances aggregated to Rs. 11.427 million.</p> <p>The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> ▪ Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; ▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and ▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

For Alfalah GHP Investment Management Limited
(Management Company)

Chief Executive Officer

Chief Financial Officer

Director

ALFALAH GHP ISLAMIC DEDICATED EQUITY FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 Alfalah GHP Islamic Dedicated Equity Fund (the Fund) is an open-end collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between Alfalah GHP Investment Management Limited (the Management Company) and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Trust Deed was executed on April 06, 2017, and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the Non Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules), on March 28, 2017.

During the year ended 30 June 2021, the Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" (the Trust Act). Consequently, the Fund was required to be registered under the Sindh Trusts Act and on September 9, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.

1.3 The Fund is categorised as a 'Shariah Compliant Islamic Equity Scheme' pursuant to the provisions contained in Circular 7 of 2009 issued by the SECP and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.4 According to the trust deed, the objective of the Fund is to provide good total return through a combination of current income and long-term capital appreciation, consistent with reasonable investment risk in shariah compliant equity securities. The Fund invests in shariah compliant securities and profit bearing accounts.

1.5 The objective of the Fund is to provide equity exposure to "Fund-of-Funds". The Fund will not be actively marketed to retail or institutional investors, therefore, the Fund size may decline to zero when there are no "Fund-of-Funds" invested in the Fund. At any time when the Fund size declines to zero, the expenses of the Fund will be borne by the Management Company.

1.6 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022 (2021: AM2+).

1.7 Title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the requirements of IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements relate to classification, valuation, and impairment of financial assets (notes 3.3 and 5).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured at 'fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.3 Financial assets

3.3.1 Classification and subsequent measurement

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the Statement of Assets and Liabilities at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at fair value through other comprehensive income (FVOCI). The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The management considers its investment in equity securities as a group of assets and assesses them on a fair value basis and hence has classified them as fair value through profit or loss (FVTPL). Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVOCI are to be recognised in the "Income Statement".

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the "Income Statement".

3.3.2 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects :

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.7 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over five years in accordance with the requirements set out in the Trust Deed of the Fund and the NBFC Regulations.

3.8 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders' fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours of the day on which applications are received. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load, any provision for duties and charges, and provision for transaction costs, if applicable. The sales load is payable to the investment facilitators, distributors, and the Management Company.

Units redeemed are recorded at the redemption price applicable to units for which the distributors / Management Company receive redemption applications during business hours of that date. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, duties, taxes, charges on redemption, and provision for transaction costs, if applicable.

3.12 Net asset value per unit

The net asset value (NAV) per unit as disclosed in the "Statement of Assets and Liabilities" is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.13 Revenue recognition

- Gains or losses arising on sale of investments classified as financial asset at 'fair value through profit or loss' are recorded at the date on which the transaction takes place;
- Unrealised gains / losses arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are recorded in the period in which they arise;
- Profit income on bank balances is recognised on an accrual basis; and
- Dividend income is recognised when the right to receive the dividend is established. i.e. on the date of commencement of book closure of the investee company / institution declaring the dividend.

3.14 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / loss for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

4. BANK BALANCES

Balances with banks in:

- Savings accounts
- Current account

Note	2022	2021
	----- (Rupees) -----

5.1.1 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance, 2001 as a result of which companies are liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including the bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the Honourable High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule to the Income Tax Ordinance, 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Honourable Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or were to be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to continue. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically. The CISs have filed a fresh constitutional petition vide CP 4653 dated July 11, 2019 and on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares, issued to the Funds in lieu of their investments, be created in the meantime. The matter is still pending adjudication and the Fund has included these shares in its portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies, except for bonus / right on shares already withheld by the investee companies.

As at June 30, 2022, the following bonus shares of the Fund were withheld by certain companies at the time of declaration of the bonus shares.

Name of the Company	2022		2021	
	Bonus Shares		Bonus Shares	
	Number of shares withheld	Market value (Rupees)	Number of shares withheld	Market value (Rupees)

Note	2022	2021
		----- (Rupees) -----	----- (Rupees) -----
9. PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY			
Management remuneration payable	9.1	327,247	798,541
Sindh Sales Tax payable on management remuneration	9.2	42,543	103,811
Preliminary expenses and floatation cost payable	8	57,500	57,500
Payable against allocated expenses	9.3	62,199	49,993
Payable against selling and marketing expenses	9.4	<u>2,010,030</u>	<u>1,367,123</u>
		<u>2,499,519</u>	<u>2,376,968</u>

- 9.1 As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document, subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged remuneration at the rate of 2% (2021: 2%) per annum of daily average net assets of the Fund. The remuneration is paid to the Management Company on a monthly basis in arrears.
- 9.2 During the year, an amount of Rs. 0.711 million (2021: Rs. 0.980 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.772 million (2021: Rs. 0.948 million) has been paid to the Management Company which acts as a collecting agent.
- 9.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS). During the current year, the Management Company has charged such expenses to the Fund at the rate of 0.12% (2021: 0.1%) of the average net assets of the Fund.
- 9.4 The SECP has allowed the Asset Management companies to charge selling and marketing expenses in all categories of open-end mutual funds upto a maximum limit approved by the Board of Directors of Management Company as part of annual plan.

Accordingly, Management Company has charged selling and marketing expenses at the rate of 1.06% (2021: 0.4%) to the Fund based on its discretion subject to not being higher than actual expense. The Board of Directors of the Management Company has also approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company.

10. PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		-----	-----
		(Rupees)	
Trustee remuneration payable	10.1	32,560	79,693
Sindh Sales Tax payable on trustee remuneration	10.2	4,233	10,360
		<u>36,793</u>	<u>90,053</u>

- 10.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the trust deed as follows:

Average net asset value (Rupees)	Tariff per annum
Up to Rs 1,000 million	0.20% per annum of net assets
Over Rs 1,000 million	Rs 2.0 million plus 0.10% per annum of net assets exceeding Rs 1 billion

- 10.2 During the year, an amount of Rs. 0.547 million (2021: Rs. 0.754 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.077 million (2021: Rs. 0.095 million) was paid to the Trustee which acts as a collecting agent.

11. ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
		-----	-----
		(Rupees)	
Annual fee payable	11.1	<u>54,707</u>	<u>75,343</u>

- 11.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

12. ACCRUED EXPENSES AND OTHER LIABILITIES	Note	2022	2021
		-----	-----
		(Rupees)	
Auditors' remuneration payable		431,113	308,945
Brokerage payable		234,980	319,857
Settlement charges payable		18,923	25,415
Printing charges payable		107,787	106,422
Withholding tax payable		130,757	210,869
Charity payable	12.1	345,808	406,391
Shariah advisory fee payable		285,008	434,749
Provision for Sindh Workers' Welfare Fund	12.2	-	2,298,211
		<u>1,554,376</u>	<u>4,110,859</u>

- 12.1 According to the instructions of the Shariah Advisory Board, any income earned by the Fund from investments, a portion of which has been held in non-shariah compliant avenues, such portion of the income of the Fund should be donated for charitable purposes directly by the Fund. Accordingly, the dividend income is recorded net of charity portion.

12.2 As a consequence of the 18th amendment to the Constitution of Pakistan, the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh in May 2015, as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs. 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, the MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, the MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act. Since the Fund has started operations with effect from May 25, 2017 and incurred losses, no provision for SWWF has been made in the prior periods.

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

13. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

14. AUDITORS' REMUNERATION

	2022	2021
	----- (Rupees) -----	
Annual audit fee	328,046	150,000
Review and other certification	262,436	120,000
Out of pocket expenses	68,647	31,389
Sindh Sales Tax	52,730	24,111
	<u>711,859</u>	<u>325,500</u>

15. TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The fund has incurred a net loss for the year ended June 30, 2021, hence no provision for taxation has been recognised in the financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

16. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 4.81% (2021: 4.83%) which includes 0.36% (2021: 0.92%) representing government levies on the Fund such as sales taxes, annual fee to the SECP etc. The TER excluding government levies is 4.45% (3.91%) which is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an equity scheme.

17. TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

The Management Company manages the market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risks: currency risk, profit rate risk and price risk.

19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

19.1.2 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The profit rate profile of the Fund's profit bearing financial instruments is as follows:

	2022	2021
	----- Rupees -----	
Variable rate instruments (financial assets)		
Bank balances	<u>557,841</u>	<u>186,996</u>

a) Sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in profit rates at the reporting date would have increased / decreased the "Income Statement" and "Statement of Comprehensive Income" by Rs 236 (2021: Rs 241) and consequently statement of movement in unit holders' fund would be affected by the same amount. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instruments

As at reporting date, the Fund does not hold any fixed rate instruments.

The composition of the Fund's investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

	Effective profit rate	2022			Not exposed to profit rate risk	Total
		Exposed to profit rate risk				
		Up to three months	More than three months and up to one	More than one year		
(Rupees)						
On-balance sheet financial instruments

Cumulative profit rate sensitivity gap		<u>186,996</u>	<u>186,996</u>	<u>186,996</u>		

19.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund's investments in equity securities. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

The table below summarizes the sensitivity of the Fund's net assets attributable to unit holders to the equity price movements as at June 30, 2022. The analysis is based on the assumption that the KMI-30 index increased / decreased by 1%, with all other variables held constant.

At June 30, 2022, the fair value of equity securities exposed to price risk is disclosed in note 5.1.

<i>Effect due to increase / decrease in KMI-30 index</i>	2022	2021
	-----Rupees-----	
Investments and net assets	<u>1,615,695</u>	<u>4,751,603</u>
Income statement	<u>1,615,695</u>	<u>4,751,603</u>

19.2 Credit risk

Credit risk represents the risk of a loss if counterparties fail to perform as contracted and arises principally from bank balances, security deposits and dividend and profit receivable,

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent control established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee.

19.2.1 Exposure to credit risk

The table below analyses the Fund's maximum exposure to credit risk:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
Bank balances	11,427,257	11,427,257	17,304,574	17,304,574
Investments	161,569,525	-	475,160,323	-
Security deposits	2,600,000	2,600,000	2,600,000	2,600,000
Advance, dividend, profit and other receivables	1,514,197	1,514,197	2,297,190	2,297,190
	<u>177,110,979</u>	<u>15,541,454</u>	<u>497,362,087</u>	<u>22,201,764</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in listed equity securities of Rs. 161.57 million (2021: Rs. 475.16 million) are not exposed to credit risk.

No financial assets were considered to be either past due or impaired at June 30, 2022 and June 30, 2021.

19.2.2 Credit quality of financial assets

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Banks	Rating Agency	Rating (Short Term / Long Term)	2022	2021
			% of financial assets exposed to credit risk	
Bank Alfalah Limited	PACRA	A1+ / AA+	98.95%	95.70%
Meezan Bank Limited	VIS	A-1+ / AAA	0.06%	0.11%
BankIslami Pakistan Limited	PACRA	A1 / A+	0.42%	0.80%
Dubai Islamic Bank Pakistan Limited	VIS	A-1+ / AA	0.06%	0.75%
National Bank of Pakistan	VIS	A-1+ / AAA	0.51%	2.64%
			<u>100.00%</u>	<u>100.00%</u>

Above ratings are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

19.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds' portfolio of financial instruments is mainly held with various banks and securities issued by the entities having reasonably high credit rating. Further investments in listed equity securities are not exposed to credit risk.

19.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

2022						
Within one month	More than one month and upto three	More than three months and upto one	More than one year and upto five years	More than 5 years	Financial Instruments with no fixed	Total

Net financial assets	18,848,300	(308,945)	-	-	475,160,323	493,699,678

19.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

	2022			Total
	Level 1	Level 2	Level 3	
Financial assets 'at fair value through profit or loss'	Rupees			
Listed equity securities	159,311,605	-	-	159,311,605
Exchange traded fund	2,257,920	-	-	2,257,920
	<u>161,569,525</u>	<u>-</u>	<u>-</u>	<u>161,569,525</u>
	2021			
	Level 1	Level 2	Level 3	Total
Financial assets 'at fair value through profit or loss'	Rupees			
Investment in listed equity securities	475,160,323	-	-	475,160,323

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

19.5 Unit holders' fund risk management

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is the risk that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of the unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Funds' yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all times during the life of the scheme. However, the Fund is exempt from any "Minimum Fund Size" requirement as specified under the NBFC Regulations.

20. SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

(iv) ATTENDANCE AT MEETINGS OF BOARD OF DIRECTORS

Alfalah GHP Islamic Value Fund

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Conventional Asset Allocation Scheme

Investment Objective

The investment objective of Alfalah GHP Islamic Value Fund (AGIVF) is to earn a potentially high return through allocation of assets between Shari'ah Equity Instruments, Shari'ah Fixed Income Instruments and any other Shari'ah instrument as permitted by the SECP and Shari'ah Advisor.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive and attractive return as compared to peer funds.

Equity Market Review:

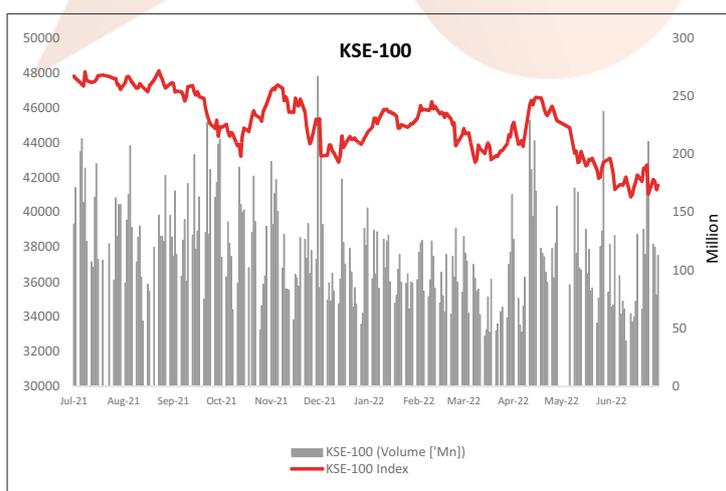

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

Money Market Review

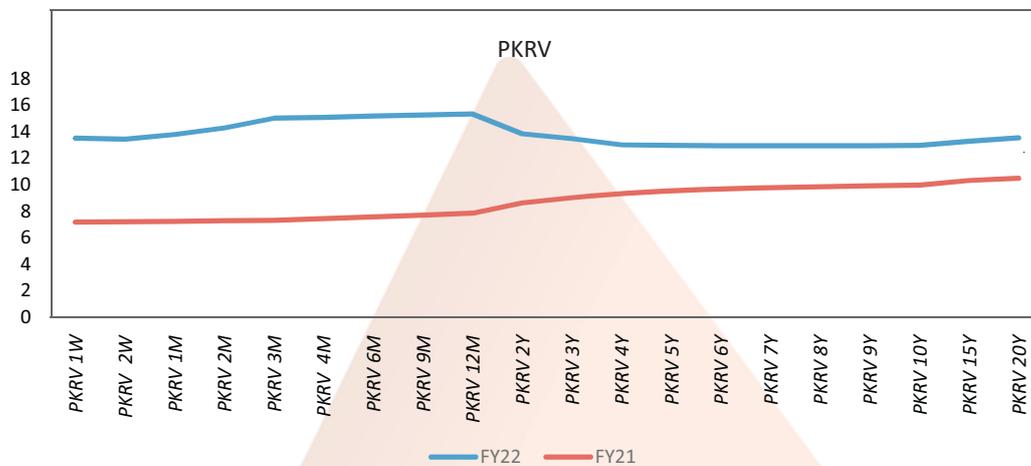

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

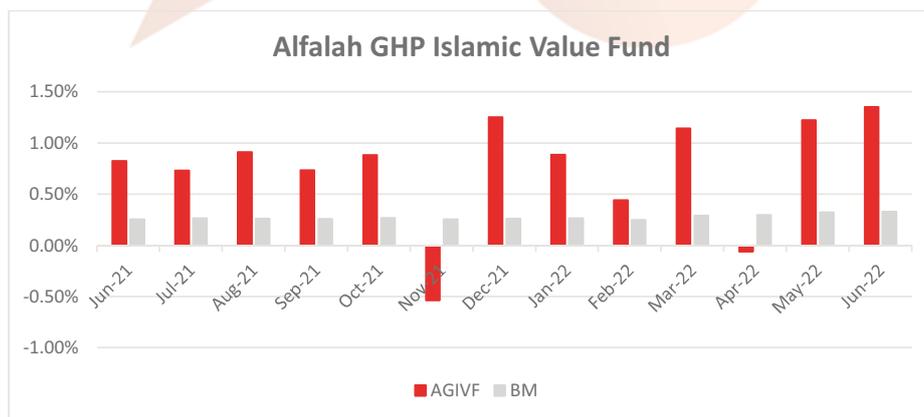

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

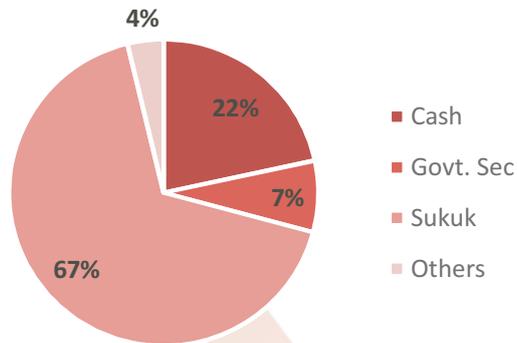

Fund Performance

The fund generated a return of 9.34% against the benchmark which generated 3.40%. The fund also paid dividends of PKR8.4367/unit during the year.

Assets Allocation

Asset Allocation
(as at 30 Jun 2022)

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Alfalah GHP Islamic Value Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah GHP Islamic Value Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to note 1.7 to the financial statements which describes the matter relating to excess distribution made by the Fund. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 1,480.41 million and bank balances aggregated to Rs. 459.96 million.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;

A. F. FERGUSON & CO., Chartered Accountants, a member firm of the PwC network
State Life Building No. 1-C, I.I. Chundrigar Road, P.O. Box 4716, Karachi-74000, Pakistan
Tel: +92 (21) 32426682-6/32426711-5; Fax: +92 (21) 32415007/32427938/32424740; <www.pwc.com/pk>

■ KARACHI ■ LAHORE ■ ISLAMABAD

S. No.	Key Audit Matter	How the matter was addressed in our audit
	The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	<ul style="list-style-type: none"> ▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and ▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

A/As

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

ALFALAH GHP ISLAMIC VALUE FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 Alfalah GHP Islamic Value Fund (the Fund) is an open-end collective investment scheme established through a Trust Deed executed under the Trust Act, 1882, entered into on May 6, 2014 between Alfalah GHP Investment Management Limited as the Management Company, a company incorporated under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) and Central Depository Company of Pakistan Limited (CDC) as the Trustee, also incorporated under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) through a certificate issued by the Securities and Exchange Commission of Pakistan (SECP) on March 9, 2017. The registered office of the Management Company is situated at 8-B, 8th floor, Executive Tower, Dolmen city, Block 4, Clifton, Karachi.

The Trust Act, 1882 had been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). Consequently, the Fund is required to be registered under the Sindh Trust Act and on September 17, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.

1.3 The Fund is categorised as a Shariah Compliant Asset Allocation Scheme pursuant to the provisions contained in Circular 7 of 2009 issued by the SECP. The units are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.4 The objective of the Fund is to earn a potentially high return through allocation of assets between Shariah Compliant equity instruments, Shariah compliant fixed income instruments and any other Shariah compliant instrument as permitted by the SECP and Shariah advisor.

1.5 The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022.

1.6 Title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.

1.7 During the year, the Fund has made a distribution of Rs 207.311 million (including income already paid on units redeemed of Rs 205.056 million). However, the maximum amount available for distribution for the current year as per the criteria given in the constitutive documents of the Fund was Rs 205.098 million. The Fund intends to adjust the same in the future years through subsequent available profits.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's accounting period beginning on July 1, 2021. However, these are considered either to be not relevant or to not have any significant impact on the Fund's financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- i. Classification and valuation of financial assets (notes 3.3.2 and 5)
- ii. Impairment of financial assets (note 3.3.3 and 3.3.4)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured 'at fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.3 Financial assets

3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.2 Classification and subsequent measurement

3.3.2.1 Debt instruments

"IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:"

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL)

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.3.2.2 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the Statement of Assets and Liabilities at fair value, with gains and losses recognised in the Income Statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.3.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.3.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's Circular.

3.3.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.8 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

3.10 Element of income / (loss) and capital gains / (losses) included in the prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.12 Revenue recognition

- Gains / (losses) arising on sale of investments are included in Income Statement and are recognised when the transaction takes place.

- Income on sukuk certificates and government securities is recognised on a time proportionate basis using the effective yield method, except for the securities which are classified as Non-Performing Asset under Circular No. 33 of 2012 issued by the SECP for which the profits are recorded on cash basis.
- Unrealised appreciation / (diminution) arising on re-measurement of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the date of commencement of book closure of the investee company / institution declaring the dividend.
- Profit on saving accounts with banks is recognised on an accrual basis.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

7 PROFIT AND OTHER RECEIVABLES

	Note	2022	2021
-----Rupees -----			
Profit receivable on:			
Bank balances		3,917,838	1,362,815
Sukuk certificates		32,800,884	22,217,090
GOP Ijara Sukuk		3,336,452	21,720,442
Advance tax	7.1	817,312	816,834
Dividend receivable		<u>44,413</u>	<u>44,413</u>
		<u>40,916,899</u>	<u>46,161,594</u>

- 7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 150 and 151. However, during the year ended June 30, 2022, withholding tax on dividend and profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders. The tax withheld on dividend and profit on debt amounts to Rs. 0.817 million (2021: Rs. 0.817 million)

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of the FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Honourable Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other asset management companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund has been shown as advance tax as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

8 PRELIMINARY EXPENSES AND FLOATATION COSTS	Note	2022	2021
		----- (Rupees) -----	
At the beginning of the year		87,774	156,890
Amortisation during the year		(87,774)	(69,116)
At the end of the year	8.1	<u>-</u>	<u>87,774</u>

8.1 Preliminary expenses and floatation cost represent expenditure incurred prior to the commencement of operations of the Fund. These costs are amortised over a period of 5 years in accordance with the requirements set out in the Trust Deed of the Fund and the NBFC Regulations.

9. PAYABLE TO ALFALAH GHP INVESTMENT MANAGEMENT LIMITED - MANAGEMENT COMPANY	Note	2022	2021
		----- (Rupees) -----	
Management remuneration payable	9.1	243,807	288,420
Sindh sales tax payable on management remuneration	9.2	31,695	37,502
		<u>275,502</u>	<u>325,922</u>

9.1 As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document, subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 0.15% (2021: 0.15%) of average annual net assets of the Fund.

The remuneration is paid to the Management Company on a monthly basis in arrears.

9.2 During the year, an amount of Rs. 0.448 million (2021: Rs. 0.401 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.453 million (2021: Rs. 0.393 million) has been paid to the Management Company which acts as a collecting agent.

10 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2022	2021
		-----Rupees -----	
Trustee remuneration payable	10.1	144,158	166,466
Sindh sales tax payable on Trustee remuneration	10.2	20,620	23,516
		<u>164,778</u>	<u>189,982</u>

10.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed at the rate of 0.075% per annum of average annual net assets of the Fund per annum of net assets of the Fund (2021 was as follows):

From July 1, 2020 till August 12, 2020	
Net assets (Rs.)	Tariff
- up to Rs. 1 billion	0.20% per annum of net assets
- over Rs. 1 billion	Rs. 2 million plus 0.10% per annum of net assets exceeding Rs. 1 billion.
From August 13, 2020 till June 30, 2021	
Tariff	
0.075% of per annum of net assets	

10.2 During the year, an amount of Rs 0.224 million (2021: Rs. 0.217 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.227 million (2021: Rs. 0.201 million) was paid to the Trustee which acts as a collecting agent.

11 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022	2021
		-----Rupees -----	
Annual fee payable	11.1	<u>458,997</u>	<u>411,554</u>

11.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

12. ACCRUED AND OTHER LIABILITIES	Note	2022	2021
		-----Rupees-----	
Provision against Sindh Workers' Welfare Fund	12.1	-	3,235,783
Auditors' remuneration payable		604,869	701,368
Printing charges payable		70,835	70,449
Brokerage payable		20,962	40,000
Settlement charges payable		988,520	45,706
Shariah advisory fee payable		629,472	718,751
Charity payable		4,776	3,849
Sales load payable		290,474	290,474
Withholding tax payable		386,253	720,866
		<u>2,996,161</u>	<u>5,827,246</u>

- 12.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds had accordingly made provision in respect of SWWF as recommended by MUFAP.

During the year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and all the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in the financial statements of the Fund.

13. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

14 PROFIT INCOME	2022	2021
	-----Rupees-----	
Profit income on:

	665,764	531,380
Sindh sales tax on services	53,261	42,510
	<u>719,025</u>	<u>573,890</u>

16. TOTAL EXPENSE RATIO (TER)

The total expense ratio (TER) of the Fund as at June 30, 2022 results is 0.36% which includes 0.049% representing Government levies on the Fund such as sales taxes, annual fee to the SECP, etc. The prescribed limit for the ratio is 4.5% (excluding government levies) under the NBFC Regulations for a collective investment scheme categorised as an "asset allocation scheme".

17. TAXATION

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of the Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2022 to the unit holders in the manner as explained above, therefore, no provision for taxation has been made in these financial statements.

18. TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Funds under management of the Management Company, GHP Beteiligungen Holding Limited, Bank Alfalah Limited and MAB Investment Incorporated being associated companies of Management Company, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund, Alfalah GHP Investment Management Limited - Staff Provident Fund, directors and key management personnel of Alfalah GHP Investment Management Limited and Central Depository Company of Pakistan Limited (CDC) being the Trustee of the Fund, and other associated companies and connected persons. Connected persons also includes any person beneficially owing directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at terms determined in accordance with market rates. The management considers that the transactions between the related parties / connected persons are executed in accordance with the parameters defined in the Offering document, trust deed and NBFC regulations which are publicly available documents and hence, the transactions are considered to be on an arm's length basis.

Remunerations to the Management Company and the Trustee of the Fund are determined in accordance with the provisions of the NBFC Regulations and the Trust Deed respectively.

Details of transactions and balances at period / year end with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICES

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund, the NBFC Regulations and the directives issued by the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds and are explained below:

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and regulations laid down by the SECP.

Market risk comprises of three types of risks: currency risk, profit rate risk and price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the Fund is not exposed to currency risk as all the transactions are carried out in Pakistani Rupees.

20.1.2 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The profit rate profile of the Fund's profit bearing financial instruments is as follows:

	2022	2021
	-----Rupees-----	
Variable rate instruments (financial assets)		
Sukuk certificates	1,331,440,086	1,335,873,552
Bank balances	396,385,181	235,768,982
	<u>1,727,825,267</u>	<u>1,619,091,493</u>
Fixed rate instruments (financial assets)		
GOP Ijara sukus	148,965,000	626,724,306
	<u>148,965,000</u>	<u>626,724,306</u>

a) Sensitivity analysis for variable rate instrument

Presently, the Fund holds KIBOR based sukuk certificates and bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 5.887 million (2021: Rs. 4.364 million) The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

A reasonably possible change of 100 basis points in profit rates on the last repricing date would have increased / decreased net income of the year and the net assets of the Fund by Rs 0.21 million (2021: 0.61 million). The analysis assumes that all other variables remain constant.

The composition of the Fund's investment portfolio, profit rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

Particulars	Effective profit rate	2022				Not exposed to yield / profit rate risk	Total
		Exposed to yield / profit rate risk

Cumulative profit rate sensitivity gap		942,800,727	1,619,091,493	2,245,815,799			

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. As at reporting date, the Fund is not exposed to price risk.

20.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets either in short term instruments or in investments that are traded in an active market and can be readily disposed and are considered readily realisable in order to maintain liquidity.

The Fund can borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear profit at commercial rates. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the period.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

						2,291,370,556

20.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

20.3.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2022 was as follows:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	-----Rupees-----		-----Rupees-----	
Bank balances	459,955,584	459,955,584	283,217,941	283,217,941
Investments	1,480,405,086	1,331,440,086	1,962,597,858	1,335,873,552
Security deposits	2,600,000	2,600,000	2,600,000	2,600,000
Profit and other receivables	40,099,587	36,763,135	45,344,760	23,624,318
	<u>1,983,060,257</u>	<u>1,830,758,805</u>	<u>2,293,760,559</u>	<u>1,645,315,811</u>

Difference in the balance as per statement of assets and liabilities and maximum exposure is due to the fact that the investments in GOP Ijara sukuk and profit receivable thereon are not exposed to credit risk.

No financial assets were considered to be past due or impaired at June 30, 2022 and June 30, 2021.

20.3.2 Bank balances

The Fund held bank balances at June 30, 2022 with banks having following credit ratings:

Name of Bank	Rating agency	Rating (Short Term / Long Term)	2022	2021
			Percentage of total bank balance	
Bank Alfalah Limited	PACRA	A1+ / AA+	13.86%	16.78%
Al-Baraka Bank (Pakistan) Limited	VIS	A1 / A+	6.83%	-
Habib Metropolitan Bank Limited	PACRA	A1+ / AA+	0.00%	0.00%
Allied Bank Limited	PACRA	A1+ / AAA	0.00%	0.00%
BankIslami Pakistan Limited	PACRA	A1 / A+	8.51%	83.15%
Dubai Islamic Bank Pakistan Limited	VIS	A1+ / AA	70.79%	0.03%
MCB Islamic Bank Limited	VIS	A1+ / AAA	0.00%	0.04%
Meezan Bank Limited	VIS	A1+ / AAA	0.00%	0.00%
			<u>100.00%</u>	<u>100.0%</u>

Above ratings are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022. Ratings of investments have been disclosed in related notes to the financial statements.

20.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. Despite the high concentration of credit risk as stated above, the Fund has entered into transactions with credit worthy counterparties thereby mitigating any significant risk due to concentration of credit risk. Details of Fund's concentration of credit risk of financial instruments is as follows:

	2022		2021	
	Rupees	%	Rupees	%
Commercial banks (including profit receivable)	463,873,422	25.34%	284,580,756	17.30%
Investments (including profit receivable)	1,364,240,970	74.52%	1,358,090,642	82.54%
Dividend receivable	44,413	0.00%	44,413	0.00%
National Clearing Company of Pakistan Limited (security deposit)	2,500,000	0.14%	2,500,000	0.15%
Central Depository Company of Pakistan Limited (security deposit)	100,000	0.01%	100,000	0.01%
	<u>1,830,758,805</u>	<u>100.00%</u>	<u>1,645,315,811</u>	<u>100.00%</u>

21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- **Level 1:** Quoted price (unadjusted) in an active market for identical assets or liabilities that the entity can access at the measurement date;
- **Level 2:** Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);
- **Level 3:** Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund held the following assets measured at fair values:

	2022			
	Level 1	Level 2	Level 3	Total
	----- Rupees -----			
At fair value through profit or loss				
Sukuk certificates	-	1,331,440,086	-	1,331,440,086
GOP Ijara sukuks	-	148,965,000	-	148,965,000
	<u>-</u>	<u>1,480,405,086</u>	<u>-</u>	<u>1,480,405,086</u>
	----- Rupees -----			
	----- Rupees -----			
At fair value through profit or loss				
Sukuk certificates	-	1,335,873,552	-	1,335,873,552
GOP Ijara sukuks	-	626,724,306	-	626,724,306
	<u>-</u>	<u>1,962,597,858</u>	<u>-</u>	<u>1,962,597,858</u>

During the year ended June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

22 UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

23 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

24 GENERAL

Figures have been rounded off to the nearest thousand rupees unless, otherwise specified.

25 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue on August 25, 2022 by the Board of Directors of the Management Company.

(iii) **PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE**

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalah Islamic Rozana Amdani Fund

Annual Fund Manager`s Report

Type of Fund: Open-end Scheme

Category of Fund: Income Scheme

Investment Objective

The objective of Alfalah Islamic Rozana Amdani Fund (AIRAF) is to provide competitive returns and to meet liquidity needs of investors by providing investors a daily dividend by investing in low risk and highly liquid Shari'ah Compliant money market instruments.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive return as compared to peer funds with minimum possible risk through investing in low duration shariah compliant fixed income instruments within the guidelines provided under NBFC rules.

Money Market Review:-

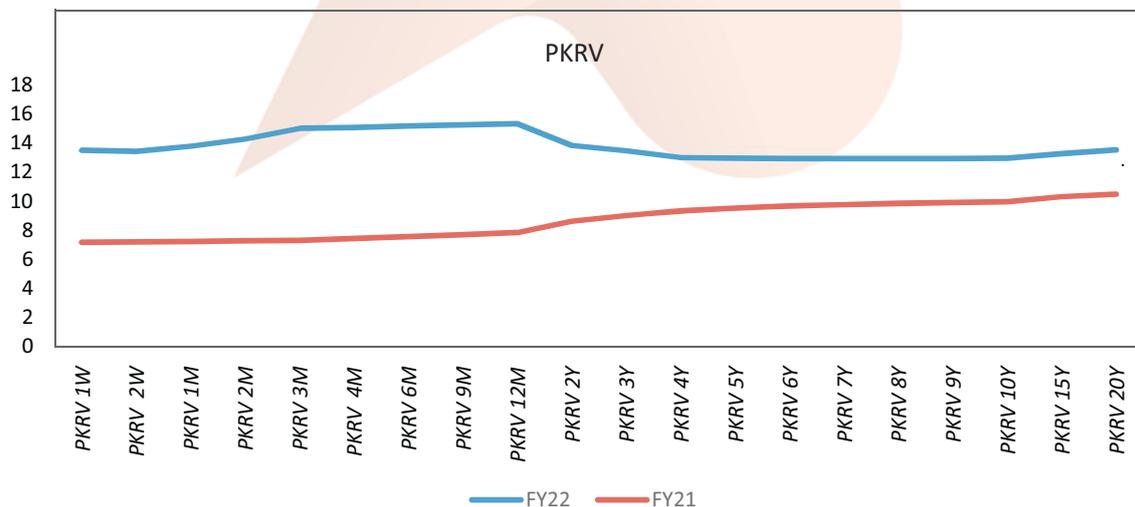

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

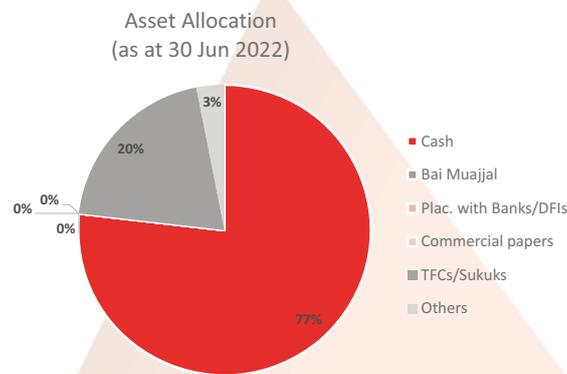

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Fund Performance

For the year ended June 30 2022, the fund posted a return of 9.7% against the benchmark of 3.58%.

Credit Quality (as % of Total Assets)

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH ISLAMIC ROZANA AMDANI FUND

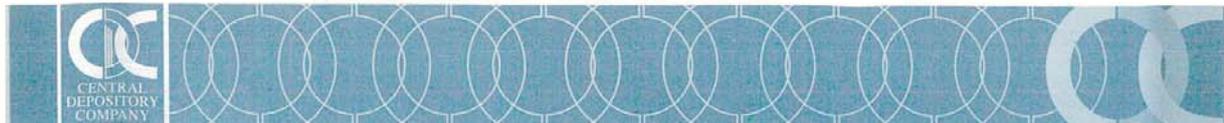

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah Islamic Rozana Amdani Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing; issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

SHARIAH REVIEW REPORT
ALFALAH GHP ISLAMIC ROZANA AMDANI FUND

We, the Shariah Advisors of the Alfalah GHP Islamic Rozana Amdani Fund ('AIRAF') managed by Alfalah GHP Investment Management Limited, are issuing this report in accordance with the Trust Deed dated June 25, 2020 and Offering Document dated July 17, 2020 of the said Fund. The scope of the report is to express an opinion on the Shariah Compliance of the Fund's activities.

It is the responsibility of the Management Company of the said Fund to establish and maintain a system of internal controls to ensure compliance with issued Shariah guidelines. As Shariah Advisors, our responsibility is to express an opinion, based on our review of the representations made by the management, to the extent where such compliance can be objectively verified.

In the capacity of Shariah Advisors of the Fund, we have reviewed and given approval for investment in following avenues during the period from July 01, 2021 to June 30, 2022.

Investment Avenue
Approved Shariah Compliant Sukuk
Approved Islamic Commercial Papers
Approved Bai Muajjal Transactions
Term Deposit Receipts with Approved Islamic Banks

We hereby certify that all the above-mentioned investments and all the provisions of the scheme made by the Fund are in compliance with the Shariah principles.

According to the instructions, if any income is earned by the Fund from the investments whereby a portion of income of such investment has been derived from prohibited sources, such proportion of income of the Fund should be donated to charitable purposes. However, during the year ended June 30, 2022, no such income is earned.

May Allah bless us with Tawfeeq to accomplish these cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

For and on behalf of Shariah Advisory Board.

Mufti Shaikh Noman
Shariah Advisor

Mufti Javed Ahmad

STATEMENT OF COMPLIANCE WITH SHARIAH PRINCIPLES

Alfalah Islamic Rozana Amdani Fund has fully complied with the Shariah principles specified in the Trust Deed and the guidelines issued by the Shariah Advisor for its operations, investments and placements made during the year ended June 30, 2022. This has been duly confirmed by the Shariah Advisor of the Fund.

Dated: September 26, 2022

Mr. Nabeel Malik
Chief Executive Officer

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Alfalah Islamic Rozana Amdani Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah Islamic Rozana Amdani Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year ended June 30, 2022, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year ended June 30, 2022 in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	<p>The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 1,350 million and bank balances aggregated to Rs. 5,270.159 million.</p> <p>The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENT

FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** Alfalah Islamic Rozana Amdani Fund (the Fund) is an open-end collective investment scheme established through a Trust Deed under the Trust Act, 1882, executed between Alfalah GHP Investment Management Limited, (the Management Company) and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Trust Deed was executed on May 19, 2020, and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the NBFC (Establishment and Regulation) Rules, 2003 (the NBFC Rules) on June 25, 2020.
- 1.2** During the year ended June 30, 2021, The Trust Act, 1882 had been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trust Act, 2022" (the Sindh Trust Act). Consequently, the Fund is required to be registered under the Sindh Trust Act. Accordingly, on September 13, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.
- 1.3** The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f. March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen City, Block 4, Clifton, Karachi.
- 1.4** The Fund has been categorised as a 'Shari'ah Compliant Money Market Scheme' by the Board of Directors of the Management Company pursuant to the provisions contained in circular 7 of 2009. The units of the Fund were initially offered for public subscription at a par value of Rs.100 per unit. Thereafter, the units were being offered for public subscription on a continuous basis from September 21, 2020 and are transferable and redeemable by surrendering them to the Fund.
- 1.5** The objective of the Fund is to provide competitive returns and to meet liquidity needs of investors by providing investors a daily payout by investing in low risk and highly liquid Shariah Compliant money market instruments. The Management Company has appointed Mufti Atta Ullah as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.6** The Fund has the following specific features:
- Dividend will be distributed to the entitled unit holders on a daily basis (i.e. each business day).
 - Daily dividend received by the unit holder shall be reinvested.

By distributing dividend on a daily basis, the Management Company is required to ensure that total distribution in an accounting period accumulates to an amount that is required under the tax laws and other regulations in force.

- 1.7** The Pakistan Credit Rating Agency Limited (PACRA) has assigned an asset manager rating of AM2+ (stable outlook) to the Management Company on March 3, 2022 (2021: AM2+ dated March 3, 2021) and AA(f) to the Fund in its credit rating report dated May 07, 2022 (2021: AA(f) dated May 19, 2021).
- 1.8** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the requirements of IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements relate to Classification, impairment and valuation of financial assets (notes 3.2 and 5).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured 'at fair value through profit or loss' category which are stated at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Bai Muajjal

Bai Muajjal transactions represent sales of Sukuks and Islamic Commercial Papers on a deferred payment basis. The difference between the deferred payment amount receivable and the carrying value at the time of sale is accrued and recorded as income over the term of the transaction.

3.3 Financial assets

3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.3.2 Classification and subsequent measurement

a) Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost ;
- at fair value through other comprehensive income (FVOCI);
- at fair value through profit or loss (FVTPL)

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

b) Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted around that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

c) Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the "Income Statement".

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's Circular.

3.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.4 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.8 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over a period of 5 years in accordance with the requirements set out in the Trust Deed of the Fund.

3.9 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.10 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price prevalent on the date on which the Management Company receives redemption applications during business hours on that date. The redemption price represents NAV as on the close of business day, less any duties, taxes, charges on redemption and provision for transactions costs, if applicable.

3.11 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the period also includes portion of income already paid on units redeemed during the period.

Distributions declared subsequent to the period end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.12 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.13 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place;
- Profit on term deposit receipts and commercial papers is recognised on time proportion basis using the effective yield;
- Income on sukuk certificates is recognised on a time proportionate basis using the effective yield method except for the securities which are classified as non-performing asset under Circular 33 of 2012 issued by SECP for which the profits are recorded on cash basis;
- Income on bai muajjal is recognised on time proportion basis, the difference between the sale and the credit price is recognised over the credit period; and
- Profit on bank balances is recognised on an accrual basis.

3.14 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.15 Earnings per unit

Earnings per unit is calculated by dividing the net income for the period after taxation of the Fund by the weighted average number of units outstanding during the period.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

4	BANK BALANCES	Note	2022	2021
		----- (Rupees) -----		
	In savings accounts	4.1	5,270,159,471	2,668,806,269

6 DEPOSIT, ADVANCE AND OTHER RECEIVABLES

	Note	2022	2021
		----- (Rupees) -----	
Profit receivable on:			
Bank balances		53,195,597	15,510,984
Term deposit receipts		-	97,329
Short term sukuk certificates		<u>37,567,597</u>	<u>2,970,411</u>
		<u>90,763,194</u>	<u>18,578,724</u>
Advance tax	6.1	3,763,016	523,031
Other receivable		-	60,000
PACRA rating fee		93,820	-
Security Deposit with Central Depository Company of Pakistan Limited - Trustee		<u>100,000</u>	<u>100,000</u>
		<u>94,720,030</u>	<u>19,261,755</u>

- 6.1 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to Collective Investment Schemes (CISs) are exempt from withholding tax under section 150 and 151. However, during the period ended June 30, 2022, withholding tax on dividend and profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on profit on debt amounts to Rs. 3.240 million (2021: Rs. 0.523 million) during the year.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Honourable Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other asset management companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund has been shown as advance tax as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

7 PRELIMINARY EXPENSES AND FLOATATION COSTS	Note	2022	2021
----- (Rupees) -----			
Preliminary expenses and floatation costs incurred prior to commencement of operations	7.1	2,730,789	3,236,260

Trustee remuneration payable	9.1	253,258	279,094
Sindh Sales Tax payable on Trustee remuneration	9.2	99,288	36,291
		<u>352,546</u>	<u>315,385</u>

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed. During the year, the Trustee has charged remuneration at the rate of 0.065% per annum from July 01, 2021 till September 30, 2021 and at 0.055% per annum from October 01, 2021 till June 30, 2022 (for the period from August 13, 2020 till June 30, 2021: 0.65%) of average net assets of the Fund.

9.2 During the year, an amount of Rs. 0.388 million (2021: Rs. 0.265 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.325 million (2021: Rs. 0.229 million) was paid to the Trustee which acts as a collecting agent.

10 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

Note	2022	2021
	----- (Rupees) -----	
Annual fee payable	1,034,948	627,419

10.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% (2021: 0.02%) of the average annual net assets of the Fund.

11 ACCRUED EXPENSES AND OTHER LIABILITIES

Note	2022	2021
	----- (Rupees) -----	
Provision for Sindh Workers' Welfare Fund	-	4,141,077
Auditors' remuneration payable	191,838	202,069
Settlement charges payable	143,010	244,380
Listing fee payable	30,271	25,328
Brokerage expense payable	319,915	101,116
Withholding tax payable	8,461,083	2,783,414
Printing charges payable	86,758	50,472
Rating fee payable	187,640	303,237
Shariah advisory fee payable	254,884	202,069
Sales load payable	1,216,284	675,668
	<u>10,891,683</u>	<u>8,728,830</u>

11.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP has taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, the MUFAP recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act. Since the Fund has started operations with effect from September 21, 2020 therefore, the provision has been recognised from September 21, 2020 to June 30, 2021.

During the year, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the funds, for the period from September 21, 2020 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

	For the year ended June 30, 2022	For the period from August 13, 2020 to June 30, 2021

		<u>5,270,159,471</u> <u>4,199,245,423</u>

16 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 0.45% (2021: 0.57%) which includes 0.06% (2021: 0.19%) representing government levies on the Fund such as provision against Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP etc. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

17 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year to the unit holders in the manner as explained above, therefore, no provision for taxation has been made in these financial statements.

18 TRANSACTIONS WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, profit rate risk and price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

20.1.2 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The profit rate profile of the Fund's profit bearing financial instruments, as at June 30, 2022, is as follows:

	2022	2021
	----- (Rupees) -----	
Variable rate instruments (financial assets)		
Bank balances	5,270,159,471	2,668,806,269
Sukuk certificates	1,350,000,000	225,000,000
	<u>6,620,159,471</u>	<u>2,893,806,269</u>
Fixed rate instruments (financial assets)		
Bai muajjal receivable	-	1,040,439,154
Term deposit receipts	-	490,000,000
Commercial papers	-	675,298,097
	<u>-</u>	<u>2,205,737,251</u>

a) Sensitivity analysis for variable rate instrument

Presently, the Fund holds KIBOR based sukuk certificates and bank balances which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the period and net assets of the Fund would have been higher / lower by Rs 66.20 million. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

The Fund does not have any investment in fixed rate instrument as of June 30, 2022 therefore it is not exposed to any fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

----- 2022 -----					
Effective yield / profit rate	Exposed to yield / profit risk			Not exposed to yield / profit rate risk	Total
	Upto three months	More than three months and up to one year	More than one year

Cumulative interest rate sensitivity gap 4,689,116,883 5,099,543,520 5,099,543,520

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2022.

20.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligations as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

20.2.1 Exposure to credit risk

The table below analyses the Fund's maximum exposure to credit risk:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	(Rupees)		(Rupees)	
Bank balances	5,270,159,471	5,270,159,471	2,668,806,269	2,668,806,269
Investments	1,350,000,000	1,350,000,000	2,430,737,251	2,430,737,251
Deposit, advance and other receivables	90,863,194	90,863,194	18,738,724	18,738,724
	<u>6,711,022,665</u>	<u>6,711,022,665</u>	<u>5,118,282,244</u>	<u>5,118,282,244</u>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2022 is the carrying amount of the financial assets.

No financial assets were considered to be past due or impaired as at June 30, 2022.

20.2.2 Credit quality of financial assets

The Fund held bank balances as at June 30, 2022 with banks having following credit ratings:

Banks	Rating agency	Rating (Short Term / Long Term)	2022	2021
			% of financial assets exposed to credit risk	
Allied Bank Limited	PACRA	A1+ / AAA	50.47%	59.73%
Askari Bank Limited	PACRA	A1+ / AA+	0.00%	0.00%
Bank Alfalah Limited	PACRA	A1+ / AA+	0.06%	0.00%
Dubai Islamic Bank Pakistan Limited	VIS	A-1+ / AA	5.98%	21.62%
Faysal Bank Limited	PACRA	A1+ / AA	43.44%	18.59%
Habib Metropolitan Bank Limited	PACRA	A1+ / AA+	0.00%	0.00%
National Bank of Pakistan	PACRA	A-1+ / AAA	0.00%	0.06%
Central Depository Company of Pakistan Limited	N/A	N/A	0.05%	0.00%
Habib Bank Limited	VIS	A-1+ / AAA	0.00%	0.00%
			<u>100.00%</u>	<u>100.00%</u>

Above ratings are on the basis of available ratings assigned by PACRA and VIS as of June 30, 2022.

Ratings of bai muajjal receivable, term deposit receipts, commercial papers and sukuk certificates have been disclosed in related notes to financial statements.

20.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. Despite the high concentration of credit risk as stated above, the Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear interest at commercial rates. However, no borrowing was required to be obtained by the Fund during the current period.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the period.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

2022						
Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than 5 years	Financial Instruments with no fixed maturity	Total

21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the "Statement of Assets and Liabilities" date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

21.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

2022				
	Level 1	Level 2	Level 3	Total
(Rupees)				
At fair value through profit or loss				
Commercial papers*	-	-	-	-
Bai muajjal receivable*	-	-	-	-
Term deposit receipts**	-	-	-	-
Short term sukuk certificates**	-	1,350,000,000	-	1,350,000,000
	-	1,350,000,000	-	1,350,000,000
2021				
	Level 1	Level 2	Level 3	Total
(Rupees)				
At fair value through profit or loss				
Commercial papers*	-	675,298,097	-	675,298,097
Bai muajjal receivable*	-	1,040,439,154	-	1,040,439,154
Term deposit receipts**	-	490,000,000	-	490,000,000
Short term sukuk certificates**	-	225,000,000	-	225,000,000
	-	2,430,737,251	-	2,430,737,251

* The valuation of commercial papers and Bai Muajjal receivable have been carried out based on amortisation to their face values / sale price as per the guidelines given in Circular 33 of 2012 since the residual maturity of these investments is less than six months and they are placed with counterparties which have high credit ratings.

** The carrying value of these securities approximate their fair value since these are short term in nature and are placed with counter parties which have high credit ratings.

During the year, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

22 UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the year.

23 SUPPLEMENTARY NON FINANCIAL INFORMATION

(iii) PARTICULARS OF MEMBERS OF THE INVESTMENT COMMITTEE

Following are the members of the Investment Committee of the Fund:

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

Alfalsh Consumer Index Exchange Traded Fund

Annual Fund Manager`s Report

Type of Fund

Exchange Traded Fund

Category of Fund

Conventional Stock Scheme

Investment Objective

Alfalsh Consumer Index Exchange Traded Fund (ACIETF) is an open-ended scheme that is traded on Pakistan Stock Exchange and shall aim to track the performance of the Benchmark index. The index shall be periodically re-balanced & reconstituted as specified in the offering document in order to provide long-term capital appreciation and dividends yield to the investors.

Accomplishment of Objective

The Fund has strived to achieve its objective as it provided the unit holders a competitive and attractive return as compared to peer funds.

Equity Market Review

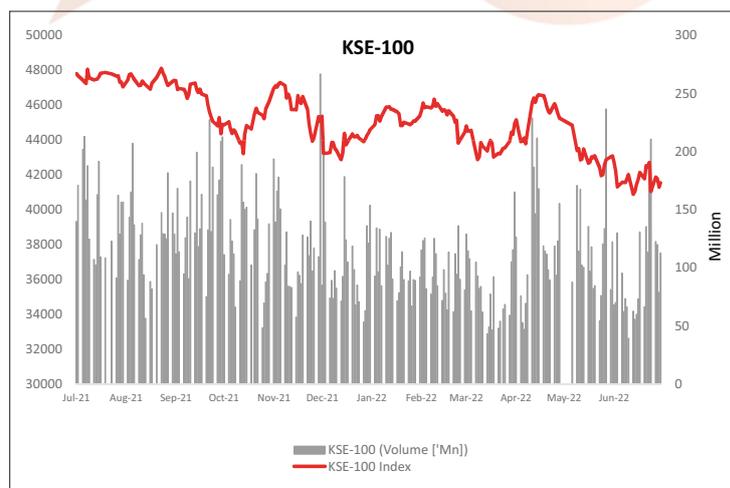

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

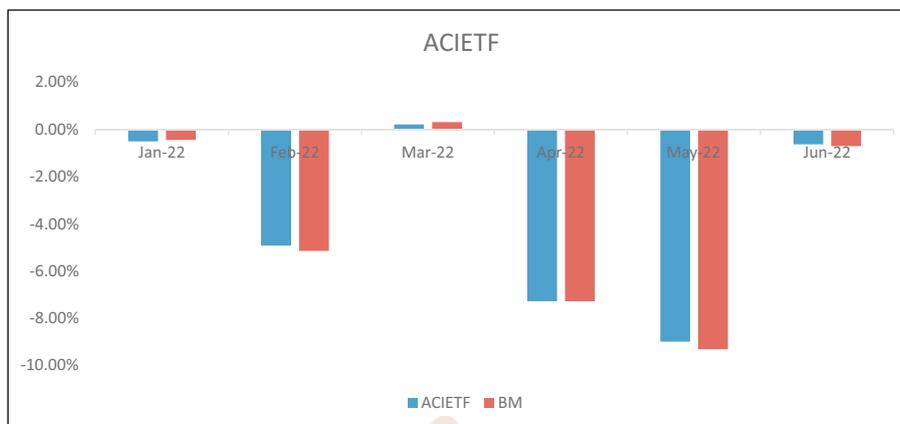

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mm from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

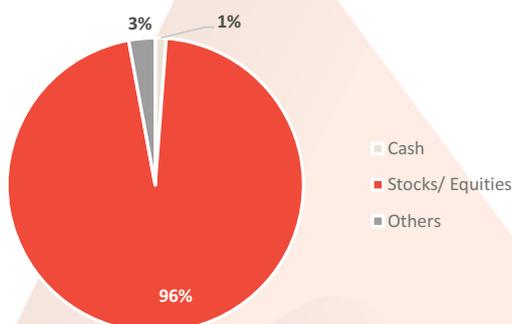

Fund Performance

During FY22, ACIETF earned a negative return of -20.5% versus the benchmark Alfalah Consumer Index has a negative return of -21.06% during the same period. Since Inception date of Fund is 14-Jan-2022.

Asset Allocation (as at 30 Jun 2022)

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH CONSUMER INDEX EXCHANGE TRADED FUND

**Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the
Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah Consumer Index Exchange Traded Fund (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the period from January 17, 2022 to June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Alfalah Consumer Index Exchange Traded Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah Consumer Index Exchange Traded Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the period from January 17, 2022 to June 30, 2022, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the period from January 17, 2022 to June 30, 2022 in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer note 4 and 5 to the financial statements)	
	<p>The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 54.486 million and bank balances aggregated to Rs. 1.045 million.</p> <p>The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> ▪ Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; ▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and ▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

ALFALAH CONSUMER INDEX EXCHANGE TRADED FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM JANUARY 17, 2022 TO JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Alfalah Consumer Index Exchange Traded Fund (the Fund) is an open-end collective investment scheme established through a Trust Deed under the Sindh Trust Act, 2020, executed between Alfalah GHP Investment Management Limited, (the Management Company) and Central Depository Company of Pakistan Limited, (the Trustee). The Trust Deed was executed on August 24, 2021, and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the NBFC (Establishment and Regulation) Rules, 2003 (NBFC Rules).

The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on May 4, 2020 which is valid for a period of three years w.e.f. March 9, 2020. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen City, Block 4, Clifton, Karachi.

1.2 The Fund is a hybrid type of Fund having features of both open and closed end funds. A new concept of "Authorised Participants "APs" has been introduced who will act as market makers. The Management Company will only have contact with the APs for issuance and redemption of units. The units of the Fund are tradeable in the Pakistan Stock Exchange Limited (PSX). The APs to whom the units are issued may either keep the units with themselves or trade in the PSX. Consequently, upon trading, the holder of the units keeps on changing. Moreover, on issuance and redemption of units, the basket of shares will be exchanged between AP and Management Company and cash will be paid / received if there is a difference in the applicable net asset value of a creation unit and the market value of the portfolio deposit.

1.3 The Fund commenced its operations from January 17, 2022. The Fund is categorised as a 'Exchange Traded Fund (ETF)' and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund. The par value per unit of the Fund is Rs. 10. The title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

1.4 The Fund aims to provide investors an opportunity to track the performance of Alfalah Consumer Index (ACI) that has been constituted and is maintained by the Management Company, and comprises of consumer focused companies upto a maximum of 20 stocks.

1.5 The Pakistan Credit Rating Agency (PACRA) Limited has assigned an asset manager rating of AM2+ (stable outlook) dated March 03, 2022 to the Management Company.

1.6 As per the offering document approved by the SECP, the accounting period, in case of the first such period, shall commence from the date on which the trust property is first paid or transferred to the Trustee. Accordingly, these financial statements have been prepared from January 17, 2022.

1.7 These are the first financial statements of the Fund for the period from January 17, 2022 to June 30, 2022 therefore, comparative figures have not been presented.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not detailed in these financial statements.

2.3 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements relate to classification and valuation of financial instruments (notes 3.2 and 5).

2.4 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured 'at fair value through profit or loss' category which are stated at fair value.

2.5 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.2.2 Classification and subsequent measurement

3.2.2.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.2.3 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted around that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.2.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.7 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over a period of 5 years in accordance with the requirements set out in the Trust Deed of the Fund.

3.8 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the period end.

3.9 Issue and redemption of units

Authorised Participants (APs) can purchase the units at the offer price and redeem at the redemption price at any of the authorised distribution offices during business hours.

The offer price shall be equal to the sum of:

- The Net Asset Value (NAV) as of the close of the previous business day (historical pricing); and
- Such amount as the Management Company may consider an appropriate provision for duties and charges.

Units of the Fund may be acquired or redeemed directly from the Fund only in Creation Units lot size or multiples thereof as mentioned in the Offering Document. Investors can sell the units at market prices on PSX which may be above or below actual NAV of the Fund.

3.10 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company.

Distributions declared subsequent to the period end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.11 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period.

As clarified by the SECP vide its letter no. SCD/AMCW/ETF/240/2020 dated March 2, 2020 that element of income in case of Exchange Traded Funds shall be taken to Income Statement both at the time of issuance and redemption of units to the extent it pertains to Income Statement.

3.12 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise;
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the commencement of book closure of the investee company / institution declaring the dividend; and
- Profit on bank balances is recognised on an accrual basis.

3.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.14 Earnings per unit

Earnings per unit is calculated by dividing the net income for the period after taxation of the Fund by the weighted average number of units outstanding during the period.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

	Note	2022 (Rupees)
4 BANK BALANCES		
In savings accounts	4.1	<u>1,045,138</u>

- 4.1 These accounts carry profit rates of 16.60% per annum. These include bank balance of Rs. 0.108 million which is maintained with Bank Alfalah Limited (a related party).

		<u>68,613</u>
9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund at the rate of 0.1% per annum of net assets of the Fund.		
9.2 During the period, an amount of Rs. 0.004 million was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.003 million was paid to the Trustee which acts as a collecting agent.		
10 ANNUAL FEE PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2022 (Rupees)
Annual fee payable	10.1	<u>5,531</u>

- 10.1 Under the provisions of the NBFC Regulations, a collective investment scheme is required to pay as annual fee to the SECP, an amount equal to 0.02% of the average annual net assets of the Fund.

11 ACCRUED AND OTHER LIABILITIES	2022 (Rupees)
Auditors' remuneration payable	99,993
Withholding tax payable	687
Printing charges payable	29,999
	<u>130,679</u>

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022.

13 AUDITORS' REMUNERATION	For the period from January 17, 2022 to June 30, 2022 (Rupees)
Audit fee	83,481
Out of pocket expenses	5,009
Sindh sales tax	11,504
	<u>99,993</u>

14 TOTAL EXPENSE RATIO

The annualised Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 1.27% which includes 0.04% representing government levies on the Fund such as sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an index tracking scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund has not recorded any tax liability as the Fund has incurred a net loss for the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

16 TRANSACTIONS WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at terms determined in accordance with market rates. The management considers that the transactions between the related parties / connected persons are executed in accordance with the parameters defined in the Offering document, trust deed and NBFC regulations which are publicly available documents and hence, the transactions are considered to be on an arm's length basis.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / profit rate risk and price risk.

18.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

18.1.2 Yield / profit rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The profit rate profile of the Fund's profit bearing financial instruments, as at June 30, 2022, is as follows:

	2022
	(Rupees)
Variable rate instruments (financial assets)	
Bank balances	1,045,138

a) Sensitivity analysis for variable rate instrument

Presently, the Fund has bank balances which expose the Fund to variable rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the impact would have been immaterial. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

The Fund does not have any investment in fixed rate instrument as of June 30, 2022 therefore it is not exposed to any fair value profit rate risk.

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

2022					
Effective yield / profit rate	Exposed to yield / profit risk			Not exposed to yield / profit rate risk	Total
	Upto three months	More than three months and up to one year	More than one year		
(Rupees)					
On-balance sheet financial instruments					
Financial assets					
Bank balances	16.60%	1,045,138	-	-	1,045,138
Investments		-	-	54,485,772	54,485,772
Security deposit		-	-	100,000	100,000
Advance, dividend and other receivable		-	-	58,464	58,464
Sub total		1,045,138	-	54,644,236	55,689,374
Financial liabilities					
Payable to Alfalah GHP Investment Management Limited - Management Company		-	-	1,150,567	1,150,567
Payable to Central Depository Company of Pakistan Limited - Trustee		-	-	68,613	68,613
Accrued and other liabilities		-	-	129,992	129,992
Sub total		-	-	1,349,172	1,349,172
On-balance sheet gap		1,045,138	-	53,295,064	54,340,202
Total interest rate sensitivity gap		1,045,138	-	53,295,064	54,340,202
Cumulative interest rate sensitivity gap		1,045,138	1,045,138	1,045,138	

18.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price arising from the Fund investments in equity securities. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Fund's constitutive documents, the NBFC regulations and circulars issued by the SECP time to time.

The table below summarizes the sensitivity of the Fund's net assets attributable to unit holders to the equity price movements as at June 30, 2022. The analysis is based on the assumption that the KSE index increased / decreased by 1%, with all other variables held constant and that the fair value of the Fund's portfolio of equity securities moved according to their historical correlation with the index. This represents managements' best estimate of a reasonable possible shift in the KSE index, having regard to the historical volatility of the index of the past three years.

At June 30, 2022, the fair value of equity securities exposed to price risk was disclosed in note 5.1.

Effect due to increase / decrease in KSE 100 index

	2022 (Rupees)
Investment and net assets	544,858
Income statement	544,858

	2022	
	Balance as per statement of assets and	Maximum exposure to credit risk
	(Rupees)	
Bank balances	1,045,138	1,045,138
Investments	54,485,772	-
Security deposit	100,000	100,000
Advance, dividend and other receivable	58,464	58,464
	<u>55,689,374</u>	<u>1,203,602</u>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2022 is the carrying amount of the financial assets. Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in listed equity securities of Rs 54.486 million are not exposed to credit risk.

No financial assets were considered to be past due or impaired as at June 30, 2022.

18.2.2 Credit quality of financial assets

The Fund held bank balances as at June 30, 2022 with banks having following credit ratings:

Banks	Rating agency	Rating (Short Term / Long Term)	2022
			% of financial assets exposed to credit risk
Allied Bank Limited	PACRA	A1+ / AAA	89.67%
Bank Alfalah Limited	PACRA	A1+ / AA+	10.33%
			<u>100.00%</u>

Above ratings are on the basis of available ratings assigned by PACRA as of June 30, 2022.

18.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. Despite the high concentration of credit risk as stated above, the Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

18.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear profit at commercial rates. However, no borrowing was required to be obtained by the Fund during the current period.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the period.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

----- 2022 -----						
Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than 5 years	Financial Instruments with no fixed maturity	Total
----- (Rupees) -----

Net financial (liabilities) / assets	(245,570)	-	-	-	54,585,772	54,340,202

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the "Statement of Assets and Liabilities" date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

19.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

	2022			
	Level 1	Level 2	Level 3	Total
	(Rupees)			
At fair value through profit or loss				
Investment in Listed equity securities	54,485,772	-	-	54,485,772

During the period from January 17, 2022 to June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

21 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

22 GENERAL

Figures have been rounded off to the nearest rupee.

23 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue on August 25, 2022 by the Board of Directors of the Management Company.

ALFALAH GHP ISLAMIC PROSPERITY PLANNING FUND - II

Annual Fund Manager`s Report

Type of Fund

Open-end Scheme

Category of Fund

Shariah Compliant Fund of Funds Scheme

Investment Objective

Alfaláh GHP Islamic Prosperity Planning Fund is an Open-ended Shariah Complaint Fund of Funds Scheme that aims to generate returns on investment as per the respective Allocation Plan by investing in Shariah complaint Mutual funds in line with the risk tolerance of the investor.

Accomplishment of Objective

The Fund has achieved its objective of generating higher return by investing in a mix of underlying fixed income and equity based mutual funds within the guidelines provided under NBFC rules.

Equity Market Review:

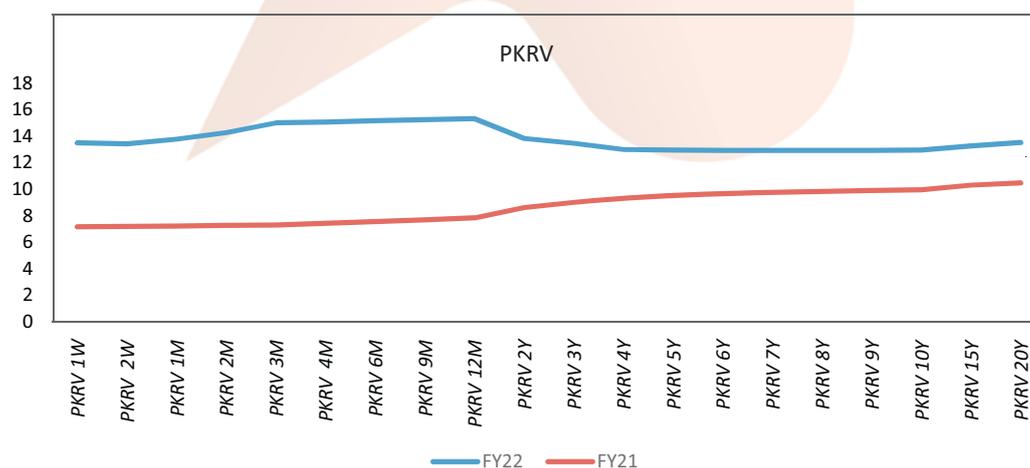

Pakistan is expected to post GDP growth of 5.97% during FY22 against 5.74% in FY21.

Extraordinarily high commodity and energy prices along with adjustment in petroleum products and utility tariffs in accord with the IMF program, has resulted in inflation to average at 12.43% for FY22, while the expectation for FY23 is between 20%-22% till the high base effect kicks in early FY24.

In response to rising inflationary pressures due to mounting commodity prices and increased economic activity, the Central Bank has already hiked policy rate by almost 800bps to 15% from September 2021 (13.75% at June 30, 2022). With the latest hike of 125bps in board meeting held on July 07, 2022, the Central Bank expects that increased interest rates will a) result in slowdown in economic activity, b) prevent de-anchoring of inflation expectations and c) provide support to PKR.

Similar movement has been witnessed in secondary market yields as they have increased by average 8.1% for 1W to 12M tenor bills. While the overall yield curve is currently inverted reflecting market participants' expectations of decline in rates in the long term.

The next monetary policy is scheduled on August 22, 2022, where the market expects another hike in the policy rate as inflation is expected to remain elevated for whole of FY23, fueled by removal of subsidy on petroleum products and increase in utility tariffs.

Equity Market Review

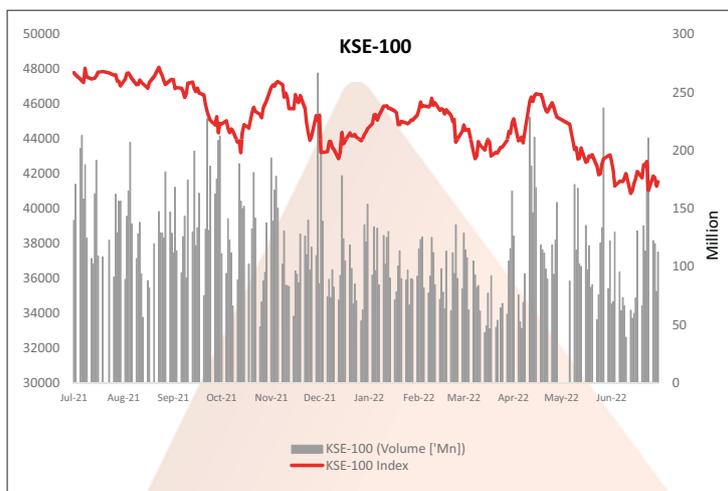

During FY22, the benchmark index posted a negative return of 12.28% on account of deteriorating economic indicators. The index remained range bound during the year as it peaked at 48,112 level in Aug'21, however closed at a much lower level of 41,541 points.

The unprecedented hike in commodity and energy prices specially post Russia-Ukraine war resulted in worsening Current Account Deficit, swelling inflation, an enormous rise in interest rates, weakening PKR and depleting FX reserves. Moreover, the budget for FY23 also turned out a negative event for the Equity market as the Government increased taxes on Corporates and a one off Poverty alleviation tax of 10% was also imposed on sectors with high profitability.

Despite record profitability posted by companies in the benchmark index in FY22, the above mentioned factors kept investors away from the Equity market as average trading volume of KSE-100 index also declined by 56%YoY to 115.08 million shares. Fertilizer and Chemical sectors contributed to the index the most, as investors jumped to sectors with stable demand, high dividend yield and USD pegged revenues in case of the Chemical sector, while Cement sector contributed most negatively to the index due to a record increase in fuel prices and concerns of weakening demand in future as manufacturers looked to pass on the impact of cost pressures.

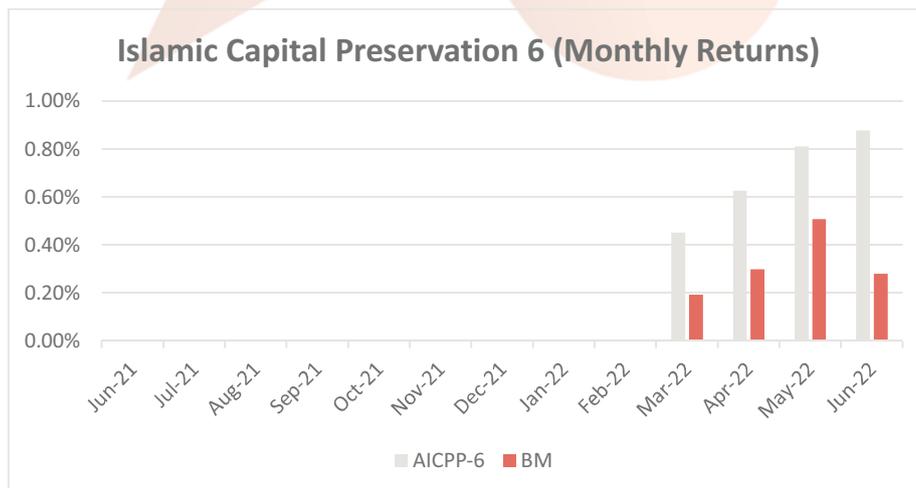

Moreover, MSCI reclassified Pakistan from the Emerging Markets to Frontier Markets Index and as a result, foreigners divested USD 295mn from Pakistani equities during FY22. Individuals were the major buyers followed by Banks/DFIs.

Going forward, we believe that the resumption of the stalled IMF program and clarity on the political front will provide much more confidence to the investors to jump back into Equity, as the market is currently trading at a very lucrative valuation i.e. forward PE of 4-4.5 for KSE 100 index.

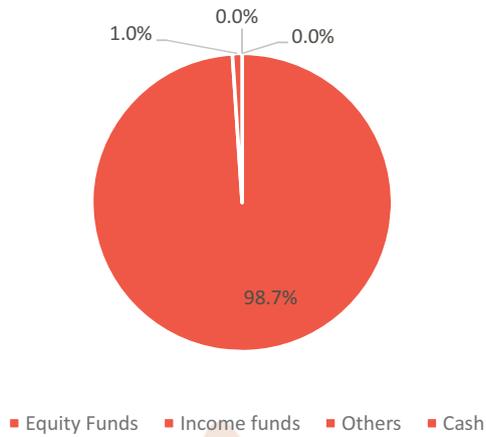

(Alfalah Islamic Capital Preservation Plan 6).

During the period under review, Alfalah Islamic Capital Preservation Plan 6 - Balanced posted a return of 2.80% as compared to its benchmark of 1.29%.

Asset Allocation as at Jun 30, 2022

- **Description and explanation of any significant changes in the state of affairs of the Collective Investment Scheme during the period and up till the date of the manager's report, not otherwise disclosed in the financial statements**
There were no significant changes in the state of affairs during the year under review.
- **Disclosure on unit split (if any), comprising:-**
There were no unit splits during the period.
- **Disclosures of circumstances that materially affect any interests of unit holders**

TRUSTEE REPORT TO THE UNIT HOLDERS

ALFALAH GHP ISLAMIC PROSPERITY PLANNING FUND - II

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Alfalah GHP Islamic Prosperity Planning Fund - II (the Fund) are of the opinion that Alfalah GHP Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the period from March 11, 2022 to June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

SHARIAH REVIEW REPORT

ALFALAH GHP ISLAMIC PROSPERITY PLANNING FUND-2

We, the Shariah Advisors of the Alfalah GHP Islamic Prosperity Planning Fund-2 ('AGIPPF-2') managed by Alfalah GHP Investment Management Limited, are issuing this report in accordance with the Trust Deed and Offering Document of the said Fund. The scope of the report is to express an opinion on the Shariah Compliance of the Fund's activities.

It is the responsibility of the Management Company of the said Fund to establish and maintain a system of internal controls to ensure compliance with issued Shariah guidelines. As a Shariah Advisors our responsibility is to express an opinion, based on our review of the representations made by the management, to the extent where such compliance can be objectively verified.

In the capacity of Shariah Advisor of the Fund, we have checked following avenues presented to us by the Management in which AGIPPF-2 made Investment during the period from its launch date i.e. March 14, 2022 to June 30, 2022.

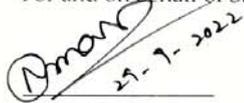

Investment Head	Investment Avenue
Shariah Compliant Funds	Alfalsh GHP Islamic Dedicated Equity Fund Alfalsh GHP Islamic Income Fund Alfalsh GHP Islamic Rozana Amdani Fund

We hereby certify that the Investments made by the Funds are in Compliance with Shariah principles.

According to the instructions, if any income is earned by the Fund from the investments whereby a portion of income of such investment has been derived from prohibited sources, such proportion of income of the Fund should be donated to charitable purposes. However, during the year ended June 30, 2022, no such income is earned.

May Allah bless us with Tawfeeq to accomplish these cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

For and on behalf of Shariah Advisory Board.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Alfalah GHP Islamic Prosperity Planning Fund - II

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alfalah GHP Islamic Prosperity Planning Fund - II (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the period from March 11, 2022 to June 30, 2022, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the period from March 11, 2022 to June 30, 2022 in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the financial statements)	
	<p>The bank balances and investments constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2022 amounted to Rs. 157,388 million and bank balances aggregated to Rs. 0.256 million.</p> <p>The existence and proper valuation of investments and existence of bank balances for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Alfa

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

ALFALAH GHP ISLAMIC PROSPERITY PLANNING FUND - II
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM MARCH 11, 2022 TO JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** Alfalah GHP Islamic Prosperity Planning Fund II was established under a Trust Deed between Alfalah GHP Investment Management Limited (the Management Company) and Central Depository Company of Pakistan Limited (the Trustee). The Trust Deed was executed on August 21, 2021 and was approved by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the NBFC (Establishment and Regulation) Rules 2003 (NBFC Rules).

The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate issued by the SECP on March 9, 2017. The registered office of the Management Company is situated at 8-B, 8th floor, Executive tower, Dolmen city, Block 4, Clifton, Karachi.

- 1.2** The objective of the Fund is to generate returns on investment as per the respective Allocation Plan by investing in collective investment schemes in line with the risk tolerance of the investor. The duration of the fund is perpetual, however, allocation plans may have a set time frame. Presently, the fund offers following allocation plans :

a. Alfalah Islamic Capital Preservation Plan – 6 (AICPP-6) : The initial maturity of plan is two (2) years from the close of subscription period.

- 1.3** The Fund commenced its operations from March 11, 2022. The Fund is categorised as a 'Shariah Compliant Fund of Funds Scheme' pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

- 1.4** The Pakistan Credit Rating Agency (PACRA) Limited has assigned an asset manager rating of AM2+ (stable outlook) dated March 03, 2022 to the Management Company.

- 1.5** As per the offering document approved by the SECP, the accounting period, in case of the first such period, shall commence from the date on which the trust property is first paid or transferred to the Trustee. Accordingly, these financial statements have been prepared from March 11, 2022.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the requirements of IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.3 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan, requires the management to make estimates, judgments and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are revised on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements relate to classification, impairment and valuation of financial instruments (notes 3.2 and 5).

2.4 Accounting convention

These financial statements have been prepared under the historical cost convention, except for investments measured 'at fair value through profit or loss' category which are stated at fair value.

2.5 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The short term investments are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the "Income Statement".

3.2.2 Classification

Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost;
- at fair value through other comprehensive income (FVOCI); or
- at fair value through profit or loss (FVTPL)

based on the business model of the entity.

The investments of the Fund includes investments in units of mutual funds which are categorised as puttable instruments and are mandatorily required to be classified as fair value through profit or loss.

3.2.3 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

a) 'Financial assets at fair value through profit or loss'

Basis of valuation in the units of mutual funds

The investments of the Fund in the collective investment scheme are valued on the basis of daily net assets value (NAV) announced by the management company.

The fair value of financial instruments i.e. investment in mutual funds is based on their net asset value at the reporting date without any deduction for estimated future selling costs.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

3.2.4 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted around that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

3.2.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the "Income Statement".

3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the "Income Statement".

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the "Statement of Assets and Liabilities" when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

3.7 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over a period of 5 years in accordance with the requirements set out in the Trust Deed of the Fund.

3.8 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the period end.

3.9 Unit holders' Fund

Unit holders' Fund of each allocation plan representing the units issued by each respective sub fund separately, is carried at the redemption amount representing the investors' right to a residual interest in the respective sub fund's net assets.

3.10 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price prevalent on the date on which the Management Company receives redemption applications during business hours on that date. The redemption price represents NAV as on the close of business day, less any duties, taxes, charges on redemption and provision for transactions costs, if applicable.

3.11 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the period also includes portion of income already paid on units redeemed during the period.

Distributions declared subsequent to the period end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.12 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net asset value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.13 Revenue recognition

- Gains or losses arising on sale of investments classified as financial assets at 'fair value through profit or loss' are recognised in the "Income Statement" at the date on which the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognized when the Fund's right to receive the same is established. i.e. on the commencement of date of book closure of the investee Fund declaring the dividend.
- Profit on bank balances is recognised on an accrual basis.

3.14 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee to the SECP are recognised in the "Income Statement" on an accrual basis.

3.15 Earnings per unit

Earnings per unit is calculated by dividing the net income for the period after taxation of the Fund by the weighted average number of units outstanding during the period.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the "Income Statement".

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 0.99% which includes 0.03% representing government levies on the Fund such as provision against Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the period from March 11, 2022 to June 30, 2022 to the unit holders in the manner as explained above, therefore, no provision for taxation has been made in these financial statements.

16 TRANSACTIONS WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons include Alfalah GHP Investment Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee of the Fund, GHP Beteiligungen Holding Limited, Bank Alfalah Limited, MAB Investment Incorporation, Bank Alfalah Limited - Employees' Provident Fund, Bank Alfalah Limited - Employees' Gratuity Fund and Alfalah GHP Investment Management Limited - Staff Provident Fund being the associates of the Management Company, Funds under management of the Management Company and directors and their close family members and key management personnel of the Management Company. Connected persons also includes any person beneficially owning directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, other charges, sale and purchase of investment and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Details of transactions and balances with related parties / connected persons, other than those which have been disclosed elsewhere in these financial statements, are as follows:

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, yield / profit rate risk and price risk.

18.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

18.1.2 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. The profit rate profile of the Fund's profit bearing financial instruments, as at June 30, 2022, is as follows:

	June 30, 2022
	AICPP – 6
	(Rupees)
Variable rate instruments (financial assets)	
Bank balances	255,625
	<u>255,625</u>

a) Sensitivity analysis for variable rate instrument

Presently, the Fund has KIBOR based bank balances which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the period and net assets of the Fund would have been higher / lower by Rs 0.003 million. The analysis assumes that all other variables remain constant.

b) Sensitivity analysis for fixed rate instrument

The Fund does not have any investment in fixed rate instrument as of June 30, 2022 therefore it is not exposed to any fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

Effective yield / profit rate	2022				Total
	Exposed to yield / profit risk			Not exposed to yield / profit rate risk	
	Upto three months	More than three months and up to one year	More than one year		

(Rupees)

Cumulative interest rate sensitivity gap

255,625	255,625	255,625		
---------	---------	---------	--	--

18.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2022.

18.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligations as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

18.2.1 Exposure to credit risk

The table below analyses the Fund's maximum exposure to credit risk:

	2022	
	AICPP - 6	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	----- (Rupees) -----	
Bank balances	255,625	255,625
Investments	157,387,646	-
Profit receivable	59,998	59,998
	<u>157,703,269</u>	<u>315,623</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in units of mutual funds are not exposed to credit risk.

The maximum exposure to credit risk before any credit enhancement as at June 30, 2022 is the carrying amount of the financial assets.

No financial assets were considered to be past due or impaired as at June 30, 2022.

18.2.2 Credit quality of financial assets

The Fund held bank balances as at June 30, 2022 with banks having following credit ratings:

Banks	Rating agency	Rating (Short Term / Long Term)	2022 % of financial assets exposed to credit risk
Alfalsh Islamic Capital Preservation Plan – 6			
Allied Bank Limited	PACRA	A1+ / AAA	66.78%
Bank Alfalah Limited	PACRA	A1+ / AA+	33.22%
			<u>100.00%</u>

Above ratings are on the basis of available ratings assigned by PACRA as of June 30, 2022.

Ratings of other instruments have been disclosed in related notes to financial statements.

18.2.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect the groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. Despite the high concentration of credit risk as stated above, the Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

18.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. The facility would bear profit at commercial rates. However, no borrowing was required to be obtained by the Fund during the current period.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the period.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month.

----- 2022 -----

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the "Statement of Assets and Liabilities" date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

19.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

2022			
Level 1	Level 2	Level 3	Total

(Rupees)

Alfalah Islamic Capital Preservation Plan – 6

At fair value through profit or loss

- Open end mutual funds - Quoted	-	157,387,646	-	157,387,646
	-	157,387,646	-	157,387,646

During the period from March 11, 2022 to June 30, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund is an open end collective investment scheme. The unit holders' fund of open end schemes is represented by net assets attributable to unit holders. The risk in case of an open end scheme is that the amount of net assets attributable to unit holders can change significantly on daily basis as the Fund is subject to daily issuance and redemption of units at the discretion of the unit holders and occurrence of unexpected losses in investment portfolio which may cause adverse effects on the Fund's continuation as a going concern.

The Fund's objective when managing net assets attributable to unit holders is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of unit holders' fund. In order to maintain or adjust the unit holder fund structure, the Fund performs the following:

- Monitors the level of daily issuance and redemptions relative to liquid assets;
- Redeems and issues units in accordance with the constitutive documents of the Fund, which include the ability to restrict redemptions as allowed under the rules and regulations; and
- Monitors portfolio allocations and return on net assets and where required makes necessary adjustments in portfolio allocations in light of changes in market conditions.

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically monitor capital of the Fund on the basis of the value of net assets attributable to the unit holders and track the movement of "Assets under Management" as well as returns earned on the net assets to maintain investors' confidence and achieve future growth in business. Further, the Board of Directors is updated about the Fund's yield and movement of net asset value and total size at the end of each quarter.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Fund.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme. The Fund has maintained minimum size of one hundred million rupees at all times during the period from March 11, 2022 to June 30, 2022.

21 SUPPLEMENTARY NON FINANCIAL INFORMATION

The information regarding unit holding pattern of the Fund, top ten brokers of the Fund, members of the Investment Committee, fund manager, meetings of the Board of Directors as required under Schedule V of the NBFC Regulations has been disclosed in the Annexure to the financial statements.

22 GENERAL

Figures have been rounded off to the nearest rupee.

Nabeel Malik
Noman Soomro
Muddasir Ahmed Shaikh
Shariq Mukhtar Hashmi
Mustafa Kamal
Jawad Shamim, CFA
Wahaj Ahmed
Hussain Salim Syani, CFA

Nabil Malik – CEO

Mr Malik is the Chief Executive at Alfalah GHP Investment Management Limited. Prior to ascending to his current role he had been serving as the Chief Investment Officer of the Company. Mr Malik has remained a key executive of the senior management team since the merger of the Company with IGI Funds in 2013. He has remained part of Investment Committees for both Mutual funds and Advisory mandates and has played an instrumental role in the growth of the organization. He brings with him a rich and diversified experience of over eighteen years in the field of Investment Management & and Advisory.

Prior to becoming a part of the Alfalah GHP team, he was associated with IGI Funds Ltd, and earlier at distinguished organizations like Pak Oman Asset Management Co & Pak Kuwait Investment Co.

Mr. Malik has done his MBA from SZABIST and holds a B. Sc. degree in Computing & I.T.

Noman Soomro

Mr. Soomro is a qualified Chartered Accountant from the Institute of Chartered Accountant of Pakistan (ICAP). Prior to joining Alfalah GHP Investment Management Limited, he was Chief Financial Officer & Company Secretary of HBL Asset Management Limited for seven years. During his tenor as CFO, he was responsible for all financial and fiscal management aspects of Company operations and Mutual Funds/Pension Schemes under management of the Company. The job also included providing leadership and coordination in the administrative, business planning, strategy, accounting, taxation and budgeting efforts of the Company. Before HBL Asset Management Limited, he was working at A F Ferguson Chartered Accountants; a member firm of PricewaterhouseCoopers (PwC). During his five years at A.F Ferguson with the Assurance and Business Advisory Services of the firm, he conducted audits of major financial institutions of Pakistan including local and foreign commercial banks, mutual funds, modarbas, housing finance company and leasing companies. He was also a key member of the team which conducted pre-acquisition Financial and Taxation Due Diligence Review of a commercial bank in Pakistan. Mr. Soomro has also conducted Internal Audit reviews of a large commercial bank and a foreign bank, where the responsibilities included reporting on effectiveness and efficiency of internal audit department, and independent reporting on internal control weaknesses.”

Shariq Mukhtar Hashmi

Mr. Hashmi holds a diversified experience of over 11 years with various private sector enterprises of repute. He joined IGI Funds Limited (which subsequently merged into Alfalah GHP Investment Management Limited in Oct. 2013) in 2010 to lead the back office function as Head of Operations & Settlements. His association has continued, post-merger, as Head of Compliance & Risk Management. He has previously served National Asset Management Company as Head of Internal Audit and Feroze Sharif Tariq & Co Chartered Accountants in various capacities. He has also headed the Internal Audit Department of the Company. Mr. Hashmi is a qualified Accountant from the Association of Chartered Certified Accountants, UK and holds MBA degree in Finance from SZABIST University. He is also enrolled for Financial Risk Manager Certification of Global Association of Risk Professionals; USA.

Muddasir Ahmed Shaikh

Mr. Shaikh is heading the Equity Investments team at Alfalah Investments. He has been an integral part of the team since 2007 and holds about two decades of professional experience. He joined the Investment Management Industry in 2004, right after his graduation with an MBA degree. Over the years, he has served various public and private financial institutions of repute. He started his career as Research Analyst and has progressed over the year to higher levels in portfolio management.

Mr. Shaikh is an Alumni of the prestigious Institute of Business Administration, Karachi (IBA).

Mr. Mustafa Kamal

Mr. Mustafa Kamal has more than 18 years of work experience in the investment management profession out of which he has been associated with the Mutual Fund Industry for over 15 years. Prior to joining Alfalah Investments, he was working as a Chief Investment Officer with Pak Oman Asset Management Limited. Over the years, he has worked at companies like Askari Investments, National Fullerton Asset Management, Crescent Leasing & ORIX Investment Bank. He is an MBA with Majors in Finance.

Currently serving the company as a Head of Fixed Income Funds, Mr. Kamal is a key member of portfolio management team and a member of the investment committee for the mutual funds. During his career he has managed wide range of conventional and Islamic mutual funds schemes.

Wahaj Ahmed

Mr. Ahmed has more than 7 years' experience of managing Fixed Income portfolios. Prior joining to Alfalah GHP investment, he was serving as Fund Manager Fixed income funds at ABL Asset Management Company. During his career, he has also served other reputable institutions such as UBL Fund Managers and Summit Bank Ltd as a Dealer Fixed income Funds and Management Associate Financial Institutions.

Currently serving the company as a Fund Manager Fixed Income Funds, Mr. Ahmed is a part of the portfolio management team and a member of the investment committee for the mutual funds. During his career as portfolio manager, he has managed various conventional and Islamic fixed income mutual funds schemes.

Mr. Ahmed holds a Master's degree in Business Administration from Institute of Business Management, Karachi, and has also cleared CFA Level 1 Exam.

Hussain Salim Sayani

Mr. Hussain has vast experience of Investment management. Currently he is serving the company as Fund Manager equity Funds.

Mr. Hussain is qualified Chartered Financial Analyst (CFA) & Master's degree in Business Administration from Institute of Business Management (CBM).

(iv) ATTENDANCE AT MEETINGS OF BOARD OF DIRECTORS

مٹی مارکیٹ

مالی سال 22 کے دوران پاکستان کی جی ڈی پی نمو 5.97 فیصد متوقع ہے جبکہ مالی سال 21 کے دوران نمو 5.74 فیصد تھی۔

IMF پروگرام کے مطابق پیٹرولیم مصنوعات اور یوٹیلٹی ٹیرف میں ایڈجسٹمنٹ کے ساتھ اشیاء اور توانائی کی غیر معمولی قیمتوں کے نتیجے میں افراط زر کی شرح FY22 کے لیے اوسطاً 12.43% تک پہنچ گئی ہے، جب کہ FY23 کے لیے توقع 22%-20% کے درمیان ہے جب تک کہ FY24 کے اوائل میں اس کا اثر نہ شروع ہو جائے۔

اشیاء کی قیمتوں میں اضافے اور معاشی سرگرمیوں میں اضافے کی وجہ سے بڑھتے ہوئے افراط زر کے دباؤ کے جواب میں، مرکزی بینک نے پہلے ہی پالیسی شرح میں نمایاں اضافہ کر دیا ہے۔ اسی طرح کی حرکت ثانوی مارکیٹ کی پیداوار میں دیکھی گئی ہے کیونکہ ان میں 1W سے 12M ٹینور بلوں کے لیے اوسطاً 8.1% اضافہ ہوا ہے۔ جبکہ مجموعی پیداوار کا منفی خط اس وقت الٹا ہے جو طویل مدت میں شرحوں میں کمی کی مارکیٹ کے شرکاء کی توقعات کو ظاہر کرتا ہے۔

اگلی مانیٹری پالیسی 22 اگست 2022 کو شیڈول ہے، جہاں پالیسی شرح میں ایک اور اضافے کو خارج از امکان قرار دیا جاسکتا ہے کیونکہ پیٹرولیم مصنوعات پر سبسڈی کے خاتمے اور یوٹیلٹی ٹیرف میں اضافے کی وجہ سے پورے مالی سال 23 میں افراط زر کے بلند رہنے کی توقع ہے۔

مالیاتی محاذ پر، گزشتہ سال کے مقابلے میں مالی سال 22 کے لیے ٹیکس ریونیو میں 29 فیصد کا زبردست اضافہ ہوا ہے، جو ایف بی آر کے ہدف سے 0.4 فیصد زائد ہے۔ مالی سال 22 کے ٹیکس ریونیو بریک اپ کے مطابق، براہ راست ٹیکس ریونیو میں 31 فیصد اضافہ ہوا ہے جبکہ ڈیوٹیز اور سلیز ٹیکس سمیت بالواسطہ ٹیکسوں میں 28 فیصد اضافہ ہوا ہے۔ معاشی سرگرمیوں میں نمو، پوائنٹ آف سلیز کا نفاذ، ٹریک اینڈ ٹریل سسٹم اور ایشیا کی قیمتوں میں اضافہ اس کارنامے کے حصول کی اہم وجوہات ہیں۔ مزید برآں، زیادہ ترقیاتی اخراجات اور Covid-19 اخراجات کے نتیجے میں مالیاتی خسارہ 22 MFY 11 کے لیے GDP کے 5.2% تک پہنچ گیا ہے جو گزشتہ سال کی اسی مدت کے لیے 3.9% تھا۔ حکومت کو توقع ہے کہ اس سال مالیاتی خسارہ جی ڈی پی کے 7.1 فیصد کے قریب رہے گا۔

ایکویٹی مارکیٹ کا جائزہ

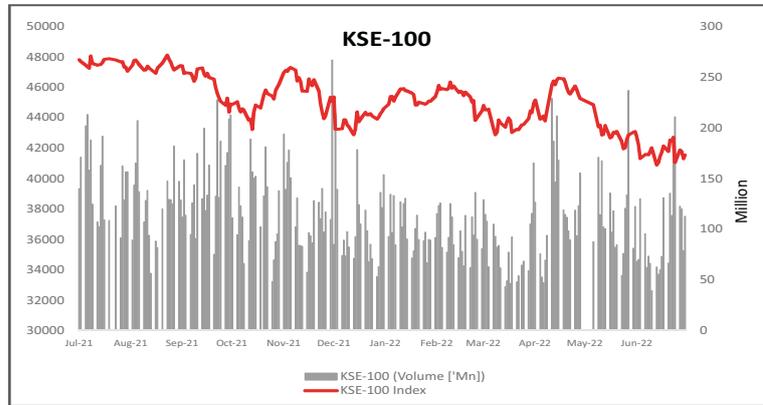

مالی سال 22 کے دوران، بگڑتے ہوئے معاشی اشاریوں کی وجہ سے بیچ مارک انڈیکس نے 12.28 فیصد کی منفی منفعت درج کی۔ سال کے دوران انڈیکس ریٹج باؤنڈ رہا کیونکہ یہ اگست 21 میں 48,112 کی بلند سطح پر پہنچ گیا تھا، تاہم 41,541 پوائنٹس کی بہت کم سطح پر بند ہوا۔

اجناس اور توانائی کی قیمتوں میں غیر معمولی اضافے کے نتیجے میں خاص طور پر روس یوکرائن جنگ کے بعد کرنٹ اکاؤنٹ خسارے میں اضافہ، افراط زر میں اضافہ، شرح سود میں بے پناہ اضافہ، پاکستانی روپیہ کمزور ہوا اور FX ذخائر کم ہو گئے۔ مزید برآں، مالی سال 23 کا بجٹ بھی ایکویٹی مارکیٹ کے لیے ایک منفی واقعہ ثابت ہوا کیونکہ حکومت نے کارپوریٹس پر ٹیکسوں میں اضافہ کر دیا اور زیادہ منافع والے شعبوں پر غربت کے خاتمے کا ایک ٹیکس بھی لگایا۔

مالی سال 22 میں کمپنیوں کی جانب سے بیچ مارک انڈیکس میں ریکارڈ منافع کے باوجود، مذکورہ بالا عوامل نے سرمایہ کاروں کو ایکویٹی مارکیٹ سے دور رکھا کیونکہ KSE-100 انڈیکس کا اوسط تجارتی حجم بھی 56% سالانہ کمی کے ساتھ 115.08 ملین شیئرز پر آ گیا۔ فریڈیلٹیز اور کیپٹل سیکٹرز نے انڈیکس میں سب سے زیادہ حصہ ڈالا، کیونکہ سرمایہ کاروں نے مستحکم طلب، زیادہ منافع کی پیداوار اور کیپٹل سیکٹرز کی صورت میں امریکی ڈالر کی متوقع آمدنی والے شعبوں میں جھلانگ لگائی، جبکہ سیمنٹ سیکٹرز نے ایندھن کی قیمتوں میں ریکارڈ اضافے اور مستقبل میں طلب کے کمزور ہونے کے خدشات کی وجہ سے انڈیکس میں سب سے زیادہ منفی کردار ادا کیا۔ کیونکہ مینوفیکچررز لاگت کے دباؤ کے اثرات سے گزرتے نظر آئے ہیں۔

مزید برآں MSCI نے پاکستان کی ابھرتی ہوئی مارکیٹوں سے فرنیچر مارکیٹس انڈیکس میں دوبارہ درجہ بندی کی اور اس تنزلی کے نتیجے میں، غیر ملکیوں نے FY22 کے دوران پاکستانی ایکویٹیز سے 295 ملین امریکی ڈالر کا اخراج کیا۔ بینکوں/DFIs کے بعد افراد اہم خریدار تھے۔

آگے بڑھتے ہوئے، ہمیں یقین ہے کہ تعطیل کے شکار آئی ایم ایف پروگرام کی بحالی اور سیاسی محاذ پر وضاحت سرمایہ کاروں کو ایکویٹی میں واپس آنے کے لیے بہت زیادہ اعتماد فراہم کرے گی، کیونکہ مارکیٹ اس وقت انتہائی منافع بخش قیمت یعنی KSE 100 انڈیکس کے لیے 4-4.5 کی فارورڈ پی ای پر تجارت کر رہی ہے۔

ڈائریکٹرز کی یونٹ ہولڈرز کو رپورٹ

برائے مختتمہ سال 30 جون 2022

بورڈ آف ڈائریکٹرز کی جانب سے، 30 جون 2022 کو ختم ہونے والے سال کے لئے میں الفلاح GHP اگم ٹی پلاز فنڈ (AGIMF)، الفلاح GHP کیش فنڈ (AGCF)، الفلاح GHP اسلامک اسٹاک فنڈ (AGISTF)، الفلاح GHP الفانڈ فنڈ (AGAF)، الفلاح GHP ویلیو فنڈ (AGVF)، الفلاح GHP سورجی فنڈ (AGSOF)، الفلاح GHP اگم فنڈ (AGIF)، الفلاح GHP اسٹاک فنڈ (AGSTF)، الفلاح GHP منی مارکیٹ فنڈ (AGMMF)، الفلاح GHP اسلامک اگم فنڈ (AGIIF)، الفلاح GHP پراسپیئرٹی پلاننگ فنڈ (AGPPF)، الفلاح GHP اسلامک پراسپیئرٹی پلاننگ فنڈ (AGIPPF)، الفلاح GHP اسلامک ڈیڈ ویلٹیڈ ایکویٹی فنڈ (AGIDEF)، الفلاح GHP اسلامک ویلیو فنڈ (AGIVF)، الفلاح اسلامک روزانہ آمدنی فنڈ (AIRAF)، الفلاح GHP اسلامک پراسپیئرٹی پلاننگ فنڈ (AGIPPF-II CP6) اور الفلاح کنزیومر اینڈ ایکس ایکچینج ٹریڈ فنڈ (ACIETF) کے مالیاتی گوشوارے پیش کرتے ہوئے خوشی محسوس کرتا ہوں۔

معاشی جائزہ

حکومت نے مالی سال 21 میں 5.74 فیصد کے مقابلے میں مالی سال 22 کے لیے جی ڈی پی کی شرح نمو 5.97 فیصد رہنے کا تخمینہ لگایا ہے۔ نیا پاکستان ہاؤسنگ اسکیم جیسے تعمیراتی شعبے کو فروغ دینے کے لیے حکومت اور اسٹیٹ بینک کے اقدامات اور اس شعبے کو قرض دینے کے لیے بینکوں کو لازمی حدیں تفویض کیے جانے کی وجہ سے جی ڈی پی کی نمو بلند رہی۔ مزید برآں، زرعی شعبے کے قرضوں میں اضافے، یوریا کی فروخت اور گنے، کپاس اور چاول جیسی اہم فصلوں کی پیداوار میں اضافے کی وجہ سے زرعی شعبہ بھی اچھی نمونہ دکھانے کے لیے تیار ہے۔

اقتصادی سرگرمیوں میں اضافے، اجناس کی پر جوش قیمتوں اور TERE کے تحت COVID-19 ویکسینز اور مشینری کی درآمد سمیت کچھ غیر معمولی درآمدات کی وجہ سے درآمدات میں بڑے پیمانے پر اضافہ کے نتیجے میں مالی سال 22 میں بیرونی کھاتوں کے دباؤ میں اضافہ ہوا ہے کیونکہ مالی سال 22 کے لیے CAD پچھلے سال کی اسی مدت میں 2.82 بلین امریکی ڈالر خسارے کے مقابلے میں 17.41 بلین امریکی ڈالر تک پہنچ گیا ہے۔ مزید برآں، ترسیلات زر، جو سفری پابندیوں کے پس منظر میں کلیدی معاون بنی ہوئی تھیں، کی اب رفتار کم ہونا شروع ہو گئی ہے، لہذا، رواں مالی سال کے لیے CAD جی ڈی پی کے 5% تا 4.5% تک پہنچ گیا، تاہم اس کا مطلب عالمی اجناس اور توانائی کی قیمتوں کی واپسی کو CAD کو مہلت فراہم کرنی چاہیے۔

ماہانہ CAD کے بھاری نمبروں کی وجہ سے، شرح مبادلہ کو بہت زیادہ دباؤ کا سامنا کرنا پڑا کیونکہ مئی 2021 کے مہینے کے دوران 152.2 پاکستانی روپے کی اپنی حالیہ بلندی سے 30 جون 2022 کو 204.85 تک تقریباً 26 فیصد کم ہو گیا۔ 239.94 کی ہمدوقی چٹائی سطح پر لیکن جون کے اختتام کے بعد سے 215.49 پر بحال ہو گیا ہے۔ اجناس اور توانائی کی قیمتوں میں کوئی بڑی کمی اور IMF پروگرام کا دوبارہ آغاز درمیانی مدت میں پاکستانی روپے کو مزید مدد فراہم کر سکتا ہے۔

مزید برآں، IMF کے رُکے ہوئے پروگرام کو دوبارہ شروع کرنے کے لیے بجلی کے نرخوں میں ایڈجسٹمنٹ کے ساتھ ساتھ اجناس اور توانائی کی غیر معمولی بلند قیمتوں نے نومبر 2021 اور اس کے بعد مہنگائی دوہرے ہندسوں کو عبور کرنے کا سبب بنی۔ IMF پروگرام کے مطابق پیٹرولیم مصنوعات اور یوٹیلٹی ٹیرف میں ایڈجسٹمنٹ کے ساتھ، FY23 کے لیے افراط زر اوسطاً 22% تا 20% کے درمیان متوقع ہے جب تک کہ FY24 میں ہائی بنیادی اثر شروع نہ ہو جائے۔ ایشیا کی بڑھتی ہوئی قیمتوں اور بڑھتی ہوئی معاشی سرگرمیوں کی وجہ سے بڑھتے ہوئے افراط زر کے دباؤ کے جواب میں، مرکزی بینک نے ستمبر 2021 سے پالیسی شرح کو تقریباً 800bps تک بڑھا کر 15% (30 جون 2022 کو 13.75%) کر دیا ہے۔ 07 جولائی 2022 کو منعقد ہونے والے بورڈ اجلاس میں 125bps کے حالیہ اضافے کے ساتھ، مرکزی بینک کو توقع ہے کہ شرح سود میں اضافہ (a) معاشی سرگرمیوں میں سست روی کا باعث بنے گا (b) افراط زر کی توقعات کو کم کرنے سے روکے گا اور (c) روپیہ کو مدد فراہم کرے گا۔
